

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE

Notice is hereby given that 10:00 A. M. on the 27th day of December, 1943 at Challis, County of Custer, State of Idaho, before A. R. Weichbrodt, Notary Public, proof will be submitted of the application for beneficial use of .0356 cubic feet per second of the waters of Rasche Spring in accordance with the terms and conditions of Permit No. 18949 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America, Forest Service, Ogden, Utah.

The use to which said water has been applied is domestic and recreational.

The amount applied to beneficial use is .0356 second feet.

The place where said water is used is Stanley Lake Public Camp Ground, located on the north shore of Stanley Lake, Challis National Forest and within the SE¼ of Section 28, Twp. 11 N., R. 12 E., B. M. Water is available for use at this camp ground through seven camp ground hydrants and one drinking fountain.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Stanley Lake Camp Ground Water System (Pipeline).

The right to take water from such works is based upon Permit No. 18949.

The source of supply from which such water is diverted is Rasche Spring.

The date of priority which said user is prepared to establish is February 23, 1940.

JAMES SPOFFORD,
37-4 State Reclamation Engineer

18949

State of Idaho
License and Certificate of Water Right

Water License No. 18949
Water District No. _____

Amount 20000 second feet
Priority February 23, 1940

THIS IS TO CERTIFY that UNITED STATES OF AMERICA, FOREST SERVICE
of Ogden, Utah, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 23, 1940; that Permit No. 18949
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
20000 second feet, was issued thereunder on December 20, 1943, showing that said works
were completed on the 16th day of November, 1943; and that on the 27th
day of December, 1943,

UNITED STATES OF AMERICA, FOREST SERVICE

of Ogden, State of Utah, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Rasche Spring
, a tributary of Stanley Lake, for the purpose of domestic and recreational use at Stanley
Lake Camp Ground, under Use Permit No. 18949 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 7
of Licenses, at page 4250, on the 27th day of March, 1945;

The right hereby confirmed dates from February 23, 1940;

The Point of Diversion is located N. 1° 2' W. 723.8 ft. from S. 1/4 cor. Sec. 28, T. 11 N., R. 12 E., B.M.
in the SE 1/4 SW 1/4, Sec. 28, Tp. 11 N., R. 12 E., B. M. Custer County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 20000
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Stanley Lake Public Camp Ground on the North shore of Stanley Lake, Challis National Forest, and within the Southeast Quarter of Section 28, Township 11 North, Range 12 East, B.M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

State Reclamation Engineer

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 27th day of March, 1945

APPLICATION FOR PERMIT
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 25352
Permit No. 18949
District No.

1. Name of Applicant: UNITED STATES OF AMERICA, FOREST SERVICE
Postoffice address: Ogden County: Weber State: Utah
- I. If applicant is a corporation, give:
- (a) Date and place of incorporation:
 - (b) Amount of capital stock:
 - (c) Amount paid in:
 - (d) Names and addresses of directors:
- II. The financial resources of the applicant are:
- (a) Cash on hand:
 - (b) Treasury stock:
 - (c) Bonds to be issued:
 - (d) Other resources:
2. Quantity of water claimed: .0356 cubic feet per second.
3. Source of water supply: Rasche Spring which is a tributary of Stanley Lake
4. Location of point of diversion: N. 1° 02' W. 733.8 feet distant from the South $\frac{1}{4}$ corner of Section 28, T. 11 N., R. 12 E., B. M., and is the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 28, T. 11 N., R. 12 E., B. M., County of Custer
5. Water is to be used for: Domestic and recreational uses on Stanley Lake Campground
6. If for mining, milling, power or manufacturing purposes, give:
- (a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.
 - (b) Amount of power generated: H. P., under feet head.
 - (c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.
7. Estimated cost of works: \$
8. Kind of works: Pipe line
9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:
10. Size of headgate: Width feet; height feet.
11. Ditch: Width at bottom feet; width at water line feet; depth of water feet; dimensions of flume:
- Diameter of pipe 3 to 1 $\frac{1}{2}$ inches; length of conduit .819 miles.
- Average grade per mile 70 feet.
12. The time required for the completion of such work is One years.
13. The time required for the complete application of the water to the proposed use is No additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

UNITED STATES OF AMERICA, FOREST SERVICE Applicant.

