NOTICE FOR PUBLICATION

NOTICE OF PROOF
APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 2:00 P. M. on the 2nd day of September, 1937, at Stanley, County of Custer, State of Idaho, before F. W. Markle, Notary Public, proof will be submitted of the application to beneficial use of 1.6 cubic feet per second of the waters of Champion Creek in accordance with the terms and conditions of Permit No. 12434 heretofore issued by the State Engineer of the State of Idaho.

The name and post office address of the person or corporation holding said permit are Frank G. Fisher, Obisidian, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 1.6 second feet.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) W $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 27, T. 8 N., R. 14 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditch.

The right to take water from such works is based upon Permit No. 12434.

The source of supply from which such water is diverted is Champion Creek.

The date of priority which said user is prepared to establish is July 29, 1930.

R. W. FARIS
19-4 Commissioner of Reclamation

AFFIDAVIT OF PUBLICATION

State of Idaho,
County of Custer, ss.

I, Halsey M. Gridley, manager of The Challis Messenger, a weekly newspaper, published at Challis, Idaho, do solemnly swear that the notice hereto attached and made a part hereof, was published in the regular and entire issue of The Challis

Messenger for 4
consecutive weeks commencing with the issue dated

August 4, 1937, and ending with the issue dated

August 25, 1937.

License and Certificate of Water Right

Water License No. 12434

Amount 1.1 second feet

Water District No.

Priority July 29, 1930

THIS IS TO CERTIFY that FRANK G. FISHER
of Stanley, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated July 28, 1939; that Permit No. 12434
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.6 second feet, was issued thereunder on September 30, 1941, showing that said works
were completed on the 1st day of September, 1941; and that on the 2nd
day of September, 1937,

FRANK G. FISHER

of Obsidian, State of Idaho, made proof to the satisfaction of the
Commissioner of Reclamation of Idaho, of the right to use the waters of Champion Creek
, a tributary of Salmon River, for the purpose of irrigation
, under Use Permit No. 12434 of the Commissioner of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7
of Licenses, at page 3949, on the 20th day of April, 1939;

The right hereby confirmed dates from July 29, 1930;

The Point of Diversion is located
in the NW 1/4 NW 1/4, Sec. 23, Tp. 8 N., R. 14 E., B. M., Custer County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 1.1
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
8 N.	14 E.	27	NW 1/4 NW 1/4	40	40
			SW 1/4 NW 1/4	40	40
			Total Number of Acres irrigated-		80

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use
herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation, affixed at Boise, Idaho,
this 20th day of April, 1939

JAMES SPOFFORD

Commissioner of Reclamation

(SEAL)

PERMIT No. 12434
No. 17843

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

71-2026

District No. 3 A.

1. Name of applicant: Frank G. Fisher

Postoffice address: Stanley

County: Custer

State: Idaho

I. If applicant is a corporation, give

- (a) Date and place of incorporation:
- (b) The amount of capital stock:
- (c) The amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is One and six tenths (1.6) cubic feet per second.

3. Source of water supply: Champion Creek which is a tributary of Salmon River

4. Location of point of diversion: NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 23, T. 8 N.R. 14 E.B.M.

County of Custer

5. To be used for: Irrigation

I. Irrigation and domestic use: (a) Amount of land to be irrigated: 80

acres.

(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under

ft. head

(c) Is water to be returned to any stream?
point of return:

(d) If so, name stream and locate

6. Estimated cost of works: \$300

7. Description of works for diversion:

I. Kind of works: Ditch

II. Dimensions of works:

(a) Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

(b) Capacity of reservoir

acres feet.

(c) Size of headgate, width

two feet,

Height two

feet.

(d) Conduit

ditch

width at bottom

two feet,

width at water line two & one-half feet, depth of water one

feet; diameter of pipe

inches; average grade per mile is eight feet. Length of conduit is two miles, and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is three years.

9. Time required for the complete application of the water to the proposed use is two additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Frank G. Fisher

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 9:00 A.M. July 28th, 1916.

