Department of Water Resources

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 22-07437 Telephone No. 879-2453
2. Name(s) of Permit Holder(s): John Brashaw
3. Mailing Address: Box 155 Challis Idaho
4. Source of Water: Spring (tributary to Birch Cr.)
- If GROUNDWATER, Well Driller's Name: _____ Date Drilled: _____

OPTIONAL:

Pump horsepower: _____ Pressure (psi): _____ Dynamic pumping level (ft.): _____

5. Extent of Use (as authorized by the permit):

Domestic 1 (No. of households) Stockwater Green & Sheep (No. and type of stock)
Irrigation _____ (No. of acres) Other _____

6. Total rate and/or volume for which proof is submitted 4.04 cfs OR _____ acre/feet
4/22/92 Klg

7. Refer to the approval conditions on your permit and respond accordingly:

Measuring device: Required? _____ Yes X No Installed? _____ Yes _____ No

OR

Flow Measurement Port: Required? _____ Yes X No Installed? _____ Yes _____ No

8. Fee Enclosed: \$ _____ (See License Fee Schedule on back of Instruction Sheet)

9. Person to contact to accompany the Department representative during field examination of the water system.

John Brashaw
Name

879-2453
Telephone No.

Box 155 Challis Idaho
Address

10. The above information is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the state of Idaho.

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name of applicant Pete Bradshaw. Phone 879-2453
Post office address P.O. Box 155 Challis, ID 83226
2. Source of water supply Spring which is a tributary of Birch Creek
3. Location of point of diversion is NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of SW $\frac{1}{4}$, Govt. Lot _____
Sec. 20 Township 13N Range 19E B.M. Caster. County; additional
points of diversion if any: _____

4. Water will be used for the following purposes:

Amount 0.024 for Domestic purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-foot per annum)

Amount 0.02 for Stockwater. purposes from 01/01 to 12/31 (both dates inclusive)
(cfs or acre-foot per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-foot per annum)

Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-foot per annum)

5. Total quantity to be appropriated is (a) 0.04 and/or (b) _____
cubic feet per second acre feet per annum

6. Proposed diverting works:

a. Description of ditches, flumes, pumps, headgates, etc. Concrete headbox with
pipeline.

b. Height of storage dam _____ feet; active reservoir capacity _____ acre-feet; total
reservoir capacity _____ acre-feet; period of year when water will be diverted to storage:
_____ to _____ inclusive.

c. Proposed well diameter is _____ inches; proposed depth of well is _____ feet.

d. Is ground water with a temperature of greater than 90°F being sought? _____

7. Time required for the completion of the works and application of the water to the proposed beneficial use is
2 years (minimum 1 year).

MICROFILMED

JUN 26 1990

8. Description of proposed uses (if irrigation only, go to item 9):

- a. Hydropower; show total feet of head and proposed capacity in KW. _____
- b. Stockwatering; list number and kind of livestock. 7 Horses, 12 sheep
- c. Municipal; show name of municipality. _____
- d. Domestic; show number of households. ONE
- e. Other; describe fully. _____

9. Description of place of use:

- a. If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- b. If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. _____, and said application is hereby _____.

1. Approval of said application is subject to the following limitations and conditions:

a. SUBJECT TO ALL PRIOR WATER RIGHTS.

b. Proof of construction of works and application of water to beneficial use shall be submitted on or before _____, 19 ____.

c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.

d. The water right acquired under this permit if for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this permit and shall not give rise to any right or claim against any future rights to the use of water, other than hydropower, within the State of Idaho initiated later in time than the priority of this permit.

FROM: Georgia Satterlee
DATE: 24 August 1998
RE: 72-07437

The point of diversion for 72-07437 and A72-02021A (one of the p/d's) is a spring located in the NWNE¹/₄ of Section 20, T13N, R19E. From the collection box at the spring, the water is diverted into a junction box and then into a 1½" pipe. The pipe runs easterly about a mile to the Bradshaw home and troughs for the stock.

The field examination verified that the spring serves one home and stockwater for horses. The recommendation for domestic and stockwater will be the permitted rate.

Have conditions of permit approval been met? ☒ yes ☐ no

F. FLOW CALCULATIONS

Additional Computation Sheets Attached

Measured Method:

$$\frac{2 \text{ gal}}{3 \text{ sec}} = \frac{x \text{ gal}}{60 \text{ sec}}$$

$$x = 40 \text{ gpm}$$

$$\frac{40 \text{ gpm}}{y} = \frac{9 \text{ gpm}}{0.02 \text{ cfs}}$$

$$y = 0.09 \text{ cfs}$$

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) =$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 =$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} =$$

2. Volume Calculations for Other Uses:

Exam Fee Limit 0.20
Permit Rate 0.04
Measured " 0.09
Recommended Rate 0.04

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
Domestic	1/1	12/31	0.04	0.6
Stockwater	1/1	12/31	0.02	0.2
Totals:			0.04	0.8

2. Recommended Amendments

☐ Change P.D. as reflected above ☐ Add P.D. as reflected above ☒ None
☐ Change P.U. as reflected above ☐ Add P.U. as reflected above ☐ Other

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 72-07437

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the SOUTHERN Regional Office in Twin Falls at (208)736-3033.

Sincerely,

Karen L. Gustafson
Secretary/Records Manager

Re: Permit No. 72-07437

Dear Mr. Bradshaw:

Returned is the proof of beneficial use you submitted to this office in connection with the above referenced permit. There seems to be considerable confusion concerning this permit. I hope to answer any questions you have and hopefully clear up some to the confusion.