By A. L. Anderson Agent.
Acting Regional Forester

Date of first receipt at Department of Reclamation: 9:00 A. M. February 23, 1940

Returned to applicant for correction:

Corrected application received:

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 18949

Recorded in Book 69 Page 18949 Approved March 8, 1940

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before May 7, 1940

and to continue diligently and uninterruptedly to completion,

unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before September 8, 1940

The whole of said work to be completed on or before March 8, 1941 1941

Beneficial use of water appropriated in accordance herewith, to be made on or before March 8, 1941 1941

Witness my hand this 8th day of March, 1940

Re: Permit No. 18949

Mr. E. E. McKee, Forest Supervisor
Challis National Forest
Challis, Idaho

Dear Mr. McKee:

Reference is made to your letter of February 3rd, by Mr. H. G. Smith, acting, in reply to office letter addressed you under date of January 30th, advising of \$5.00 license fee under the above numbered permit.

There are two proofs required in order to complete a water right, completion of works proof, and proof of beneficial use, and there is a statutory fee in connection with each proof.

Completion of works proof was made under this permit by affidavit on November 16, 1943, and \$5.00 fee was paid as stated in your letter, and certificate of completion of works sent you on December 21, 1943.

Beneficial use proof was made on December 27, 1943, and acknowledged by office letter dated December 31st, which advised that final action could not be taken until after an examination and report by a field engineer from this department.

This examination has been made and report filed, as per our letter of January 30th, and the \$5.00 fee now required is in connection with this final proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Sir:

We are in receipt of your letter dated January 30, 1945 relative to Permit No. 18949.

As we are not familiar with the requirements of the State as to charges in the handling of cases of this kind, it will be appreciated if you will advise us on this point. Mr. Spofford requested a payment of \$5.00 in his letter of November 22, 1943, prior to the issuance of a certificate of completion of works. A voucher was prepared in this office in that amount on January 4, 1944 and forwarded to the Regional Forester for payment. If the payment called for in your letter is an additional charge, of course, we shall prepare another voucher promptly after hearing from you.

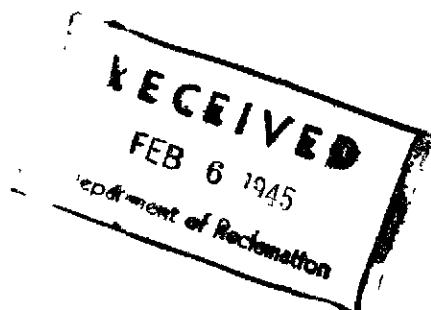

Very truly yours,

E. E. McKee, Forest Supervisor

Dear Mr. Stefford:-

Proof of the application to beneficial use of water of Rasche Spring was made on December 27 as planned and we understand that Mr. Weichbrodt has forwarded the papers to your office. We expected them returned to us for submission to you and for this reason there was no voucher forwarded to cover the fee on Deposition of Holder.

However, we have prepared this voucher, which is attached, for your signature. After signing, please return it to us and same will be submitted at once to our Regional Office for payment.

Very sincerely yours,

E. E. McKee
Forest Supervisor.

Re: Permit no. 18949

Mr. . . . McKee,
Forest Supervisor,
Challis National Forest,
Challis, Idaho

Dear Mr. McKee:

We acknowledge receipt of the deposition of yourself as holder, depositions of two witnesses, and affidavit of publication from the Challis Messenger, all in connection with beneficial use proof under the above numbered permit.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, as this Department has but one field engineer, who makes examinations all over the State.