Returned to applicant for correction August 1, 1916

Corrected application received August 12, 1916

APPROVAL OF STATE ENGINEER

The number of this permit is 12434

Recorded in Book 43 Page 12434 Approved September 1, 1916

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of to be filed on or before

Work to begin on or before October 30, 1916 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before March 1, 1918

The whole of said work to be completed on or before September 1, 1919

Beneficial use of water appropriated in accordance herewith, to be made on or before September 1, 1921

Witness my hand this 1st day of September, 1916

J.H. Smith.

State Engineer.

Remarks:

15. (a) Is reservoir to be used? No.

Remarks: Government land, Desert Entry.

The land to be irrigated is described in the following tabulation:

Twp.:Range:Sec		NE 1/4				NW 1/4				SW 1/4				SE 1/4				Totals.
		NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
8 N	14 E	27						40	40									80

Total Number of Acres to be Irrigated 80

Upon proper application of the holder of the above numbered permit, I have this 11th day of July, 1919, extended the time for completion of works thereunder to Sept. 1, 1921

W. G. Swendsen
Commissioner of Reclamation
By: S. T. Baer, Deputy.

Proof of Completion of Works made September 1, 1921.
Certificate issued September 30, 1921.

Permit No. 12434.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that Frank G. Fisher, of Obsidian, County of Custer, and State of Idaho, the holder of Permit No. 12434, issued upon Application No. 17843 bearing date of priority of July 28, 1916, authorizing the diversion of 1.6 second feet of the waters of Champion Creek, County of Custer, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.6 second feet of the waters of Champion Creek; that the point of diversion of said waters is in the NW 1/4 NW 1/4 Section 23, T. 8 N., R. 14 E., B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: W 1/2 NW 1/4 Section 27, T. 8 N., R. 14 E., B. M.

Witness my hand this 30th day of September, A. D. 1921.

W. G. SWENDSEN,
Commissioner of Reclamation
By: Geo. B. Archibald,
Assistant.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 12434

Comes now Frank G. Fisher, and represents to the Commissioner of Reclamation of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 12434, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

NW $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 27, T. 8 N., R. 14 E., B. M.,

making a total of 80 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Obsidian, Idaho, this 31st day of March, 1938.

FRANK G. FISHER

Date of receipt at Office of Department of Reclamation: April 5, 1938.

APPROVAL OF COMMISSIONER OF RECLAMATION.

I, R. W. FARIS, Commissioner of Reclamation of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 12434. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

R. W. FARIS
Commissioner of Reclamation

Received and filed for record in the
Department of Reclamation at Boise,
Idaho, at 4:00 P. M., April 5, 1938.

R. W. FARIS
Commissioner of Reclamation
By J. L.

WHEREAS, the "Report of Engineer" conforms with the original permit; and

WHEREAS, correspondence from the owner confirms his findings;
Section 27, T. 8 N., R. 14 E., B.M.

I, THEREFORE, ORDER that the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ NW $\frac{1}{4}$ be held as the correct land list under Permit No. 12432, and that the amended land list be declared void and of no effect.

Dated this 20th day of April, 1939.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

REPORT OF ENGINEER

Permit No. 12434

This proof is for **Beneficial use**

In Water District No.

- ✓ 1. Name of applicant **Frank G. Fisher, Obsidian, Idaho**
- ✓ 2. Source of water supply: **Champion Creek, a tributary of Salmon River**
- ✓ 3. Location of point of diversion: Is in the **NW $\frac{1}{4}$ NW $\frac{1}{4}$** of Section **25**
T. **8 N.** R. **14 E.** County of **Custer**

✓ 4. Describe works as they exist, giving dimensions and capacities of same: *Wing diversion dam 30 ft. long x 5 ft. Max. height. Head gate 4' high x 5' wide x 6' long. Ditch 6 ft. wide on bottom x 15 ft. deep*

✓ 5. Water is used for: **Irrigation**

✓ 6. State whether or not water has been turned into works of diversion: *yes*

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): **N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 27, Township 8 North, Range 14 East, B.M.**

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? *Salmon River*

Remarks: *The above named point of diversion and upper section of ditch also serve for the McVey (formerly "Young") water right.*

This examination was made on the

28th

day of *August*, 19*38*

County ~~Guslar~~

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions

Re: Permit No. 12434.

