Dear Sir:-

A short time ago we received the report of our
field engineer on examination for beneficial use
under the above numbered permit.

This report shows that you are irrigating eighty
acres of land in two 40-acre legal subdivisions.

Therefore, the fee will amount to \$4.00, upon receipt
of which a license will be issued.

Dear Sir:

This will acknowledge receipt of the depositions of the holder, depositions of two witnesses, and the affidavits of proof of publication from the newspaper, all in connection with beneficial use proofs under the two above numbered permits.

Before final action can be taken in these matters, the law requires that a field examination be made by an engineer from this department. We are unable to say just when these examinations will be made, since the Department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his reports are on file in this office you will be further notified as to fees due before the issuance of your licenses.

J. G. Hedrick
Attorney at Law
Hailey, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 17301

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On August 11, 1938, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Hailey, Idaho. before J. G. Hedrick, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

R. W. FARIS

Commissioner of Reclamation.

Re: Permits 17189, 17301 & 17302.

Mr. J. C. Hedrick
Attorney at Law
Hailey, Idaho

Dear Sir:

This will acknowledge receipt of notices for publication in connection with beneficial use proofs, and also your authorization to have the notices published in the Challis Messenger, Challis, Idaho, all in connection with Permits 17189, 17301 and 17302.

Copies of the notices in connection with permits 17301 and 17302 have been mailed to the newspaper with instructions to publish them once a week for four consecutive weeks prior to August 11th, 1938, the date we set for the proofs, the space for such date having been left blank in the notices. About ten days prior to this date two sets of depositions, each set consisting of one for the holder and one each for two witnesses, will be mailed to you so that you will have them in ample time for the proofs. If this date should happen not to meet with the convenience of you and the permit holder, please notify us at once, as well as the newspaper.

Permit No. 17189 appears on our records in the name of P. G. Snedecor. In order that our records may show that this permit has been conveyed to the Idaho Rocky Mountain Club, Inc., will you please have the enclosed short form of assignment executed by Mr. Snedecor and returned to this office at once; or you may send the deed whereby the rights to this permit were conveyed to the Idaho Rocky Mountain Club, Inc., so that it may be recorded in this department. As soon as this matter is cleared on our records, we will send the notice in connection with this permit to the newspaper for publication also. If this matter is taken care of at once, the proof in connection with this permit may be made on August 11th also.

You should contact the person acting as agent for the Idaho Rocky Mountain Club, Inc., and have him appear at your office at 10:00 A. M., August 11th, 1938, with two disinterested witnesses who are familiar with the terms of the permits and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

R. L. FENN

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

The Idaho Rocky Mt. Club, Inc.
Stanley, Idaho

Boise, Idaho,

Dear Sir:—

Under the terms of your permit No. 17301 you are required to complete your diversion works on or before May 19, 1932. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

R. W. FARIS
Commissioner of Reclamation.