However, Mr. Tolman, field engineer for this Department, will try to contact you at the time he makes the examination, so that you may arrange to show him over the ground.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Permit No. 18949

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. United States of America, Forest Service, Ogden, Utah.

By E. E. McKee, Forest Supervisor, Challis, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 18949 February 23, 1940

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Rasche Spring. N. 1°02' W. 733.8 Ft. from S. 1/4 Cor. Sec. 28, T. 11 N.,
R. 12 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Concrete and iron storage tank at spring. 4,905 feet galvanized iron two
and three inch pipe leading to and through camp ground. .0356 second feet used.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. To provide the Stanley Lake public camp ground (recreational) area with water
for drinking and other domestic uses. Campground is situated in the SE 1/4
of Sec. 28, T. 11 N., R. 12 E. B. M.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used only to supply the campground with water for the purposes stated above.

18949

E. E.
McKee

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. .0356 second feet.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used since September 1940 to provide water for the Stanley Lake campground.

The amount applied for (.0356 CFS) has been used annually from June to October.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No 18949

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Roy Chivers, Age 57, Challis, Idaho. Stockman

Ques. 2. Are you acquainted with _____, the holder of Permit No 18949 _____? How long have you known him and where does he reside?

Ans. Yes

Ques. 3. Have you read or heard read said Permit No 18949 _____, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Rasche Spring, on the north side of Stanley Lake. Point of diversion is
N. 1° 02' W. 733.8 feet from the S 1/4 Cor. of Sec. 28, T. 11 N., R. 12 E. B. M.
A galvanized iron pipe line carries the water from the spring to the Stanley
Lake Campground.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. .0356 cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. It is used to supply the Stanley Lake Campground with water for drinking
and other domestic use. There are seven hydrants and one drinking fountain
supplied from this source.

18949

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. Not used for power or any other purpose than that stated in the previous question.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. _____

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have run cattle in the area around Stanley Lake for many years and know that the Stanley Lake Campground has been supplied with water from the Rasche Spring as indicated under Question 4 since the fall of 1940.

(Signed) _____

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Challis, County of Custer, State of Idaho, on this day of December 27, A. **NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that 10:00 A. M. on the 27th day of December, 1943 at Challis, County of Custer, State of Idaho, before A. R. Weichbrodt, Notary Public, proof will be submitted of the application for beneficial use of .0356 cubic feet per second of the waters of Rasche Spring in accordance with the terms and conditions of Permit No. 18949 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America, Forest Service, Ogden, Utah.

The use to which said water has been applied is domestic and recreational.

The amount applied to beneficial use is .0356 second feet.

The place where said water is used is Stanley Lake Public Camp Ground, located on the north shore of Stanley Lake, Challis National Forest and within the SE 1/4 of Section 28, Twp 11 N., R 12 E., B M Water is available for use at this camp ground through seven camp ground hydrants and one drinking fountain.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Stanley Lake Camp Ground Water System (Pipeline).

The right to take water from such works is based upon Permit No 18949

The source of supply from which such water is diverted is Rasche Spring.

The date of priority which said user is prepared to establish is February 23, 1940.

JAMES SPOFFORD,
State Reclamation Engineer

PROOF OF BENEFICIAL USE OF WATER

Re: Permit No. 18949

BOISE, IDAHO, December 17, 1943

Mr. A. R. Weichbrodt
Notary Public
Challis, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 18949, in the name of U. S. A. Forest Service, (E. L. McKee, Forest Supervisor)

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 27, 1943, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Challis, Idaho before A. R. Weichbrodt, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD

Commissioner of Reclamation.

JAMES STOFFORD

Commissioner of Reclamation,
 State Reclamation Engineer

18949

✓
November 22, 1943

Re: Permit No. 18949

Mr. L. L. McKee
Forest Supervisor
Challis National Forest
Challis, Idaho

Dear Mr. McKee:

Reference is made to your letter of November 17th,
with enclosures as stated.