Mr. Frank G. Fisher
Obsidian, Idaho

Dear Sir:

In view of the fact that your letter of March 31st states that your deed is for the $W\frac{1}{2}$ NW $\frac{1}{4}$ of Section 27, T. 8 N., R. 14 E., B. M., rather than the $W\frac{1}{2}$ NE $\frac{1}{4}$ of the section, the Department will hold your application for amendment to the land list under the above-numbered permit in abeyance, and will not issue a license under this permit until our field engineer has made another examination of the lands being irrigated under this permit, so that the license will not be in error.

The Department's Receipt No. 16582 for the \$4.00 fee you paid in connection with your final proof under this permit is herewith enclosed. Just as soon as our field engineer ascertains just what lands are being irrigated, a license will be issued to you.

Very truly yours,

By J. L.

Commissioner of Reclamation.

(Over)

12434

Effective April 10, 1911

Department of Reclamation

REGULATIONS AS TO AMENDED APPLICATION AND PERMIT.

Section 3255 of the Revised Codes, provides for the amendment of a permit as to lands upon which the water is to be used. The permit holder, to avail himself of the provisions of this section, should fill out and file with the Commissioner of Reclamation the application blank found upon the reverse side of the sheet. If there is not sufficient room in such blank for the legal description of the amended list of lands, this may be submitted as an exhibit, proper reference thereto being made in the application.

Before amended permit will be granted applicant must file with the application two maps, showing the following details:

- (a) Name of applicant.
- (b) Section, town and range numbers, where public survey has been made.
- (c) Source or sources of supply.
- (d) Point or points of diversion.
- (e) Route of ditch or ditches, including laterals delivering water within one mile of each 160 acre tract of the lands to be irrigated.
- (f) Lands to be irrigated to be shown by cross-hatching, outlining, or coloring.

If original permit called for more than 25 cubic feet per second, the maps must be prepared from actual survey and must be certified to by engineer in charge of survey, in the following form:

I hereby certify that this map was prepared from an actual survey made by me.....
19..... and correctly shows position of points indicated thereon.

.....
Engineer.

Re: Permit No. 12434.

Mr. Frank G. Fisher
Obsidian, Idaho

Dear Mr. Fisher:

I have just received our engineer's report on proof of beneficial use on the above numbered permit. In checking this report, I find that our engineer shows the lands being irrigated as being in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ and SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 27, T. 8 N., R. 14 E., B. M., rather than the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 27, T. 8 N., R. 14 E., B. M., as named in your permit. I am herewith enclosing a form for application for amendment to amend the land list under the above numbered permit. This amendment must be made so that the lands named in the permit will conform to the lands actually being irrigated. I trust that you will attend to this matter immediately.

Our engineer's report shows 20 acres in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, and 13 acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ being irrigated, totaling 33 acres; therefore upon receipt of the statutory fee of \$4.00, and as soon as the matter referred to above is taken care of, a license will be issued to you confirming your right to the use of 0.66 second feet of the waters of Champion Creek, with a date of priority of July 29, 1930.

Very truly yours,

Deputy Commissioner of Reclamation

Re: Permit 12434.

Mr. Frank G. Fisher
Obsidian, Idaho

Dear Sir:

This will acknowledge receipt of the deposition of the holder, depositions of two witnesses and the affidavit of proof of publication from the newspaper, all in connection with beneficial use proof under the above permit.

Before final action can be taken in this matter, the law requires that a field examination be made by an engineer from this department. We are unable to say just when this examination will be made since the Department has but one field engineer who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will contact you at the time set for examination so that you may show him over the grounds. After his report is on file in this office you will be further notified as to fees due before the issuance of your license.

