Department of Water Resources
Water Right License

WATER RIGHT NO. 65-13589

Priority: February 28, 1995 Maximum Diversion Rate: 0.03 CFS
Maximum Diversion Volume: 2.7 AF

This is to certify, that RON WOODIE
JUDY WOODIE

PO BOX 785

EMMETT ID 83617-0785

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated January 12, 1995; and has submitted Proof of Beneficial Use on July 18, 1996. An examination indicates that the works have a diversion capacity of 0.030 cfs of water from:

SPRING tributary to HAW CREEK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
STOCKWATER	01/01 to 12/31	0.03 CFS	2.7 AF

LOCATION OF POINT(S) OF DIVERSION: Lot 3(SWNENW), Sec. 3, Township 07N, Range 01W
GEM County

PLACE OF USE: STOCKWATER

TWN RGE SEC

07N 01W 3 Lot 3(NENW)

CONDITIONS OF APPROVAL AND REMARKS

1. Use of water under this water right will be regulated by the watermaster of State Water District No. 65.
2. Upon specific notification by the Department, the right holder shall install a lockable device of a type acceptable to the Department in a manner that will provide the watermaster suitable control of the diversion.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources. Signed and sealed this 4th day of

January, 1999.

Acting for KARL J. DREHER, Director

MICROFILMED

FEB 18 1999

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 65-13589)
)
IN THE NAME OF RON & JUDY WOODIE) **ORDER OF**
) **REINSTATEMENT**
)

WHEREAS, the Department issued the above-captioned permit with the condition that proof of construction of works and application of water to beneficial use (proof of beneficial use) be submitted on or before June 1, 1996; and,

WHEREAS, the Department notified the permit holder on March 31, 1996, by certified mail that proof was due and instructed the permit holder of the steps to be taken to submit the proof of beneficial use; and,

WHEREAS, the department sent the permit holder a lapse notice on June 20, 1996, since an acceptable proof of beneficial use or extension of time had not been received; and,

WHEREAS, Section 42-218a, Idaho Code, provides that a permit may be reinstated upon a showing of reasonable cause within sixty days of the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing why the permit should be reinstated by submitting an acceptable proof of beneficial use on July 18, 1996;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 65-13589 is **REINSTATED** with an advance in priority to February 28, 1995.

DATED this 7th day of August, 1996.

Department of Water Resources

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 65-13589 Telephone No. 208-365-4022

2. Name(s) of Permit Holder(s): Ron Woodie / Judy Woodie

3. Mailing Address: PO Box 785 Emmett, Ida 83617

4. Source of Water: Spring If GROUNDWATER (well), Date Drilled: mo. ____ / yr. ____

a. Well Driller: _____ Drilling Permit Number: ____ - ____ - ____ - ____

b. **OPTIONAL:**
Pump Horsepower: _____ Pressure (psi): _____ Dynamic pumping level (ft): _____

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): _____ Stockwater (No. and type of stock): 300 cattle

Irrigation (No. of acres): _____ Other: _____

6. Total rate of diversion and/or volume for which proof is submitted: 0.03 cfs OR _____ acre feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)

(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required? Yes ____ or No X

Has the measuring device been installed? Yes ____ or No X

Flow Measurement Port: Is a flow measurement port required? Yes ____ or No X

Has the measurement port been installed? Yes ____ or No X

8. Fee Enclosed: \$ 50.00 (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system.

Name: Ron Woodie Telephone Number: 208-365-4022

Address: 5758 Van Duesen Rd. (PO Box 785) Emmett, Ida 83617

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the State of Idaho.

Signature of permit holder: _____

RE: WATER RIGHTS 65-13589/65-13590

Dear Mr. & Mrs. Woodie:

The Department of Water Resources (the Department) has issued the enclosed licenses confirming that water rights have been established in accordance with the permits referenced above. The license are **preliminary orders** issued by the Department pursuant to section 67-5243, Idaho Code. They can and will become final orders without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below.

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

MICROFILMED

FEB 18 1999

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one(21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency

action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

If you have questions, please contact me at (208) 327-7946.

Sincerely,

A handwritten signature in cursive script that reads "Shelley W. Keen".

E. NARRATIVE/REMARKS/COMMENTS

1. This permit is for a spring development, 85' of 1" PVC pipe, and a 6' diameter Galv. Steel Stock watering trough.

2. 300 range cattle use the water during the grazing season, which is normally from April 1 to Dec. 1 each year.

3. There was a very low flow from the spring at the time of the exam.

Have conditions of permit approval been met? ☒ yes ☐ no

RE: Water Right Nos. 65-13589 & 65-13590

Dear Permit Holder:

I am returning the Proof of Beneficial Use forms you submitted on November 13, 1996, for the above referenced water rights. Proof of beneficial use was filed on both water rights on July 18, 1996, and no further action by you is required.

If you have any questions regarding this matter, please contact me at (208)327-7953.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 65-13589

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit.

Enclosed is an order reinstating your permit since the proof was received after the proof due date of June 1, 1996. Please note that the priority date has been advanced to February 28, 1995.

