H. REMARKS AND OVERLAP REVIEW ANALYSIS

~~No pump seen. Tiny garden behind home is apparently watered.~~

System waters about $\frac{1}{2}$ acre of lawn. Is also used on about 2 acres of pasture below house in Spring if water is available. Not much grass in pasture area during exam. Due to dry conditions the last several years, lawn is watered mainly with domestic water from Sunrise Acres Subdiv. well.

1st & P/D are on Lot 25 Block 2 Sunrise Acres Subdiv.

Water supply is what is left at the tail end of the Canal - very unstable supply.

Stock drink from stream - From 8-20 head (10 head average).

Extra water is not diverted from Challis Gr. to supply this right. Use of this right has little or no effect on other users of Challis Gr.

Dear Mr. and Mrs. Cordova:

Enclosed is a copy of your proof of beneficial use form submitted to this office January 31, 1989.

Please note your permit includes stockwater use and irrigation use (1 acre) with a maximum rate of diversion of 0.05 cfs. The licensing examination fee for 0.05 cfs is \$50. This fee is based on the maximum rate of diversion your system will produce up to 0.05 cfs. Please indicate the maximum rate of diversion. If the rate is 0.04 cfs or less, no licensing examination fee is required.

Please return the proof of beneficial use form. Be sure to indicate the rate of diversion and, if applicable, submit the \$50 fee as soon as possible. Upon receipt of the required fee, the department will continue processing the proof by notifying the region that a field examination is needed.

RE: PERMIT NO. 72-07278

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