Very truly yours,

Deputy Commissioner of Reclamation

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 12434

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Frank H. Fisher; Rancher; Aberdeen, Idaho,
P.O. - Aberdeen, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 12434, Sept. 4, 1916; July 29, 1930.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Champion Creek, tributary of Salmon River; NW 1/4 NW 1/4
Sec. 23, T. 8 N. R. 14 E. B. M., County of Custer.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Headgate five feet wide, 16 feet high; 1.6 cubic
feet per second; 1.5 mile ditch for the last 1.2 miles.
The first .8 miles is owned jointly with Geyer and Merton O. McVey. The dam is about
16 feet long, 4 feet high and is composed of wood, earth and stone. The ditch is
capable of conveying 100 miner's inches to the place of use (2 Cu. Ft. per sec.)
Young and Fisher ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. W 1/2 NW 1/4 sec. 27 T. 8 N. R. 14 E. B. M.
Irrigated 30 acres in SW 1/4 and 30 acres in NW 1/4
of the above description. 24 acres of which
are cultivated hay, balance is pasture.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1.6 cubic feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original person

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. August 1919; irrigated hay and pasture;
Approx. 1.6 cubic feet The water has been used in the full
amount during each and every irrigating season since August 1919.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign) Frank J. Fisher

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Stanley, County of Custer, State of Idaho, on this 12th day of September, A. STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 12434

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. L. L. Palmer, age 26, Obsidian, Rancher,
Obsidian, Ida

Ques. 2. Are you acquainted with Frank H. Fisher, the holder of Permit No. 12434? How long have you known him and where does he reside?

Ans. I have known him 17 years, Resides at
Obsidian, Ida

Ques. 3. Have you read or heard read said Permit No. 12434, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Champion Creek, NW 1/4 NW 1/4 Sec. 22, T. 8 N. R. 14 E. B. 11,
in Custer County. The dam is of logs, stone, earth.
The ditch will carry all or more than the water
called for in the permit. Ditch approx 15 feet long & 4 ft high

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approx. 2 cu. ft. per sec. I have seen at least this amount
in the ditch.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Water used to irrigate natural pasture and cultivated hay
NW 1/2 and NW 1/4 Sec. 27 in T. 8 N. R. 14 E. B. 11. Approx. 25 a.
of hay and 30 a. of Pasture.

12434

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. *None*

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. *The soil is a gravel nature. This land will require about 14 to 15 feet.*

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. *No*

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. *I have seen the permit holder use the above water for approx. 17 years. Used continuously for this period.*

(Signed)

George L. Palmer

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in *Stanley*, County of *Custer*, State of Idaho, on this day of *Second day of September*, A. D. 1937.

PERMIT NO. 12434

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. M. Foley 49 Stanley, Idaho Rancher

Ques. 2. Are you acquainted with Frank G. Fisher, the holder of Permit No. 12434? How long have you known him and where does he reside?

Ans. 22 years Obsidian, Idaho

Ques. 3. Have you read or heard read said Permit No. 12434, and are you familiar with its provisions and conditions?

Ans. Yes Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Champion Creek NW 1/4 Sec. 23, T. 8 N., R. 14 E., B. M., in Custer
County. Dam of wood, earth and stone, and a ditch more than capable of con-
veying the amount of water called for in the permit. The dam appears to be
about 20 feet long and four or five feet high.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed? 2.0 cu ft per sec and

I have seen the ditch nearly filled to capacity many times.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. Irrigation of meadow land and pasture. SW 1/4 and NW 1/4 of Sec. 27 in T. 8 N.,

R. 14 E., B. M. About 35 acres in each subdivision. About 15 acres in said

NW 1/4 and about 10 acres in the said SW 1/4 is in clover and other hay, the balance is
mostly in improved bunch grass and native meadow pasture.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Gravelly loam. One miner's inch per acre

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I lived as a neighbor to Mr. Fisher the holder of this permit from 1915 to 1931 and witnessed the construction of the works and the application to beneficial use at close range. As to exact dates I might be a bit hazy, but it was somewhat of a continuous process each year from the time that he began the construction of the works except for the period that I was in the army. INSTRUCTIONS
—
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,
August 23, 1937

Mr. F. W. Markle
Notary Public
Stanley, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 12434

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On September 2nd, 1937, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at.....
Stanley, Idaho before F. W. Markle, Notary Public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

.....
R. W. FARIS
Commissioner of Reclamation.

