**NOTICE OF PROOF OF
COMPLETION OF WORKS AND
APPLICATION OF WATER TO
BENEFICIAL USE**

NOTICE is hereby given that at 10:00 A.M., on the 4th day of June 1962, at Boise, County of Ada, State of Idaho, before Anne Epeldi, Notary Public, at (address) 518 Front Street, proof will be submitted of the completion of works for the diversion of 25 cubic feet per second on the waters of Salmon River, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 29870, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: State of Idaho, Department of Fish and Game, 518 Front Street Boise.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 10 cubic feet per second.

3. The use to which said water has been applied is the operation of a fish holding pond for taking fish eggs purposes, and the amount applied to beneficial use is 10 cubic feet per second.

4. The point of diversion of said water is North 73°40' West 1650 feet distant from the southeast section corner of Section 36, Township 10 North, Range 13 East, Boise Meridian; in Lot 8, Sec. 36, T. 10 N., R. 13 E.,

5. The place where said water is used is Lot 8 of Section 36, Township 10 North, Range 13 East, Boise Meridian, Custer County.

6. The date of priority which said user is prepared to establish is June 23, 1961.

Application For Permit
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 37884
PERMIT No. 29870
DISTRICT No.

1. Name of Applicant: State of Idaho, Department of Fish and Game
Postoffice address: 518 Front Street Boise County: Ada State: Idaho
I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:
(a) Cash on hand:
(b) Treasury stock:
(c) Bond to be issued:
(d) Other resources:
2. Quantity of water claimed: Twenty-five (25) cubic feet per second.
3. Source of water supply: Salmon River which is a tributary of Snake River
4. Location of point of diversion: North ^{73° 40'}~~70° 20'~~ W., 1650 feet distant from the southeast section corner of Section 36, T. 10 N., R. 13 E., B.M., and is in ~~the~~ Lot 8 of section 36, T. 10 N., R. 13 E., B.M., County of Custer
5. Water is to be used for The operation of a fish holding pond in the taking of eggs from chinook salmon and/or other game fish
6. If for mining, milling, power or manufacturing purposes, give:
(a) Point of use of water: feet distant from corner of Section T., R., B.M., in the of Section of T., R., B.M.
(b) Amount of power generated: H.P., under feet head.
(c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.
7. Estimated cost of works: \$3,600.00
8. Kind of works: A ditch diversion wing, headgate & ditch, 10' wide x 4' deep x 500' long, approximately. The holding pond will be approximately 10 surface acres & 4' deep.
9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam: Rock wing will extend into river channel to cause water diversion into ditch.
10. Size of headgate: Width 6 feet; height 6 feet.
11. Ditch: Width at bottom 8 feet; width at water line 12 feet; depth of water 2 feet; dimensions of flume:
Diameter of pipe inches; length of conduit miles.
Average grade per mile feet.
12. The time required for the completion of such work is one years.
13. The time required for the complete application of the water to the proposed use is two additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.
15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Permit No. 29870

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant State of Idaho, Department of Fish & Game

2. Source of water supply: Salmon River

3. Location of point of diversion: Is in the _____ Lot 8 of Section 36

T. 10 N. R. 13 E. B.M. County of Custer

4. Describe works as they exist, giving dimensions and capacities of same:

diversion ditch from Salmon River
leads to a (90' x 25' ±) holding pond about
3' deep

_____ chinook salmon and/or other game fish.

5. Water is used for: The operation of a fish holding pond in the taking of eggs from /

6. State whether or not water has been turned into works of diversion:

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number
of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other
than irrigation):

Waters from Salmon River will be diverted into a ditch which will be enlarged into a
pond. The waters will then be discharged back into Salmon River. A weir will be con-
structed within the Salmon River immediately above the pond discharge; also a fish
block weir will be constructed within the ditch immediately above the pond. The first
weir will direct the upstream fish migrants into the pond and the second weir will hold the
fish in the pond. The water use will be non-consumptive.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Works could handle much more water
than is used

Pond volume $\approx 3(90)25 = 6750 \text{ ft}^3$
allow 25 cfs

This examination was made on the 13th day of July, 1966.

(Signed)

Don W. Otto
Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Salter:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Challis Messenger, all submitted in proof of completion of works and beneficial use on Permit No. 29870.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

BOISE, IDAHO

RECEIVED

JUN 6 1962

Department of Reclamation

Permit No. 29870

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Robert L. Salter, acting for and on behalf of the Idaho Department of Fish and Game, 518 Front Street, Boise, Idaho, as its Acting Director.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 29870, dated June 29, 1961, priority date proposed June 23, 1961.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Salmon River; diversion point is N. 73°40' W. 1650 feet distant from the southeast corner of Section 36, Township 10 North, Range 13 East, Boise Meridian, and is in Lot 8 of said Section 36, Custer County.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Double headgate, each 5 ft. wide, 5 ft. in height, and 6 ft. in depth, of wood construction. Water flow is controlled by splashboard addition or removal. Ditch is 10 ft. wide, 4 ft. deep, 500 ft. in length, and will carry 25 c.f.s.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The operation of a fish holding pond for the taking of eggs from chinook salmon and/or other game fish. The place of use is a fish holding pond and the outlet waters to attract fish into the pond.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. ---

