INSTRUCTIONS
PROOF OF BENEFICIAL USE

Eustaquio Oseemica.

c/o M. E. Reynolds,
Bruneau, Idaho.

BOISE, IDAHO, **February 15th, 1918.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. **10782.**

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On..... **March 1st, 1918,** , the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Bruneau, before M.E. Reynolds, N.P.**

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2 00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everthing is properly executed, License will issue.

Yours truly,

J.H. SMITH,

State Engineer.

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

**Joe Totorico,
Bruneau, Idaho**

Boise, Idaho,

Dear Sir:

Sept. 21, 1915.

Under the terms of your Permit No. **10782**, you are required to complete your diversion works on or before **Dec. 4, 1915.** I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. Smith.
