Dear Mr. Dalton:

On September 17, 1980, our office received 29 applications for permit and 22 claims to a water right along with a voucher for \$1530.00. Review of the claims indicates they are not in form to receipt, we are, therefore, returning the claims and the voucher for the following reasons: 1. For item 1 of each claim the priority date should specify a month and year the water was first applied to beneficial use. 2. The quantity of water claimed for stock in item 3 is specified as 0.015 cfs while in item 4 lists 0.02 cfs. These quantities should be the same where no additional uses are listed of direct flow.

We have elected to retain the 29 applications in this office to alleviate mailing costs, however, we will take no action on them until the 22 corrected claims have been returned along with the voucher.

Feel free to call me should there be any questions concerning this matter.

Respectfully submitted,
