Dear Sirs:

Reference is made to your September 2, 1965, letter.

The reason for the omission of the one well at Mormon Bend Camp-ground was because you did not send us a letter informing us the inspection was complete on this permit. We only received information on 22 wells, so the purchase order was issued for these. We will amend our purchase order to include permit G-31696.

If you have any questions or comments please advise.

Sincerely yours,

G. W. CARLSON
Forest Supervisor

RE: Permit No. G-31696

Scott O. Turner
Administrative Officer
Challis National Forest
Challis, Idaho

Dear Mr. Turner:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-31696 shows the well is ~~(are)~~ capable of conveying 1.1 miner's inches, or 0.022 c.f.s. of water for ~~the irrigation of~~ ~~xxxxxx domestic use.~~

Upon receipt of the statutory fees, totaling \$ 10.00 , we will issue the Certificate of Completion of Works and the License and Certificate of Water Right confirming the right, with priority of January 13, 1964 , to the use of 0.022 second feet of subterranean water with the point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20 for domestic use in Mormon Bend Campground No. 2 in the W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 20, T. 11 N., R. 14 E., B.M.

Since your permit shows the point of diversion to be in the SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20 it will be necessary to amend the point of diversion before the certificates of water right can be issued. An amendment form is enclosed. There is a fee of \$1.00 for recording an amendment which you may remit with the above mentioned statutory fees.

Very truly yours,

RALPH W. THOMAS

Dear Mr. Turner:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Challis Messenger Challis, Idaho, all submitted in proof of completion of works and beneficial use on Permit No.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Iversen:

Returned herewith are the depositions and affidavits of publication for the 26 wells located on the Challis National Forest in Idaho. Please note that the proofs were to be made the 14th day of September, 1964 as advertised in the newspaper. However, the depositions were taken a month early on August 14, 1964. Also questions #5, 6a, and 10 on most of the depositions of holders were left blank.

We will require a notarized statement from Mr. Lessil Sharp that his office was open on September 14, 1964, and that no protests were received on any of the permits between August 14th and September 14th, and an explanation of why the proofs were taken a month early. Please answer questions #5, 6a, and 10 on the depositions of holders that were left blank, and return to this office.
