**NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION OF WATER TO
BENEFICIAL USE**

Notice is hereby given that at 10:00 A. M. on the 28th day of July, 1955, at Stanley, County of Custer, State of Idaho, before F. W. Markle, Notary Public, proof will be submitted of the application to beneficial use of 1/10 cubic feet per second of the waters of Nip and Tuck Cr. in accordance with the terms and conditions of Permit No. 24325 heretofore issued by the Dept. of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Jason Vaught, Stanley, Idaho.

The use to which said water has been applied is Domestic and Irrigation.

The amount applied to beneficial use is 1/10 second feet.

The place where said water is used Lots 12, 13, 14, 15, 16, and 17 in Block 2 Stanley Townsite, Custer County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is No name. Pipe line.

The right to take water from such works is based upon Permit No. 24325.

The source of supply from which such water is diverted is Nip and Tuck Creek.

The date of priority which said user is prepared to establish is July 24, 1953.

License and Certificate of Water Right

Water License No. 24325
Water District No.

Amount 0.02 second foot
Priority July 24, 1953

THIS IS TO CERTIFY that JASON VAUGHT
of Stanley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 24, 1953; that Permit No. 24325
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
0.1 second foot, was issued thereunder on June 20, 1955, showing that said works
were completed on the 15th day of June, 1955; and that on the 28th
day of July, 1955,

JASON VAUGHT
of Stanley, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Nip &
Tuck Creek, a tributary of Salmon River, for the purpose of irrigation and domestic
use, under Use Permit No. 24325 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5611, on the 21st day of November, 1955;

The right hereby confirmed dates from July 24, 1953;

The Point of Diversion is located S. 80° 15' W. 268 feet from the Southwest corner Tract 6
1/4 Sec. 34, Tp. 11 N., R. 13 E., B. M. Custer County
(Stanley Townsite).

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 0.02 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Lots 12, 13, 14, 15, 16, 17, Block 2 Stanley Townsite.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
21st day of November, 1955.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 32117
PERMIT No. 24325
DISTRICT No.

71-2081

1. Name of Applicant: JASON VAUGHT

Postoffice address: Stanley

County: Custer

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. Quantity of water claimed: 1/10 second foot cubic feet per second.

3. Source of water supply: Nip & Tuck Creek which is a tributary of Salmon River

4. Location of point of diversion: S.80° 15' W., 268 feet distant from the SW cor. Tract 6 corner of Section 34, T. 11 N., R. 13 E. B. M., and is in the Stanley Townsite of Section, T., R., B.M., County of Custer

5. Water is to be used for Domestic use and irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section, T., R., B.M., in the of Section, T., R., B.M.

7. Estimated cost of works: \$ 750.00

8. Kind of works: pipe

9. Height of dam none feet; length of dam at top - feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:

Diameter of pipe 3" inches; length of conduit 2000 ft. miles.

Average grade per mile 200 Ft. feet.

400 feet of head pipe to be used will be 3 inches, thence reduced to 2 inches for the balance.

12. The time required for the completion of such work is 2 years.

13. The time required for the complete application of the water to the proposed use is same additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? No If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 24325

This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Jason Vaught, Stanley, Idaho

2. Source of water supply: Nip & Tuck Creek

S. 80 15' W. 268 feet from the S.W. corner Tract 6,

3. Location of point of diversion: Is in the _____ of Section 34

T. 11 N. R. 13 E. County of Custer (Stanley Townsite)

4. Describe works as they exist, giving dimensions and capacities of same: At the point of diversion there is a small low dam 5' long across the stream. There is an iron pipe 3" in diameter with a screen over the end that leads from the pool down stream to the place of use. Pipe size goes from 3" to 2" to 1 1/2" diameter. There are two 1 1/2" main outlets in the yard at the place of use. This water is used for irrigation and for laundry use.

5. Water is used for: Irrigation and domestic purposes.

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Lots 12 to 17 inclusive, Block 2, Stanley Townsite. - Place of use.

In old Stanley. Downstream one mile from intersection at New Stanley.
See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This property is intended for motel or residence use.
Mostly lawn and some garden is all the irrigation.
Only 19 foot head therefore not too much water.