August 12, 1937

Re: Permit 12434.

Mr. Frank G. Fisher
Obsidian, Idaho

Dear Sir:

I have your letter of August 10th in which you called to my attention the fact that the notice being published at the present time in the Challis Messenger in connection with beneficial use proof under your permit gives the priority date as of July 29, 1930. You stated that you have been using this water since 1918, and you are wondering why your permit has a later priority than George L. Palmer's permit 13039.

The facts of the case are as follows: Your application for permit was filed in this department on July 28, 1916, and final proof was due on September 1, 1923; whereas it will not be made until September 2, 1937. The law provides that in cases of this kind the permit holder shall be penalized for his failure to offer proof when due by the amount of time lapsing from the time when proof was due until the time when it was actually made.

The applications for Palmer's permits were filed in this department on July 9, 1917, and final proof was due on July 10, 1926. Of course, the same thing applies to Palmer's permits, i.e., that the priority date will be extended by the amount of time that the proofs are late; but in his case final proof was not due until 1926, so that you have lost considerably more time than he has, thereby putting his priority ahead of yours.

Perhaps when Champion Creek is adjudicated, if and when a lawsuit is brought on for that purpose, you may be able to have your priority recognized as of the date you first started using the water, provided you can prove it to the satisfaction of the court; but insofar as this office is concerned, we are compelled to follow the law as above stated.

I trust that this information will answer your questions.

Very truly yours,

Deputy Commissioner of Reclamation

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 2:00 P.M. on the 2nd day of September, 1937,
 at Stanley, County of Custer, State of Idaho, before
F. W. Markle, Notary Public, proof will be submitted of the
 application to beneficial use of 1.6 cubic feet per second of the waters of Champion
Creek in accordance with the terms and conditions of Permit No. 12434
 heretofore issued by the State Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Frank G. Fisher, Obsidian, Idaho

The use to which said water has been applied is Irrigation

The amount applied to beneficial use is 1.6 second feet

The place where said water is used (if for irrigation, give full and accurate description of the
 lands irrigated) W. 1/4, Sec. 27, T. 8 N., R. 14 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place
 of use is Private ditch

The right to take water from such works is based upon Permit No. 12434

The source of supply from which such water is diverted is Champion Creek

The date of priority which said user is prepared to establish is July 29, 1930

12434

R. W. FARIS
 Commissioner of Reclamation.

July 29, 1937

Re: Permit 12434.

Mr. Frank G. Fisher
Obsidian, Idaho

Dear Sir:

This will acknowledge receipt of your letter of July 21st, wherein you advise us that you are now ready to offer final proof under your permit to appropriate water from Champion Creek. We also received your copy of Permit No. 12434, as well as several other papers.

It is customary for the permit holder to fill out a notice for publication of his intention to offer this proof, and also to set the date when it will be offered; but in order to save time I have taken the liberty of preparing this notice for you and setting the date at 2:00 o'clock P. M. on September 2nd. A copy of the notice is being forwarded to the Challis Messenger with instructions to publish it the necessary number of times.

You should therefore go before Mr. Markle, Notary Public at Stanley, with two witnesses at the time specified to execute the depositions which will be furnished him by this department.

Mr. Palmer will offer proof under both of his permits at 10:00 o'clock A. M. on September 2nd, and perhaps you could act as a witness for him, and he in turn could do the same for you.

If you have any question regarding this procedure, kindly communicate with this department within the near future.

We are herewith returning your papers.

Very truly yours,

Deputy Commissioner of Reclamation

BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Frank G. Fisher
Stanley, Idaho

June 7th, 1919

Dear Sir:—

Under the terms of your permit No. ~~15434~~² you are required to complete your diversion works on or before **Sept. 1, 1919**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen

Commissioner of Reclamation.
