FIELD EXAM NOTICE

RE: Permit Number 72-07526

Dear Permit Holder:

We are planning to conduct water right examinations in the vicinity of the above-referenced permit beginning June 1, 2000. An examination is needed to verify your water use in order to issue a water right license.

Please be advised that you will need to operate your system under normal conditions during the examination.

In order to conduct your exam as efficiently as possible, we ask that you call this office to schedule a day and time convenient for you.

If there is a problem with scheduling or conducting the examination at this time, please call and other arrangements can be made.

Sincerely,

A handwritten signature in cursive script that reads "Amanda Folsom".

E. NARRATIVE/REMARKS/COMMENTS

FILE: 72-07536

FROM: Amanda Folsom

DATE: January 29, 2001

I met with George Santee on August 24, 2000. Mr. Santee lives in Idaho Falls, but owns several pieces of property in Custer County. This field exam is in regard to property located in sections 8 and 9 of Twn 15N, Rng 20E.

Mr. Santee was originally using water from Shep Creek to irrigate this land for pasture. However, the river meandered and Shep Creek's flow fell too low to irrigate with. I spoke with Steve Clelland who was the adjudication agent that dealt with Mr. Santee's rights from Shep Creek. Steve told me that he disallowed the irrigation use because the flow was too low, but he is still allowed to use the creek for stockwater. Mr. Santee then filled this permit and drilled two wells in section 9. The wells pump water to a three-tower pivot. I was unable to record a measurement from each individual well so I took a measurement from the pivot. The measurement recorded was 123.6gpm or 0.28cfs. Mr. Santee assured me that this is how the system normally operates, considering how deep the wells are, the type of surrounding soil, and the low pressure used.

I used GIS to calculate the acres, which came to 37.3. I took into account that there are large hills behind the pivot where it cannot reach to water. My recommendation is:

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 72-07536

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **SOUTHERN** Regional Office of the department in Twin Falls at (208)736-3033.

Sincerely,

JULIE L. YARBROUGH

Senior Secretary, Water Allocation Bureau

PROOF DUE NOTICE

RE: PERMIT NO. 72-07536

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1999.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

RE: Permit No. 72-07536

Dear Water Right Holder:

Enclosed is a copy of your Amendment of Permit No. 72-07536 adding a point of diversion. If you have any questions concerning this document, please contact me at (208) 327-7946.

Also, please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address to the department. If you have acquired a water right or have changed your mailing address **PRIOR** TO July 1, 1996, you have until July 30, 1998, to notify the department. If you acquire a water right or change your mailing address **AFTER** July 1, 1996, you must notify the department within 120 days of the change.

Failure to report these changes could result in a \$100 late filing fee. Contact any office of the department to obtain the proper reporting form.

NOTICE OF AMENDMENT TO A WATER PERMIT

Notice is hereby given that GEORGE E. SANTEE, JR., PO BOX 2365; IDAHO FALLS ID 83403-2365 has applied to the Department of Water Resources to add a diversion point to Permit No. 72-07536 (0.90 cfs) with a priority date of 10/03/1995. The permit PRESENTLY authorizes diversion within Lot 8 (NW1/4SW1/4) and Lot 8 (SW1/4SW1/4), S09, T15N, R20E for irrigation of 45 acres within parts of Sections 8 and 9, T15N, R20E; Custer County. The amendment proposes a new well on or near line between Lot 8 (NW1/4SW1/4) and Lot 8 (SW1/4SW1/4), S09, T15N, R20E.

Any protest against approval of the proposed amendment must be filed with the Director, Idaho Department of Water Resources, 1341 Fillmore St., Suite 200; Twin Falls, ID 83301 together with a protest fee of \$25.00 on or before May 19, 1997. The protestant must also send a copy of the protest to the applicant.

Dear Mr. Santee:

The Department of Water Resources acknowledges receipt of the Application for Amendment of Permit as referenced above.

This office will be advertising the application in The Challis Messenger on 5/1 & 5/8/97. A period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review.

Please feel free to contact this office if you have any questions regarding this procedure.

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 72-07536

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a "Proof Due Notice" approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

If a well has not already been constructed you are required to obtain a "drilling permit" from the department. The right to drill a well is not a part of this permit to appropriate water.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

Re: Applications for Permit No. 72-07535, 72-07536

Dear Mr. Santee:

The Department of Water Resources acknowledges receipt of your water right applications for permit. The applications have been assigned the above referenced identification numbers. Please refer to these numbers in all further correspondence.

This office has scheduled advertising the applications in the Challis Messenger for 1/4 & 1/11/96. A period of ten days following the second publication will be allowed for the submittal of protests.

If an application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If an application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Sincerely yours,

Corey Skinner, E.I.T.
Safety of Dams Engineer
