RE Water Right No 71-07120

Dear Mr Drewien

I have received your letter dated July 16 concerning your request to change the period of use under your water right license to year-round use. In order for us to consider this request, we need evidence from you demonstrating use of water during the winter (the evidence needs to pre-date May of 1990 when you filed proof of beneficial use which ended the development period under this right). This evidence could be in the form of power bills for the home and restaurant or any other proof you may have that would confirm the use of water for the time period that is not currently covered under this right.

Once we receive the requested evidence, we will review it to determine whether or not the license can be amended to reflect year-round use

In your letter you also inquired about the possibility of changing the priority date to 1975 when the well was drilled. Water Appropriation Rule 035 02.b states that the priority of an application for unappropriated water is established as of the time and date the application is received in complete form along with the statutory fee in any official office of the department. Your application for permit along with the correct filing fee was received on December 9, 1988. That date continues to be your established priority date and the department has no means of changing the date on your license.

The department will take no further action on your request until we receive the written documentation for purposes of amending the season of use. If you have any other questions, please give me a call

Sincerely,

RE: WATER RIGHT LICENSE 71-07120

Shelly Keen:

I WAS DISCUSSING THE PROBLEM WITH MY WATER RIGHT LICENSE WITH ALLEN MERRIT OF TWIN FALLS. HE SUGGESTED I CONTACT YOU.

I HAD MY WELL DRILLED IN 1975. I HAVE OWNED THIS PROPERTY AND HAVE BEEN A RESIDENT HERE SINCE 1973. MY WELL SERVES BOTH MY RESIDENCE AND A ~~RESTAURANT~~ BUSINESS. HOWEVER SOMEHOW THE FIELD DEPT INSPECTING MY WELL ONLY GAVE ME A PERIOD OF USE ON DOMESTIC FROM 5/15 - 12/15 EACH YEAR, AND 6/01 - 11/01 FOR COMMERCIAL

THIS IS MY YEAR AROUND RESIDENCE, AND THE BUSINESS IS OPERABLE YEAR AROUND. MR MERRIT SUGGESTED I CONTACT YOU AND THAT PERHAPS THERE IS A WAY TO AMMEND THE EXISTING LICENSE FOR BENEFICIAL USE FROM JAN 01 TO DEC 31 FOR ANNUAL PERIOD OF USE FOR BOTH PURPOSES. ALSO, MY WELL WAS DRILLED IN 1975, IS THERE ANY WAY TO GET MY PRIORITY USE DATED FROM THAT TIME?

ANY HELP YOU CAN PROVIDE IN THIS MATTER WOULD BE APPRECIATED.

RE: PERMIT NO. 71-07120

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Section 42-235, Idaho Code, requires that a "drilling permit" must be obtained from the department for all wells constructed after July 1, 1987. A drilling permit is a separate permit that must be issued in addition to your permit to appropriate water. Commencement of well construction or diversion of water under your permit to appropriate water is prohibited unless a drilling permit is obtained.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit. Also enclosed for your convenience is a form entitled "Proof of Beneficial Use" that must be submitted to the Department when your project is completed. If development is complete, you may submit proof of beneficial use immediately.

Sincerely,

Re: Application for Permit No. 71-07120

Dear Applicant (s):

The Department of Water Resources acknowledges receipt of your water right application for permit. The application has been assigned the above referenced identification number. Please refer to this number in all further correspondence.

This office will be advertising the application in the The Challis Messenger on 4/20 & 4/27/89. A period of ten days following the second publication will be allowed for the submittal of protests.

If the application is protested you will be sent a copy of the protest. The protest must be resolved before the application is approved or denied. If the protest is not resolved voluntarily, this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in about five weeks. State office personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When a permit is issued, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Very truly yours,

Douglas Jones, E. I. T.
Water Resources Engineer