29870

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. A fish-holding and spawn-taking pond.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 25 c.f.s.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Waters of the Salmon River have been diverted through the canal and fish-holding and spawn-taking pond from June 30, 1961 to October 1, 1961, in the amount of 25 c.f.s.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

BOISE, IDAHORECEIVED
Department of ReclamationPERMIT NO. 29870**Proof of Application of Water to Beneficial Use****Deposition of Witness**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T. D. Biladeau, of legal age, residing at Boise, Idaho, and employed by
the Idaho Department of Fish and Game.Ques. 2. Are you acquainted with Robert L. Salter, the
holder of Permit No. 29870? How long have you known him and where does
he reside?Ans. Yes. I have known him for 10 years and he resides in Boise, Idaho.Ques. 3. Have you read or heard read said Permit No. 29870, and are you
familiar with its provisions and conditions?Ans. YesQues. 4. State source of water supply, place of diversion, and describe works for
conveying water from point of diversion to place of use.Ans. Salmon River, diverted at a point N. 73°40' W. 1650 feet distant from the
southeast section corner of Section 36, T. 10 N., R. 13 E., B.M., and is in Lot 8 of
said Section 36, Custer County.Ques. 5. How many second feet of water do you estimate said works will safely
conduct to place of use, and how much water have you seen being so conveyed?Ans. 25 c.f.s. I have observed 25 c.f.s. being conveyed.Ques. 6. State for what purpose water is used and at what place. (If for irrigation,
give each subdivision in which water has been used and number of acres irrigated in
each subdivision.) State whether cultivated or natural meadow land and the nature
of all improvements which have been made as a direct result of said use.Ans. Water is used in the operation of a fish-holding pond for the taking of eggs
for fish cultural purposes.

29870

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For fish cultural purposes by diversion into holding ponds for chinook salmon in the amount of 25 c.f.s.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ---

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In July of 1961 I observed waters of Salmon River being diverted in the amount of 25 c.f.s. and being conveyed through a canal to its place of use, a pond. The water flow is also used to attract fish into the impoundment area.

**COMPLETION OF WORKS &
APPLICATION OF WATER TO
BENEFICIAL USE**

NOTICE is hereby given that at 10:00 A.M., on the 4th day of June 1962, at Boise, County of Ada, State of Idaho, before Anne Epeldi, Notary Public, at (address) 518 Front Street, proof will be submitted of the completion of works for the diversion of 25 cubic feet per second on the waters of Salmon River, and of the application to beneficial use of said water, in accordance with the terms, and conditions of Permit No. 29870, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: State of Idaho, Department of Fish and Game, 518 Front Street Boise.

2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 10 cubic feet per second.

3. The use to which said water has been applied is the operation of a fish holding pond for taking fish eggs purposes, and the amount applied to beneficial use is 10 cubic feet per second.

4. The point of diversion of said water is North $73^{\circ}40'$ West 1650 feet distant from the southeast section corner of Section 36, Township 10 North, Range 13 East, Boise Meridian; in Lot 8, Sec. 36, T. 10 N., R. 13 E.,

5. The place where said water is used is Lot 8 of Section 36, Township 10 North, Range 13 East, Boise Meridian, Custer County.

6. The date of priority which said user is prepared to establish is June 23, 1961.

Re: Permit No. 29870

Mr. Robert L. Salter,
Acting Director,
Department of Fish and Game,
State of Idaho,
518 Front St.,
Boise, Idaho.

Dear Mr. Salter:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 29870. The proofs are to be made at 10:00 o'clock A.M., on the 4th day of June, 19 62, before Anne Speldi, 518 Front St., Boise, Idaho, Notary Public.

As of this date we have mailed the Notice to the Challis Messenger Challis, Idaho, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

NOTICE is hereby given that at 10:00 A. M., on the 4th day of June 19 62, at Boise, County of Ada, State of Idaho, before Anne Epeldi, Notary Public, at (address) 518 Front Street, proof will be submitted of the completion of works for the diversion of 10 cubic feet per second of the waters of Salmon River, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 29870, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is: State of Idaho, Department of Fish and Game, 518 Front Street, Boise
2. Said works of diversion will be fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use is 10 cubic feet per second.
3. The use to which said water has been applied is the operation of a fish holding pond for taking fish eggs purposes, and the amount applied to beneficial use is 10 cubic feet per second.
4. The point of diversion of said water is North 73°40' West 1650 feet distant from the southeast section corner of Section 36, Township 10 North, Range 13 East, Boise Meridian,
5. The place where said water is used is Lot 8 of Section 36, Township 10 North, Range 13 East, Boise Meridian, Custer County.

Total _____ acres.

6. The date of priority which said user is prepared to establish is June 29, 1961.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Robert Salter, Acting Director
Fish & Game Department

Boise, Idaho,

April 2, 1962

Dear Sir:—

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. ~~29869~~ **29870**.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before June 29, 1961. Upon receipt of the blank properly filled out, notice of publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

OEO, N. CARTER

State Reclamation Engineer