First of all, the Department does have a record of your "old" water right. It is numbered 72-2021, is in the name of Lena Bradshaw and has a priority date of 1910. That water right was issued for irrigation purposes only.

In 1987 the court system instructed the Department of Water Resources to do a complete inventory of all the water rights associated with the Snake River and all its tributaries. In 1989, you were notified to file an adjudication claim for all of your current water rights in connection with the instructions from the court.

It was, at that time, that you notified the Department about the domestic and stockwater use from the spring located near Birch Creek. Because your old water right did not indicate domestic or stockwater use (only irrigation), you were advised to file a "new" water right for the domestic and stockwater purposes. Although we realize it has been in use since 1979, because it had never been claimed before, it is considered a "new" water right filing.

One of the conditions of your new permit was that you file proof of beneficial use on or before May 1, 1992. You did file the proof, however, you failed to submit the necessary license exam fee. I have enclosed a fee schedule for your convenience and have highlighted the applicable fee. Once you return the proof of beneficial use and the \$50 license exam fee, I will notify our regional office and they will do a visual field exam of your system. Once the exam is complete we issue you a license to your

RECORDED

MAY 21 1992

water right.

In order to comply with all of the necessary dates, you should return the proof of beneficial use and \$50 fee by May 1, 1992.

I hope I have cleared up any confusion you may have concerning your water rights. If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

Enclosures

RECEIVED
MAY 21 1992

April 19 1992

Dear Sirs,

Concerning my water right permit (72-07437) I have called several times concerning this matter. I also talked to a Mr. Holmes in Twin Falls. I thought I had it straightened out. The water right we are talking about was put in ~~in~~ Oct of 1979, I had proof of this but I lost all my records in a fire, in 1985, your folks must of lost yours too. In 1989 you made everybody refile on water rights & I did, but for some reason you think I was putting in ~~an~~ new system because ^{MAY 21 1992} I had to show proof was for Domestic & part for stockwater, but it all comes out of the same pipe I put in in 1979. I'm sending you the proof of Beneficial use Forms,

I hope we can get this
matter straightened out. It's been
done for more than 12 years, all
grown back, can't hardly tell where
any work was done.

Thanks
Ted Brasher

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before May 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 72-07437

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Please note the requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The enclosed blue card must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permit was approved.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.

Sincerely,

GARY SPACKMAN, Supervisor
Water Right Permits Section

Re: Application for permit No. 72-07437, Pete Bradshaw

Dear Mr. Bradshaw:

Enclosed is a copy of a protest filed against the issuance of a permit pursuant to your above referenced application. The Department suggests you contact the protestant directly to determine nature of the protest and to determine if it is possible to resolve the protest without action by the department.

The attachment to this letter describes the issues which the department must consider in taking action on an application for permit. It also gives a brief description of the procedure followed in holding a pre-hearing conference.

This office is tentatively scheduling the matter of protests for a pre-hearing conference for April 3, 1990. Notices formally setting the conference time and place will be mailed about March 14.

If you have any questions regarding this matter, please feel free to contact this office.

Very Truly yours,

Loren O. Holmes, P. E.
Southern Region Manager

Re: Application for permit No. 72-07437, Pete Bradshaw

Dear Mr. Jackson:

Your protest against the approval of the above referenced application has been received and a copy has been sent to the applicant. The Department suggests you contact the applicant directly in an effort to determine what is proposed by the application and to determine if it is possible to resolve the protest without action by the department.

The attachment to this letter describes the issues which the department must consider in taking action on an application for permit. It also gives a brief description of the procedure followed in holding a pre-hearing conference.

This office is tentatively scheduling the matter of protests for a pre-hearing conference for April 3, 1990. Notices formally setting the conference time and place will be mailed about March 14.

If you have any questions regarding this matter, please feel free to contact this office.

RECEIVED
JUN 26 1990

Attachment to letter dated February 28, 1990

To all parties in the matter of
Application for permit No. 72-07437
In the name of Pete Bradshaw

**PROTESTED APPLICATION FOR PERMIT:
ISSUES CONSIDERED, CONFERENCE PROCEDURE**

In processing all applications for permit, the department must consider the following issues, which are specified in Section 42-203A of the IDAHO CODE:

- 1) Will the proposed use reduce the quantity of water under existing rights?
- 2) Is the proposed water supply insufficient for the purposes intended?
- 3) Is the application made in good faith or for delay or speculative purposes?
- 4) Has the applicant sufficient financial resources with which to complete the proposed project?
- 5) Will the proposed use conflict with the local public interest?

When an application is protested, the statute requires the department to conduct a hearing to create a record of the evidence considered in approving or denying the application.

Normally, an informal pre-hearing conference is held prior to the actual hearing. The objectives of the informal conference are as follows:

- 1) To familiarize all parties with the application and the issues being raised.
- 2) To provide a forum for discussion and possible resolution of the matter among the parties.
- 3) To provide information to the parties about the department's hearing procedure in deciding protested applications.
- 4) To discuss scheduling of the matter for hearing.

Notices setting the time and place for the conference will be sent by certified mail to all parties at least 10 days prior to the conference. This is the same procedure specified by law for serving notice of hearings.

Conferences are conducted under Rules for Practice and Procedure adopted under the Idaho Administrative Procedures Act.

Re: Application for Permit No. 72-07437

Dear Applicant (s):

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned the above referenced identification number. Please refer to this number in all further correspondence.

This office will be advertising the application in the The Challis Messenger on 12/21 & 12/28/89. A period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Douglas Jones, E. I. T.
Water Resources Engineer
