CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 1 home.
6. Domestic use does not include lawn, garden, landscape, or other types of irrigation.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 26TH day of MAY, 1995.

RE: Permit 71-07091 In The Name Of Robert B. Atwood

Dear Mr. Ross;

It is our understanding that you are now the owner of the cabin near Stanley that was built by the late Robert Atwood. Mr. Atwood owns the above-referenced water permit for his domestic well at the cabin. Even though you now own the property, the water permit still belongs to Mr. Atwood. Since it is obviously desirable for the permit to be in your name, an Assignment of Permit form is included for your use. A representative of Mr. Atwood's estate could sign the form. The completed form should be returned to this office, along with documentation of the signer's authority to sign for Mr. Atwood.

This permit is due for a licensing inspection, which I attempted to do last month. A neighbor showed me the cabin, but the cabin was unoccupied at the time. The original permit was for 3 cabins to be served by the one well, but apparently only one cabin was built. I need to verify this, and also have some other questions on the system. Please contact me concerning this matter.

Thank You,

James E. Stanton

PROOF DUE NOTICE

RE: PERMIT NO. 71-07091

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before November 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
