Re: Permit 71-7076

Dear Mr. Glenn:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

Field examinations must be done while the system is in operation. For this reason we concentrate on irrigation permits during the summer months and do examinations on permits for other uses during the non-irrigating months.

If you have any questions regarding the field examination, please contact our office.

Dear Mr. Glenn:

Re: Permit No. 71-7076

Enclosed is the statement of beneficial use postcard which you submitted for the above-referenced permit.

I'm returning the postcard since there is a discrepancy between the permit which indicates that irrigation is the proposed use and the postcard which indicates that domestic is the proposed use. I'm assuming this was just an error since the acreage is so small.

For your convenience, I've enclosed another postcard.

If you have any questions concerning this matter, please feel free to contact me.