The affidavit of completion of works has been approved,
and upon receipt of the statutory fee of \$.50 a Certificate
of Completion of Works will be issued.

A voucher for this fee was sent from the Ogden office,
but was made out in the name of the former Commissioner
of Reclamation, E. V. Berg, and was returned for correction.

The notice of your intention to make beneficial use proof
on December 27th has been sent to the Challis Messenger for
publication. We have, however, made a few slight corrections,
as follows:

1. The amount of water called for in your permit is .0356
second foot instead of .05 second foot.
2. The date of priority is February 23, 1940, which is the
date the application was filed with this Department.

We are enclosing the forms upon which to make this beneficial
use proof, and about ten days prior to the date set we shall
send duplicate forms to Mr. A. R. Weistroit, the Notary Public,
so that he may have them in ample time for the proof. These
forms are to be executed by a representative of the holder and
two disinterested witnesses, who are familiar with the terms of
the permit, and the work constructed thereunder.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Re: Permit No. 18949

Regional Forester
U. S. Forest Service
Ogden, Utah

Attention to. A. G. Nord, Acting

Dear Sir:

Reference is made to your letter of November 6th, enclosing affidavit in proof of Completion of Works under Permit No. 18949 for Rasche Spring.

We are returning this affidavit for correction in several details, as follows:

1. The permit is in the name of the United States of America, Forest Service, and the affidavit should show the official capacity of Mr. V. L. Despain who makes the affidavit on behalf of the Forest Service.
2. The affidavit must be signed and acknowledged by a Notary Public.

We are also returning the voucher, inasmuch as Mr. Berg has not been the Commissioner of Reclamation since January, 1943, and the present head of the Department of Reclamation is James Spofford, State Reclamation Engineer, to whom the voucher should be made.

In order to make final or beneficial use proof, it is necessary to publish a notice of your intention to make such proof for four consecutive weeks prior to the date set for proof. Form No. 10, enclosed, should be made out in duplicate, setting the date of proof sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other official authorized by law to administer oaths before whom the proof will be made. Both copies of Form No. 10, and Form No. 11, authorizing us to have the notice published in a newspaper that you may designate in the county where the water is located, should be returned to this Department.

Upon receipt thereof, the notice will be sent to the newspaper with instructions in regard to publishing, and the proper forms of deposition for the permit holder and two witnesses will be sent you.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Dear Sir:

Enclosed is an Application for Permit on Rasche Spring with
a voucher to cover costs of filing.

Please sign this voucher where indicated and return it to
this office so payment can be made at the earliest date possible.

The maps on this project are being forwarded under separate
cover.

Very truly yours,

C. N. WOODS
Regional Forester

By:

Acting.

Enclosure

18949

Bill J. Michael, deceased.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
WATER TO BENEFICIAL USE**

Notice is hereby given that 10.00 A. M. on the 27th day of December, 1943 at Challis, County of Custer, State of Idaho, before A. R. Weichbrodt, Notary Public, proof will be submitted of the application to beneficial use of .0356 cubic feet per second of the waters of Rasche Spring in accordance with the terms and conditions of Permit No. 18949 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are United States of America Forest Service, Ogden, Utah

The use to which said water has been applied is domestic and recreational

The amount applied to beneficial use is .0356 second feet

The place where said water is used is Stanley Lake Public Camp Ground, located on the north shore of Stanley Lake, Challis National Forest and within the SE $\frac{1}{4}$ of Section 28, Twp. 11 N., R. 12 E., B. M. Water is available for use at this camp ground through seven camp ground hydrants and one drinking fountain

The name of the canal or ditch or other works by which said water is conducted to such place of use is Stanley Lake Camp Ground Water System (Pipeline)

The right to take water from such works is based upon Permit No. 18949

The source of supply from which such water is diverted is Rasche Spring.

The date of priority which said user is prepared to establish is February 23, 1940.

JAMES SPOFFORD,

37-4 State Reclamation Engineer

December 1 - 43
