Dear sir,

I am the holder of permit number 14,743 - to appropriate 1 cubic foot of the water of Vulcan Gulch in Owyhee County.

I received an extension from June 2, 1922 until October 15, 1922 - to file proof of Completion of Works.

I have had work done early in October but was unable to send in proof in the 12th of October and minnera owing to the Notaries in Jordan Valley both being occupied with the J. O. N.,

But I had meeting, taking place October 12, 13, and 14.

I desire a further extension until November 15th, if possible to file Proof of Completion, or if not to inquire how to proceed so as not to lose my rights

Respectfully Yours,

Dear Sir:

In reply to your letter of the 23rd inst.,
would say that in order to accept proof later than
June 2, it will be necessary for you to file appli-
cation for extension of time upon the inclosed blank.
I am also inclosing blank upon which to make proof
of completion of works, per your request. Statutory
fee of \$5.00 should accompany proof.

Dear Sir,

Your letter of June 8, 1922, returning my proof of completion of works, also money order for fees in sum of \$3.00.

In regard to my permit (No. 14743), will say I omitted to state that the NE $\frac{1}{4}$ and NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of section 7, township 8, S, Range 4 W. B.M. was rejected as being too rough for cultivation.

I hereby request one blank on which to make proof completion of works.

May say the reason for not sending in proof earlier was that I did not get works completed last year, was working all winter and could not get away earlier this year without much inconvenience to my employer.

Respectfully Yours,

Re: Permit No. 14743.

Mr. Norman J. MacKenzie,
Jordan Valley, Oregon.

Dear Sir:-

In checking your affidavit for proof of completion of works under the above permit I find that the description of the location of the point of diversion does not agree with the permit nor do the lands agree with the description given in the permit. The points of diversion in the record of the permit are in the SW¹NE¹ and SE¹NW¹₄, Sec. 7, Twp. 8 S., R. 4 West; the land is described as 56 acres in the NE¹₄ of said section. The affidavit is therefore returned herewith for correction in these particulars. If the affidavit is correct and the permit in error, the records should be corrected by filing an application for amendment and affidavit for change of point of diversion, with duplicate maps, herewith enclosed.

Money order for fees in the sum of \$5.00 is also returned.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Norman J. Mackenzie,
Jordan Valley, Oregon.

Boise, Idaho,
March 5, 1922.

Dear Sir:—

Under the terms of your permit No. ~~14743~~ ¹⁴⁷⁴³.....you are required to complete your diversion works on or before ~~Jan. 2, 1922~~ ^{Jan. 2, 1922}. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SHERIDSEN.
