This place of use has a sink, bath, and shower (the owner's are currently using an outhouse for a bathroom). The owner's plan to construct a log cabin on this site but are presently using this temporary structure as their home on the weekends during the winter and all summer long. RE: WATER RIGHT NO. 72-07521

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

RECORDED
DEC 10 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sincerely,

E. NARRATIVE/REMARKS/COMMENTS

The water for this permit is drawn from a spring in the SW 1/4 - SW 1/4 - SW 1/4 - township 13N - range 20E. The water comes out of spring that leaves the ground approximately 15 feet upstream from the point of diversion. From the point of diversion the water is transported through a 2 inch diameter black PVC pipe. This pipe travels in a southeasterly direction under Lime Creek road into the NW 1/4 - NW 1/4 - NW 1/4 of section 01 - township 12N - range 20E. The pipe continues to travel southeast until it reaches Lime Creek. The pipe crosses over Lime Creek to a spigot that is used to irrigate grass, flowers, and trees around the owner's pond (see permit # 72-07532). From this spigot the pipeline follows Lime Creek down to the owners home. This home consists of a school bus that has a wooden structure built on to the end of the bus. The water is then run into either a sink, bathtub or shower depending upon the needs of the owner. There was a measurement taken where the pipe enters the structure and was measured at .02 cfs.

please note that this is a temporary situation and the owners plan to build a log cabin and move the water from the pond's spigot and the bus structure to the log cabin in the same area. I informed them that they would have to discontinue use of water in the bus and irrigation around the pond when the cabin was built. I also informed the owners that they would be limited by the present use. The owners only live at this place of use during the summer and on weekends during the rest of the year at the present time, but intend to make this their permanent residence after the cabin has been built. The owners work during the week in town and then go to the bus/house for the weekend.

The owners of this permit draw their water from a spring located on United States Forest Service Lands and uses the Forest Service's land to transport the water to their property. The owner's have acquired a Special Use Permit to use the Forest Service's property in this fashion.

BUCKET AND STOPWATCH READINGS

PERMIT #: 72-07521

PLACE OF MEASUREMENT:

THE MEASUREMENT WAS TAKEN AT THE POINT WHERE THE TWO INCH PIPE FROM THE POINT OF DIVERSION ENTERS THE HOME. THE PLASTIC PIPE WAS REMOVED AND THE READING WAS TAKEN FROM THE OUT FLOW OF THE MAIN PIPE.

HOW THE MEASUREMENT WAS DONE:

THESE READINGS WERE DONE BY FILLING A FIVE GALLON BUCKET AND TIMING HOW LONG IT TOOK THE BUCKET TO FILL. THIS PROCESS WAS REPEATED THREE TIMES. THEN THE TIMES WERE AVERAGED AND CONVERTED TO GALLONS PER MINUTE.

TIMING OF MEASUREMENTS:

FIRST MEASUREMENT	=	38.40 SEC
SECOND MEASUREMENT	=	38.79 SEC
THIRD MEASUREMENT	=	39.47 SEC
TOTAL	=	116.66

$116.66 / 3 = 38.89 \text{ SEC AVERAGE}$

FLows IN GALLONS PER MINUTE (GPM)

$5 \text{ GAL} / 38.89 \text{ SEC AVERAGE} \times 60 = 7.71 \text{ GALLONS PER MINUTE}$

$7.71 \text{ GPM} / 448.8 = .02 \text{ CFS}$
