Dear Mr. Taylor:

We wish to acknowledge receipt of your letter of June 3, 1958, in which you referred to a water license in connection with Permit No. 21260, in the name of J. W. Newman, of Twin Falls.

Under date of August 22, 1952, this department wrote a letter to Mr. J. W. Newman, which reads as follows - "The report of our field engineer on examination for beneficial use on Permit No. 21260, shows that you have irrigated 310 acres of land in the NW $\frac{1}{4}$, S $\frac{1}{2}$ NE $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ Section 6, Township 8 North, Range 14 East, B. M.

Therefore, upon the receipt of the statutory fee of \$16.00, which is at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a license will be issued for 6.2 second feet, or 310 inches of water from the Salmon River."

To date we have not received the statutory fee of \$16.00 and upon the receipt of same, a license can be issued.

Re: Water Permit 21260

Dear Mr. Kulp:

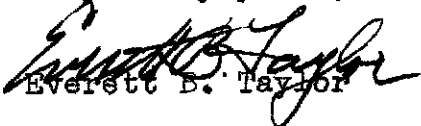

In 1950 I assisted my client Mr. J. W. Newman of Twin Falls, Idaho, in obtaining the above permit.

Mr. Newman does not recall of ever having received a permanent license from your office or if one was issued he has mislaid it.

In the event a license was never issued or an inspection of the workings was not made by your department, would you kindly have such an inspection made as Mr. Newman has been applying all the water granted in the permit and all the 320 acres contained in the property in question has been under cultivation for the past six or seven years. However, if your records show that a license was issued to my client, could your office issue a duplicate license to him. Mr. Newman's address is 251 Buchanan Street, Twin Falls, Idaho.

Permit No. 21260

This proof is for Beneficial use In Water District No. _____1. Name of applicant J. W. Newman, Buchanan St., Twin Falls, Idaho2. Source of water supply: Salmon River3. Location of point of diversion: Is in the SE¹₄ SE¹₄ of Section 8T. 8 N. R. 11 E. County of Custer

4. Describe works as they exist, giving dimensions and capacities of same: A rock dam (rebuilt yearly) extends at an angle into the Salmon River. A good sized canal extends from the dam to the South East corner of the pasture. There is a large heavy concrete headgate approx. 100' down the ditch from the dam, size 18' long x 5' w. at throat x 4' high. Two inch planks 5' long are used as flash boards. This canal is capable of carrying three times the amount of water claimed and indeed is carrying much more than the allowance. However there is a very heavy transmission loss. A grass sheep pasture is being developed. Land is quite flat and not too much effort is required to get the water spread.

5. Water is used for: Irrigation.6. State whether or not water has been turned into works of diversion: yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S¹₂ NE¹₄, NW¹₄, N¹₂ SE¹₄ Section 6, Twp. 8 North, Range 11 East, B. M.

See map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Out of Main Salmon

Dear Mr. Taylor:

We have received from Mr. Oliver T. Lewis, the depositions of Mr. J. W. Newman and two witnesses, also Affidavit of Publication in the Challis Messenger; all submitted in proof of Beneficial Use under Permit No. 21260.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mr. Newman at the time the examination is made so that arrangements may be made to show him over the grounds.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 21260.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On October 23, 1950, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Challis, Idaho before Oliver T. Davis, Notary Public,

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

Re: Permit No. 21260

I have your letter of September 14, 1950,
relative to the above subject.

I would greatly appreciate your sending the
forms for making proof of the beneficial use directly
to me.

I note that the date set for making the
proof before the Notary is October 22, 1950. That
happens to be a Sunday, but I assume that if the
proof is taken on Monday, October 23, 1950, it will
be sufficient. In the event the proof should be
taken on some other date and the Notice in the paper
should be changed, please let me know.

Thanking you again for your kind cooperation,