Please be advised that Section 42-248, Idaho Code, which became affective on July 1, 1996, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Failure to maintain current records with the department could result in the assessment of a monetary penalty.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, contact the **WESTERN** Regional Office in Boise at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

LAPSE NOTICE

RE: PERMIT NO. 65-13589

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated March 31, 1996. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 65-13589

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1996.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

RE: Woodie and Radandt Water Rights

Dear Mr. and Mrs. Woodie:

This letter follows my recent letter to you and Jerry Radandt regarding a disagreement over a spring located in NENESW Section 3. Please see the attached map for the location of the spring and other items. I am also writing to you to convey what I hope is useful information to settle any problems between the parties regarding water rights and water uses.

The attached map locates the springs and wells used and/or proposed for use by you and by Mr. Radandt. Regarding your protest of the three water right applications filed by Mr. Radandt, please note that his filing for site no. 3 has been withdrawn. This is the disputed spring. He filed Application for Permit No. 65-13535 to provide water for your stock. Perhaps his gesture to secure a water right at this location for your stock water needs might offer a basis for settling the disagreement. The other two Radandt applications are for different sites.

Turning to water systems that you have developed as confirmed by the field examination conducted on June 27, 1994, the examiner found that three springs have been developed by you. Your Permit No. 65-13165 specifies a spring in SWSENE Section 3. The examiner found a developed spring at that site and will recommend that spring for licensing of the permit. This letter corrects a misunderstanding on my part in my August 18 letter to you in which I stated that the license recommendation would include spring no. 3 but not spring no. 2 as referenced on the enclosed map. Instead, the license will cover spring no. 2 as specified by the permit but cannot include spring no. 3.

Springs developed by you at site nos. 1 and 3 do not have valid water rights for your uses. These uses must be protected by new water rights to be secured by filing applications for permit. I prepared two applications for you to review and complete. The applications can be returned to me.

RE: Water Right Nos. 65-13165 (Woodie) and
65-00115 and 65-13535 (Radandt)

Dear Water Users:

I am writing to respond to telephone calls and a letter from Mr. and Mrs. Woodie as well as to solicit information from Mr. Radandt. The former parties contacted this office regarding problems experienced with a spring apparently on the Woodie land. The latter party recently filed three new water right applications, one of which requires clarification.

It appears that three water right filings are related to the spring in question. There is some uncertainty at this time in the department water right files for the area in question. I will be working with the field examiner who recently inspected right no. 65-13165 (Woodie) to clarify the uncertainty about the spring and which rights are associated with it.

Meanwhile, I wanted to provide a summary of what appears to be the recorded rights for the spring in NENESW Sec. 3. A map is enclosed that summarizes the filings that are listed below.

Radandt

Decreed right No. 65-00115 from 1915 lists a spring in the NESW Sec. 3 for irrigation and stock uses on Radandt land in Sec. 10.

Application for Permit No. 65-13535 shows a spring in NENESW Sec. 3 for stock use. The spring and use of water are shown as Woodie property where stock water will be provided via a "private contract to supply Ron Woody (sic) with adequate stock water".

JUN 08 1995

Woodie / Radandt
August 18, 1994
Page 2

With this letter I am asking Mr. Radandt to explain that statement. I do not see how this statement shows that the applicant has a possessory interest in the place of use, in this case the stock owned by the Woodies. Possessory interest in the place of use must be established as a basis for approval of a water right application.

Woodie

Permit No. 65-13165 lists a spring in SWSEW Sec. 3 but the recent field examination shows the spring in NENESW Sec. 3. It is possible for the permit to be amended via the licensing field examination to define the right as that found in the exam. The exam serves to correct what seems to be an error in the original permit filing. It appears that this right will be licensed for the NENESW Sec. 3 spring.

Other Rights

Mr. Radandt filed two other applications for permit but neither relates to a spring in NENESW Sec. 3. See the enclosed map for these other locations. The other applications are nos. 65-13531 (two wells on Woodie land) and 65-13532 (two springs on Radandt land). Both propose use on the applicant's property.

Protest

As discussed with Mr. Woodie in a recent telephone conversation, protests of new applications must be completed by the deadline in the legal notice and require a \$25 fee as well as a copy of the protest letter supplied to the applicant by the protestant. The protest deadline for the three applications is September 6, 1994.

Civil Problems

If multiple parties have conflicting water rights from the same spring, any disputes remain a civil matter related to trespass, right-of-way or other private property issues beyond the jurisdiction of this agency. If, however, a party diverts water without a valid water right, such as an approved permit or a decreed right, this agency retains jurisdiction over control of such a diversion under Sections 42-351 and 42-352, Idaho Code. Water cannot be diverted based on an application for permit.

My impression of the information submitted to this office is that the problems associated with the spring in question are civil in nature and therefore beyond the scope of this agency. If you think otherwise and have additional information to submit, department staff will be glad to review your comments and respond accordingly.

JUN 08 1995

Woodie / Radandt
August 18, 1994
Page 3

To help clarify at least some of the confusion, Mr. Radandt is asked to respond by September 6, 1994, to my question regarding possessory interest in application no. 65-13535. Processing of the three Radandt applications will resume based on the response. I will continue to work on clarifying the water rights and will keep you informed.

Please contact me at 334-2190 if you have any questions.

Sincerely,

Steve Lester
Water Rights Supervisor