This examination was made on the 25 day of October, 1958

Permit No. 24325

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Jason Vaughn, Mining, residence and
P.O. address Stanley, Ida.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am the individual permit holder

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 24325 - July, 24, 1953

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Nip & Luck Creek, S. 80° 15' W. 268 feet from the
S. W. corner of tract 6 of section 34, township 11 north, Range 13 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Starting at head with 3 in. pipe then several hundred
feet of 2 in. pipe and finished with 1 1/2 in. pipe.
Engineers estimate 10 second foot.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. irrigation, lots 12, 13, 14, and 15 are now
irrigated. lots 16 and 17 are not ready for irrigation
yet. lot 14 has a nice garden. Balance in grass
and flowers except where house and garage
set on lot 15.

24325

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. *not used for power*

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. *approximately 1/2 second foot*

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. *I am the original permit holder*

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *spring, summer and early fall. full amount about two times per week. balance of time sprinkler and small hose used almost every day*

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. *I used a 1 1/2 in. centrifugal pump prior to installing pipe line.*

(Sign) *Jason Vaughn*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in *Stanley*, County of *Custer*, State of Idaho, on this *28th* day of *July*, A. PERMIT NO. 24325

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Geo M. Strowbridge - 64 - Mining
Stanley Idaho.

Ques. 2. Are you acquainted with Jason Vaughn, the holder of Permit No. 24325? How long have you known him and where does he reside?

Ans. yes, over one year Stanley Idaho.

Ques. 3. Have you read or heard read said Permit No. 24325, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Nip and Tuck Creek, S, 80° 15' W. 268 feet from
the Southwest Corner of Tract 6 of Section 34,
Township 11 North, Range 13 East, B. M. (Stanley Townsite)
Conveyed by Pipeline.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 10 second feet of water, Full Amount.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation, Lots 12, 13, 14, 15, 16, and 17
Block 2 Stanley Townsite,
Part Cultivated Part Natural grass.

The use of this water makes it possible for the holder of
this permit to raise a good garden and have a nice green
lawn and raise lots of nice flowers, also for laundry purposes.
I have also used this water to irrigate with for over a year,
on this property

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 24325

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Glen Vaught - 57 - mining
Stanley, Idaho.

Ques. 2. Are you acquainted with Jason Vaught, the holder of Permit No. 24325? How long have you known him and where does he reside?

Ans. Yes, 57 years, Stanley, Idaho.

Ques. 3. Have you read or heard read said Permit No. 24325, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Nip and Tuck Creek, S. 80°15' W. 268 feet
from the Southwest corner of tract 6 of section 34,
Township 11 North, Range 13 East, B.M. (Stanley Townsite)
Conveyed by pipeline.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1/10 second feet of water. Full amount.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic and irrigation. Lots 12, 13, 14, 15, 16
and 17 Block 2 Stanley Townsite.

Part cultivated part natural grass.

The use of this water makes it possible for the
holder of this permit to raise a good garden and have
a nice green lawn and raise lots of nice flowers,
also for laundry purposes.

24325

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not used for power.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Granite sandy loam soil.
Approximately 1/2 second foot.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Summer of 1954 and summer of 1955 up to
present date, sprinkling, irrigation and domestic use.
Full amount.

RE: Permit No. 24325

Mr. Jason G. Vaught
Stanley
Idaho

Dear Mr. Vaught:

We enclose Certificate of Completion of Works issued on Permit No. 24325 for the diversion of 1/10 of a second foot of water from Nip & Tuck Creek with point of diversion in Tract 6 of Section 34, Township 11 North, Range 13 East, B.M. (Stanley Townsite) for irrigation and domestic use on Lots 12, 13, 14, 15, 16 & 17 Block 2 of Stanley Townsite.

We also enclose departmental receipt No. 27400 for the \$5.00 fee in connection with completion of works proof.

We shall send to the Challis Messenger, notice for beneficial use proof to be made on this Permit July 28, 1955, with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with statement of costs.

At the time set, you should appear before Mr. F. W. Markle, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

MARK R. KULP

BOISE
May 1, 1955

Dear Sir:

Under the terms of your permit No. 24325 you are required to complete your diversion works and make proof of beneficial use on or before July 28, 1955.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is July 28, 1955, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP
