Re: Permit No. 13336-Chas. Breymann.

Mr. Charles Pascoe,
Bruneau, Idaho.

Dear Sir:-

We were very much surprised at the tone of your letter this morning relative to the above permit, as notice for publication had been mailed to you on the second of this month and we see no reason why it should not have been received before the sixth, the date of your letter. However, I am sending you a copy of your letter of the 23rd of September together with a copy of the notice of proof enclosed with that letter. As you will readily see, there is still ample time for the required four weeks publication prior to November 16th, the date set for proof.

We have always tried to get the notices to your paper in time for the required publication and are very sorry if we have caused you any concern about this one.

Very truly yours,

Dear Sir:

September 23rd I sent an application to your office asking for notice of proof of application of water to beneficial use on behalf of Charles Brey-mann of Riddle, requesting that if possible the same be sent down that it might be published as early as September 26th , in order that claimant might be able make proof by October 19th; in the event this was impossible, then to send it down so that publication could be had in The Nuggett^{ts} allow proof to be submitted October 26th. If I am not mistaken, this was the fact. I haven't heard even of its receipt at your office as yet, and would be very much obligated to you for a word as to when the said notice can be sent down for publication. Of course, I realize that many causes might operate to occasion the delay.

Thanking you for an early reply, I am, very sincerely,

Boise, Idaho.

Gentlemen:

Applicant is desirous of submitting proof upon the within application as early as possible in view of the imminence of ~~##~~ bad weather for travel, and is requesting the early date for this reason only. If the notice for publication can reach me in time--say Wednesday of this week--he will be able to make proof on the date first asked; if this be not possible, then he desires to have the date a week later, or November 23rd.

Thanking for a compliance with the above, if it be feasible, I am very sincerely yours,

Charles Pascoe

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,
November 5, 1920

Mr. Chas. Breymann,
Riddle, Idaho

Dear Sir:—

Under the terms of your permit No. 13336 you are required to complete your diversion works on or before Dec. 10, 1920. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN.

Commissioner of Reclamation.
