to

2. Quantity and quality of return flows and location of discharge:

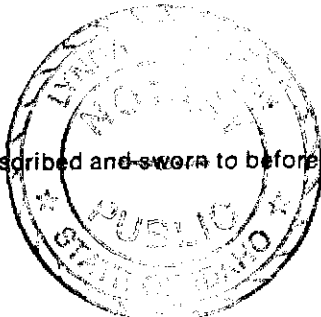

Return flows will be unchanged for all practical purposes.

3. Describe effects on other water uses resulting from the proposed change:

The purpose of this change is simply to move the place of use for 3.1 acres (2.9 + 0.2) from Public Lands to land owned by George & Pamela Forestier, i.e. 1.8 acres in the SW/SE and 1.3 acres in the SE/SW of Section 3, T13N, R18E, B.M. Therefore, there should be no effect on other water uses.

I hereby assert that no one will be injured by such change and that the change does not constitute an enlargement in use of the original right. The information contained in this application is true to the best of my knowledge.

I understand that any willful misrepresentations made in this application may result in voiding its approval.

RE: Water Right 72-02072 (Amended Transfer 5686)

Dear Water Right Holder(s):

Enclosed is the copy of your approved Amended Transfer of Water Right for the above referenced water right (Transfer 5686). Please be sure to thoroughly read the Conditions and Remarks listed on the transfer. Also, please be advised that the accompanying transfer approval should be considered and treated as an **amended preliminary order** of the department issued pursuant to section 67-5243, Idaho Code. Enclosed are instructions for responding to **Preliminary Orders** if you are in disagreement with the approved transfer.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

Failure to report these changes in a timely manner could result in a \$100 late filing fee. You can contact any office of the department for more information. If you have any questions concerning your water right listed above you can contact me at (208) 327-7940.

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Water Right 72-02072 (Transfer 5686)

Dear Mr. Jeff Peppersack,

I have reviewed your condition for transfer of water right. I am in disagreement with item number 2 which requires a measuring device and lockable works of a type approved by the department.

I only have use of snow run off water that starts around June 1, and ends flowing the end of July or the first week in August.

My diversion is located near the top end of my property. To construct a head-gate, everything would have to be carried in to build a structure since my property is steep terrain. This seems unnecessary to measure 2 months' worth of snow run off.

After a water right that has been in use for 70 years, why are you requesting a measuring device now?

I would like to have someone from the department meet with me on the property and walk over the point of diversion and look at the situation so we can reach an agreement. I am building a house on this land so I am there most of the time.

Sincerely,

PRELIMINARY ORDER**

The accompanying order or approved document is a "**Preliminary Order**" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Dear Ms. Skaggs:

By this letter I state that I have the authority to act on behalf of the United States, Dept. of Interior, Bureau of Land Management (U.S.D.I., BLM), with myself as its agent, to the matters discussed herein. I am informed that George & Pamella Forestier, wish to transfer water under 72-02072 from the federal public property to land which the Forestier's own as private property. The transfer would result in the discontinuance of water being applied to federal public property for irrigation and stockwater purposes. The federal public property land descriptions are as follows:

T13N R18E S03 NESW	2.9 acres
T13N R18E S03 NWSE	<u>0.2 acres</u>

3.1 acres TOTAL to be transferred off of public land.

I understand that the Idaho Dept. of Water Resources (I.D.W.R.) cannot complete such a transfer of water under a water right without the notarized consent of the landowner where the water right describes land not owned by the transfer applicant.

On behalf of the United States and the U.S.D.I., BLM, my notarized signature below provides the necessary consent to facilitate the transfer, which will result in the discontinuance of water being applied

Dear Mr. Challis:

Enclosed is a copy of an Application for Transfer of a Water Right within your District, and Watermaster's Recommendation Form(s).

Section 42-222 of the IDAHO CODE requires that the watermaster must be advised of proposed changes in water rights in the water district and must notify the Department of his recommendation on the application.

Please complete the enclosed recommendation form(s) and return to this office.

Regional review of an unprotested application can be completed as soon as the final protest period is past; therefore, your prompt response to this request is appreciated.

If you have any questions about an application, please contact this office or the applicant.

COUNTY OF CUSTER)

Stanton Van Camp being first duly sworn deposes and says:

That he is the administrator of the estate of Esther Van Camp, deceased, and one of the heirs at law; that his post office address is Challis, Idaho, that he makes this affidavit for and on behalf of the estate of Esther Van Camp, deceased, the owner of and using a certain water right, for 2 cubic feet per second of the water of Dougherty Gulch, County of Custer, State of Idaho, obtained by virtue of Permit to appropriate the public waters of the State of Idaho, Number 17337, issued by the Commissioner of Reclamation dated July 23, 1930, bearing date of priority July 23, 1930 for the purpose of irrigating the following described lands, situate, lying and being in Water District Number 3-B, in the County of Custer, and State of Idaho, to-wit: SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 3, also NW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 10, Township 13, N. R. 18 E. B. M., and is the administrator of the estate of Esther Van Camp, deceased, the person to whom such right was so issued.

