CONDITIONS OF APPROVAL AND REMARKS

1. This water right is appurtenant to the described place of use.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. This right authorizes an annual volume of water to fill the storage facility and the amount required to replace losses through evaporation and seepage.
5. Use of water under this water right will be regulated by the watermaster of State Water District No. 72C.
6. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.

OF ROBERT A. PIVA	)	
_____	)	

WHEREAS, on February 10, 1992, Robert A. Piva filed an application for permit to appropriate water from an unnamed stream tributary to Challis Creek for wildlife storage; and,

WHEREAS, the applicant described the proposed diverting works as an earthen dam on the stream channel; and,

WHEREAS, on August 13, 1992 the Department approved Permit No. 72-07479 with the following condition:

Use of water under this right shall be non-consumptive.

and,

WHEREAS, requiring the water use to be non-consumptive is not possible due to evaporation of water from the surface of a pond; and,

WHEREAS, water use, including the pond, was developed as described by the applicant at the time of filing the application for permit; and,

WHEREAS, there appears to be reasonable cause to rescind the condition,

IT IS, THEREFORE, HEREBY ORDERED That the condition of approval limiting the permit to non-consumptive use is RESCINDED.

RE: WATER RIGHT NOS. 72-07479/72-07480

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed licenses confirming that water rights have been established in accordance with the permits referenced above. The licenses are preliminary orders issued by the Department pursuant to section 67-5243, Idaho Code. They can and will become final orders without further action of the Department unless a party petitions for reconsideration within fourteen (14) days after issuance as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

MICROFILMED

AUG 20 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

RECORDED

AUG 2 1957

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

E. NARRATIVE/REMARKS/COMMENTS

The water for this permit comes from a unnamed stream that is located in section 15 - township 14N - range 19E. The stream is a spring that collects water from surrounding ground seepage and irrigation waste water returns. Most of the groundwater that feeds this spring comes from local irrigation and infiltration from storms and snowpack. The excess water from the irrigation of the Piva farm is routed to this stream but none of this water has been or should be used to influence the filling of the pond. Excess water from the Gini Ditch Irrigation Company is also channeled through this stream. All of the water from the Piva irrigation and Gini Ditch Irrigation Company is waste water and there is no water rights to supply the stream with water.

The point of diversion is a dam placed on the above stream in the SW 1/4 - NW 1/4 - SE 1/4 of section 15 - township 14N - range 19E. The place of use is a small pond that sits upstream of the dam (see attached sheet for pond dimensions and volumes).

These ponds are used for wildlife storage. According to the owner, Robert Piva, the following animals use this pond (Please Note: A * will denote the animals observed by examiner):

Various small water birds (Sandpipers, Grebes, Gold Wing Curloos, Curloos)

Various ducks (Koots*, Cinnamon Teal*, Golden Eyes*, Mallards*)

Geese* and Sandhill Cranes

Osprey - Hawks

Deer - Fox - Mink - Muskrat (Deer tracks where seen in the area)

Trout* were planted in the pond approximately five years ago but have not been restocked or maintained since the original stocking.

These ponds are fenced off on the farm side of the ponds to keep the livestock out of the pond. There is no apparent uses other than the wildlife use.

RECOMMENDATIONS:

I recommend that this permit be licensed under the following conditions:

1. That it be licensed for 1.2 afa annual volume. No rate of diversion is necessary due to the fact that it is an on stream storage right.
2. That this right be for wildlife storage only. If the owner wants to use the water for other purposes he must attain a valid water right to do so.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 72-07479

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

I note that the permit issued to you by the department requires the installation of a lockable device to allow the department to determine the rate of diversion. The proof which you submitted does not show that you have installed this equipment.

The installation of the lockable device must be complete by the time the department representative conducts the examination of your system unless the department has rescinded the requirement prior to the field examination. In some cases, the equipment requirement can be rescinded because the equipment cannot be physically installed, is not appropriate or can be accommodated with other measuring methods.

If you have questions concerning this matter, please feel free to contact the SOUTHERN Regional Office in Twin Falls at (208)736-3033.

Sincerely,

Karen L. Gustafson
Secretary/Records Manager

Dear Permit Holder:

The Department is in receipt of the \$50 license exam fees submitted in connection with the above referenced permits. However, when I last corresponded with you, I returned the original proof of beneficial use form that you had submitted.

In order for the Department to continue with the analysis of the proof of beneficial use, you will need to return the original form to as soon as possible.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Re: Permit No. 72-07479

Dear Permit Holder:

Returned is the proof of beneficial use you submitted in connection with the above referenced permit. Unfortunately, it is unacceptable as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a groundwater source.
2. The rate of diversion must be .04 cfs or 4.0 AF or less.

As you can see, you do not meet requirement #1 since you use an unnamed stream (surface) for your source. Therefore, a license examination fee of \$50 applies to your permit. I have enclosed a copy of the Instructions for the Proof of Beneficial Use for your convenience.

I have enclosed a copy of your permit. Please not condition #4, which requires that you install a lockable device that will allow the watermaster suitable control of your diversion.

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Karen L. Gustafson".

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 72-07479

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Enclosed is a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed is a form entitled "Proof of Beneficial Use". If your project is already completed you should complete and submit this form immediately.

Be sure to note the special condition requiring you to install a lockable device that will provide the watermaster control on your diversion.

CHALLIS LEGAL NOTICE
 David P. Aicher, District Ranger, Lost River Ranger District, has made the decision to issue an Outfitter/Guide Special Use Permit to Milt Butler for backpacking and trail rides. This decision is based on the fact that Milt Butler has a valid State Outfitter License for the proposed activity, and that the proposed activity will not conflict with existing uses occurring in that area.

This decision is subject to administrative review in accordance with 36 CFR 217. Any appeal of this decision must include the information required by 36 CFR 217.9 (Content for a Notice of Appeal), including the reasons for appeal. Two (2) copies of the Notice of Appeal must be filed with the Forest Supervisor, Challis National Forest, HC 63 Box 1671, Challis, Idaho 83226, within 45 days of the date of publication in the Challis Messenger. This decision may be implemented within seven calendar days after the legal notice of the decision is published in the newspaper.

Re: Application for Permit No. 72-07479 & 72-07480

Dear Mr. Piva:

The Department of Water Resources acknowledges receipt of your water right applications for permit. The applications have been assigned the above referenced identification numbers. Please refer to these numbers in all further correspondence.

This office will be advertising the applications in the Challis Messenger on 4/2 & 4/9/92. A period of ten days following the second publication will be allowed for the submittal of protests.

If a application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Gary Funderburg
Sr. Water Resource Agent
