The Forest Service owns all the land on the Southside of property. Mrs Povey owns all the land on both sides of Smiley Creek for several miles except about 50 feet along the West line of her property, which is where I would like to put my pump. I've been using this water for several years for household purposes, and last year I used it to water small trees that I planted. Mrs. Povey may have all the water in Smiley Creek already appropriated, if so, can she keep me from using this water in the future?

Dear Ms. Graham:

A representative from this department has made an examination of your works covered by Permit 71-7003. The works were found capable of producing 0.02 c.f.s. of which 0.02 c.f.s. can be recognized as beneficially used and licensed under Idaho law. The water is used for domestic and lawn irrigation purposes within the NE $\frac{1}{4}$ Sec. 27, T. 7 N., R. 14 E., B.M..

If you disagree with the findings, please advise us within 10 days; otherwise, a license will be issued showing the findings as set forth in this letter.

Dear Sir

The pump I had installed in Smiley Creek last summer was a portable pump, costing twice as much as the one I intended putting in. The pump and hose connections were removed from the creek and stored in the cabin for the winter.

If your examiner would like to inspect the pump before next spring, he can get in touch with Mr. Bill Grant, Probate Judge in Hailey, Idaho. He has a key to the cabin and I'm sure he would not mind setting up an appointment for inspection.

Sincerely,

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you can not publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.

Dear Mr. McEldowney:

In regards to the letter I just received from you dated Sept. 5th, you are correct about the point of diversion being in section 34, and will appreciate it if you will change my description for the point of diversion to read NE $\frac{1}{4}$ NE $\frac{1}{4}$, sec.34, T. 7N, R. 14 E, B.M.

I want to thank you for your patience with me in trying to locate this proposed pump.

Very truly yours,
Lucille B. Graham

Dear Mr. McEldowney,

I mailed a letter to you while I was still in Idaho containing a survey map and the information from the Forest Service at Obsidian, Idaho (Blaine County) on the location of the sight where I wish to put in a pump next spring. According to the map at the Ranger station, it is located in the South East quarter of the South East quarter of section 27. If this is still not enough information, perhaps I could send you another copy of the survey map, if you havent received the one I sent to you yet. Please let me know.

Sincerely,

Lucille B. Graham

Dear Mrs. Graham:

Thank you for your letter of August 20, 1968; however, the Department of Reclamation is still at a loss. In your letter, you indicate that the point of diversion for your application is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$, sec. 27. The map you have submitted indicates that the point of diversion or the proposed position of the pump is in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, sec. 34, T. 7 N, R. 14 E, B.M. We regret having to write to you again but we feel that the time consumed in corresponding will save the cost of a correction notice which you would have to pay for if the point of diversion is advertised incorrectly.

Your cooperation in this matter has been appreciated.

Very truly yours,

Donald W. McEldowney

Dear Mrs. Graham:

We have received your application to appropriate the public waters of the State of Idaho, however, before we can continue processing the application we will require some clarification of the following issues:

1. The point of diversion listed under Item 3a of the application has been listed as 757 feet from the N 1/4, sec. 27; however, we are not able to work with a description of this nature. We must have the point of diversion identified down to a specific 40 acre subdivision of the public land survey system. For instance, the NW 1/4 NW 1/4, sec. 27, and etc.

Please obtain and forward the information so that we may continue processing your application. Thank you for your assistance in this matter.

Donald W. McEldowney