That said waters are now diverted from said stream in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 9, Township 13, N. R. 18 E. B. M. and conducted to the above described lands through the private ditch, as per map heretofore filed and by reference made a part of this affidavit; that affiant desires to change the point of diversion of said waters from the point above described to a point located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 10, Township 13, N. R. 18 E. B. M. and thereafter conduct same to the above described land through the private ditch as per map above referred to;

That his reasons for desiring to make such change are as follows: The point of diversion was described incorrectly at the time the original filing was made.

That no one will be injured by such change and that such change

Re: Permit No. 17337

ESTHER A. VAN CAMP
Challis,
Idaho

Dear Madam:

We have the engineer's report covering his examination made in connection with final proof under the above permit.

As you know, Mr. Tolman, the examiner, was over your property on the 22nd day of June, 1935. At that time Dougherty Gulch, some times called Daugherty Creek, was flowing about 20 miners inches at your point of diversion and at the Cameron diversion, further on down the creek, this amount had diminished to approximately 1 miners inch, due to the gravel formation of the creek bed.

As you perhaps know, at the time when you offered your final proof, Mr. Cameron objected on the ground that the water right formerly belonged to his place. We answered him at that time by saying that any action taken in connection with this matter would depend, largely, upon the findings of the field engineer. Even though Garden Creek and its tributaries has been decreed by the district court, we fail to find where Mr. Cameron has a right to the use of the water in question, although it is entirely possible that he may have a right as the successor in interest to some one who was included in the decree.

Mr. Tolman shows that you have 20 acres that can be irrigated, with the water in question, which is situated in the $S\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 3, T. 13 N., R. 18 E., B. M., and which presumably has been irrigated at such times as the water has been available.

He also shows that your point of diversion is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 10, instead of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 9, as you described it in your application for permit. We have, therefore, prepared an affidavit for change of point of diversion which we are herewith enclosing. Will you kindly go before a Notary Public, execute this affidavit and return it to this department with a statutory fee of \$4.00, due in connection with final proof, and immediately upon receipt of the fee and this instrument, or as soon thereafter as the affidavit has been made a matter of record, a license will be issued to you for 0.4 of 1 second foot.

REPORT OF ENGINEER

Permit No. 17337

This proof is for Ben. Use In Water District No. _____

1. Name of applicant Esther A. Vancamp

2. Source of water supply: Dougherty Gulch

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 9,

T. 13 N. R. 18 E. County of Custer.

4. Describe works as they exist, giving dimensions and capacities of same: A ditch 15' wide x 1' deep leads from creek channel, About 20 miners inches was passing down stream for the "Cameron" diversion at which point one miners inch was available for beneficial use

5. Water is used for: Irrigation and Domestic purposes.

6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irriga-

tion): SE $\frac{1}{4}$ SW $\frac{1}{4}$; SW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 3, NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 10, Twp. 13 N.,

Dear Madam:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this Department. We are unable to say just when this examination will be made since the Department has but one Field Engineer who makes examinations all over the State. However, Mr. Tolman, Field Engineer for this Department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office you will be further notified as to fees due before the issuance of your license.

Re: Permit No. 17337
Esther A. Van Camp

MR. KENNETH CAMERON
Challis,
Idaho

Dear Sir:

This will acknowledge receipt of your letter of July 18th in regard to the above permit.

The situation, so far as this department is concerned, is simply this. Some years ago Esther Van Camp made application to appropriate 2 cubic feet per second of the waters of Dougherty Gulch to be used for irrigation purposes. Proof of completion of works was made in due time and the advertisement of which you speak as being run in the Challis paper at the present time is notice of her intention to submit proof of application of water to beneficial use under the above permit. The lands to be irrigated with the water claimed under this permit are described as follows: S $\frac{1}{2}$ S $\frac{1}{2}$, SW $\frac{1}{2}$ SE $\frac{1}{2}$, Sec. 3, and NW $\frac{1}{2}$, Sec. 10, all in Township 13 N., Range 18 E., B. M. After this proof has been received the department will order a field examination and no action will be taken until we are in receipt of the engineer's report. If at that time we find that the water has actually been applied to beneficial use a license will be issued at the rate of one miners inch for each acre of land that is being irrigated. If, on the other hand, the situation is as you say, that is that no land is being irrigated with this water, then the license will be denied.

Re: Permit No. 17337

MR. HENRY NICHOLS, Probate Judge,
Challis,
Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17327.

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 23, 1934, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at

Challis, Idaho before Henry Nichols, Probate Judge

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. I. FARIS

Commissioner of Reclamation.

MR. HENRY NICHOLS, Probate Judge
Challis,
Idaho

Dear Sir:

In reply to your letter of recent date, we wish to advise you that the depositions referred to in your letter will be mailed to you within the next two or three days so that you will have them in ample time for the proof which will be made on July 23, 1934. These depositions, as we previously stated, consist of one for the holder and one each for two witnesses. The persons acting as witnesses must have reached their majority and should not have any financial interest in the permit or the lands to which the water is being applied.

You, no doubt, will need the permit to supply part of the information required for these depositions. We presume that the permit holder will bring the permit to your office at that time, however, it might be well for you to call it to her attention so that she will be sure and bring it.

Very truly yours,

PROOF OF COMPLETION OF WORKS

Esther A. VanCamp

Boise, Idaho,

May 4, 1931

Shallis, Idaho
Dear Sir:—

Under the terms of your permit No. 17337 you are required to complete your diversion works on or before July 23, 1931. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.
