S T A T E O F I D A H O
Water License No. 3332.

WHEREAS, On the 26th day of December, A. D. 1907, JOSEPH LESSMAN of Cliffs, County of Owyhee, and State of Idaho, duly made application (No. 4695) to me for a permit to use 6.4 cubic feet per second of the waters of Juniper Creek, County of Owyhee, State of Idaho, for irrigation and domestic purposes; and,

WHEREAS, On the 28th day of December, A. D. 1907, Permit No. 3332 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 28th day of December, A. D. 1909, and for the application to beneficial use of said water on or before the 28th day of December, A. D. 1913, and,

WHEREAS On the 29th day of January, A. D. 1908, the holder of said permit duly made proof of completion of adequate works for the diversion of 6.4 cubic feet per second of said waters, as evidenced by my Certificate No. 3332, dated February 5, 1908, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 6.4 cubic feet per second of water, with date of priority of December 26, 1907, and,

WHEREAS, On the 28th day of May, A. D. 1908, proof was duly made of the application to beneficial use of 3.3 cubic feet per second of said water;

NOW, THEREFORE, By virtue of the authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to JOSEPH LESSMAN, of Cliffs, Idaho, the holder and owner of said Permit No. 3332, a perpetual right, dating from December 26, 1907, to the use of 3.3 cubic feet per second of the waters of Juniper Creek, in the County of Owyhee and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point about 200 yards North of where line running due east of mile post No. 81, on Oregon & Idaho state line, would intersect Juniper Creek, 4 $\frac{1}{2}$ miles from said post, and conducted to and upon 165 acres of unsurveyed land commencing 4 $\frac{1}{2}$ miles east of mile post #81 on Oregon & Idaho state line, thence east 160 rods, thence south 320 rods, thence west 160 rods, thence north 320 rods to place of beginning, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this eighth day of July, A. D. Nineteen Hundred and eight.

Jas. Stephenson, Jr.
State Engineer.

(SEAL)
Recorded July 8, 1908.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Joseph Lessman.

Postoffice address: Cliffs.

County: Owyhee State: Idaho.

2. The quantity of water claimed is 6.4 cubic feet per second.

3. Source of water supply: Juniper Creek.

County of Owyhee.

4. Location of point of diversion: about 200 yards North of where a line running due east of mile Post No. 81 on Oregon & Idaho State line would intersect Juniper creek four and three fourths miles from said post.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: 320 acres.

(b) In the following legal subdivisions: unsurveyed commencing $4\frac{1}{2}$ miles east of mile post No. 81 on Oregon and Idaho state line; thence east 160 rods to stone, thence south 320 rods to stone, thence west 160 rods to stone, thence north 320 rods to stone and place of beginning, containing 320 acres.

6. Estimated cost of works: \$350.00

7. Description of works for diversion:

I. Kind of works: dam headgate and ditch.

II. Dimensions of works:

(a) Height of dam 5 feet, length of dam at top 25 feet, length of dam at bottom 15 feet. Material used in construction: earth and stone.

(c) Size of headgate: Width $4\frac{1}{2}$ feet, height 3 feet.

(d) Conduit ditch, width at bottom 4 feet, width at water line $4\frac{1}{2}$ feet, depth of water $1\frac{1}{2}$ feet. Average grade per mile is 3 one half feet. Length of conduit is 1 mile 96 rods and it crosses the following quarter sections: unsurveyed land to land described in 5 I (b) above which is the point of intended use.

8. Time required for the completion of the construction of such work is 2 years.

9. Time required for the complete application of the water to the proposed use is 4 additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Joseph Lessman

Applicant.

APPROVAL OF STATE ENGINEER.

The number of this permit is 3332.

Date of first receipt of application 9:00 a.m. December 26, 1907.

Recorded in Book 10 Page 3332 Approved December 28 1907.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before February 26, 1908, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 28, 1908.

The whole of said work to be completed on or before December 28, 1909.

The time for proof of beneficial use of water appropriated in accordance herewith, to extend to December 28, 1913.

Witness my hand this twenty-eighth day of December 1907.

Jas. Stephenson, Jr.,

State Engineer.

Blank notice of proof of completion mailed applicant December 27, 1907.

Notice received January 4, 1908, fixing January 29, 1908, as date and Silver City as place of proof.

Notice for publication mailed January 4, 1908.

Deposition blanks mailed applicant January 4, 1908.

J. M. Harbour authorized to make examination of works.

His report received January 30, 1908.

Depositions and affidavit of publication received February 3, 1908. Fees received.

Certificate of completion issued February 5, 1908.

License issued July 8, 1908.

Permit No. 3332

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom it May Concern:

This is to certify that JOSEPH LESSMAN of Cliffs, County of Owyhee and State of Idaho, the holder of Permit No. 3332, issued upon Application No. 4695, bearing date of priority of December 26, 1907, authorizing the diversion of 6.4 second feet of the waters of Juniper Creek, County of Owyhee, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 6.4 second-feet of the waters of Juniper Creek; that the point of diversion of said waters is about 200 yards north of where a line running due east of mile post No. 81 on Oregon and Idaho state line would intersect Juniper creek four and three-fourth miles from said post, and that the lands proposed to be irrigated by the use of said water are

described as follows, to-wit: Unsurveyed land commencing four and one-fourth miles east of mile post No. 81 on Oregon and Idaho state line, thence East 160 rods, thence South 320 rods, thence West 160 rods, thence North 320 rods, to place of beginning.

Witness my hand this 5th day of February, A. D. 1908.

YOURS TRULY,

J.M. HARBUNGER

Permit No. _____

Proof of Application of Water to Beneficial Use.

DEPOSITION OF HOLDER.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Freeman, 36 years, Elipps, Owyhee
County Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 710.8832, Dec. 26th 1907, Dec. 26th 1907.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Juniper Creek. 200 yards N. of where a line running
due East of mile post No. 87. an Oregon-Idaho State line, would intersect
Juniper Creek. 4 1/2 miles from said post.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Dam, headgate, and ditch. Dam is 10 feet high. Length
at top 25 ft. and bottom fifteen ft. constructed of earth and
sluic. Ditch is 4 1/2 ft. at top and 4 ft. at the bottom, and 18 in deep.
Length 1 mile and 96 rods.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have ACTUALLY been irrigated with said water.)

Ans. For irrigation and domestic purposes.
The place where said water is used is 100 unincorporated lands described
as follows: Beginning at a point 1/4 mile east of mile post No. 87
on Oregon and Idaho State line, thence West 80 rods, thence
south 240 rods, thence West 80 rods, thence North 240 rods, thence
West 80 rods, thence North 240 rods, thence East 80 rods to place of beginning.
No. of acres, 165, that can be irrigated.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. _____

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____
