Re: Water Right No. 65-19593

Dear Ms. Townsend:

I recently spoke with George Colwell of C/C, LLC regarding the quantity split for the above-referenced water right. He indicated that the preferred option would be for both portions to be designated the full quantity of 0.03 cfs with a combined use remark indicating that the two portions together cannot be used to divert more than a total of 0.03 cfs.

If you have any further questions about this matter, please contact me. Thank you for your assistance with this matter.

Sincerely,

HOFSTETTER LAW OFFICE, LLC
