PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 65-22359

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form (proof) submitted for the above referenced permit. However, during my review of your proof and verifying it against the permit, I would like to clarify the irrigation and stockwater uses as granted by permit 65-22359. The permit states that irrigation is for 16 acres" and stockwater for 12 horses and llamas. Your proof states "16-18" acres and "up to 12 cows, up to 12 horses, up to 12 llamas." Be aware that exceeding limits of the permit would be considered an expansion of use, and not permitted by law.

The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination or the amendment of this permit, please contact the **Western** Regional Office of the department in Boise at (208) 334-2190. You may contact me at (208) 287-4942, if you have any questions regarding my review.

Sincerely,

Deborah J. Gibson
