PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 65-13574 Telephone No 208-375-4916
2. Name(s) of Permit Holder(s): Arrowhead Point Subd Homeowner's Assoc
3. Mailing Address: 2010 S. Eagleson Rd. Boise, ID 83705
4. Source of Water: Groundwater If **GROUNDWATER** (well), Date Drilled: mo. 8 / yr. 1991
 - a. Well Driller: Bill Poty Drilling Co. Drilling Permit Number: 65-91-W-076
 - b. **OPTIONAL:**
Pump Horsepower: 5 h.p. Pressure (psi): 40 psi Dynamic pumping level (ft): ≈ 30
5. Use(s) (as authorized by the water right permit):
Domestic (No. of households) 7 Stockwater (No. and type of stock): _____
Irrigation (No. of acres): _____ Other: _____
6. Total rate of diversion and/or volume for which proof is submitted: 0.12 cfs OR _____ acre feet
7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)
(This question is **not optional**. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required? Yes _____ or No ☒
Has the measuring device been installed? Yes _____ or No _____

Flow Measurement Port: Is a flow measurement port required? Yes _____ or No ☒
Has the measurement port been installed? Yes _____ or No _____

8 Fee Enclosed: \$ 50.00 (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system.

Name: James Seely Telephone Number: 208-375-4916
Address: 2010 S. Eagleson Rd. Boise, ID 83705

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the State of Idaho.

RECORDED
MAR 29 1995

MEMORANDUM

DATE: December 30, 1994
TO: APP. FOR PERMIT 65-13574 & PERMIT NO. 65-13361
FROM: JAN SHURTE
SUBJECT: EXAM CONDUCTED ON PERMIT NO. 65-13361

Permit No. 65-13361 was originally filed for 38 homes with two points of diversion listed in the NESE & NWSE, Sec. 4, Twp. 15N, Rge. 3E. Per James Seeley, President of the Arrowhead Point Subdivision Homeowners Association, the original well drilled under this permit, located in the NESE, S. 4 was used for both the Arrowhead Point Subdivision and for 13 other homes in the Mountain Shadows #3 & Glendora Subdivision covered under Right No. 65-07837. A new well was drilled in the NWSE, S. 4 in August of 1991, to be used solely for the Arrowhead Point Subdivision and the well in the NESE, S. 4 began being used solely for the 13 homes in the Mountain Shadows #3 & Glendora Subdivision. Both wells were drilled for Glenn Loomis, the developer of all three subdivisions. So, Permit No. 65-13361 uses the well located in the NWSE, S4 and Right No. 65-07837 uses the well located in the NESE, S. 4.

When the exam was conducted for Permit No. 65-13361, the field examiner did include a description of the well located in the NWSE, S. 4, plus the well log, however, the location for the point of diversion listed the NESE, S. 4 and the picture of the well house is a picture of the well used for the 13 homes in the other two subdivisions. This information came from James Seeley, Pres., Arrowhead Point Subdivision. Also from James Seeley came the information that all of the 44-45 lots in the Arrowhead Point Subdivision are hooked up to the water system even though not all of the lots have homes on them. The field examiner found 18 lots with homes and recommended only 18 homes be licensed.

Application for Permit No. 65-13⁵74 has been filed to pick up the remaining 6-7 lots previously filed on under lapsed Permit No. 65-12780 and not permitted under Permit No. 65-13361.

Due to the above information it appears a re-exam should be conducted on Permit No. 65-13361 to re-verify the location of the well being used and to verify that all lots are connected to the water system for licensing. Once Application for Permit No. 65-13⁵74 is approved, proof could be submitted, and possibly both field exams done at the same time.

Note: There is a Claim No. A65-09624 which shows a groundwater source for 7 lots which appears to duplicate the new application for

* just a typo since 65-13374 = Relinquished 1992 Filing -JL 1/10/95

5
permit 65-13⁵74. However, this right was originally decreed for water from a spring, which according to Glenn Loomis was abandoned after 1987. The claim shows a change in source from the spring to a groundwater source which would require a transfer be filed. Since the transfer approval is questionable, Mr. Loomis decided to file an application for permit for the groundwater source instead. This is Application for Permit No. 65-13⁵74 in the name of the Arrowhead Point Homeowners Association. Claim No. A65-09624 will be decided upon during the SRBA.

RE: IDWR - Public Waters Appropriation Permit
Permit No. 65-13574 *arrowhead point*

Dear Mr. Tuthill:

Projects serving less than 10 homes are evaluated by the Central District Health Department (CDHD). CDHD may request this office, Division of Environmental Quality (DEQ) to provide engineering review. If that is the case, then the project must be conducted under the design and supervision of an Idaho registered professional engineer. We will provide additional details on the review process at that time.

Sincerely,

Jack M. Gantz

RE: IDWR - Public Waters Appropriation Permit
Permit No. 63-13574

Dear Mr. Tuthill:

This letter supersedes my earlier letter of January 19, 1995 concerning this permit. Based on new information supplied by the Central District Health Department and your office, this system will be a Public Water Supply system. Therefore the project must be conducted under the design and supervision of an Idaho registered professional engineer. The process to follow is:

1. The applicant's engineer must submit a preliminary site evaluation based on proximity of pollution sources. We will evaluate the proposal, conduct a site inspection, and issue a written site approval if warranted.
2. Detailed plans and specifications must be submitted to this office for review. The well may not be drilled until all approvals are obtained from both the Division of Environmental Quality (DEQ) and the Idaho Department of Water Resources (IDWR). The last approval will come from DEQ; we will not issue approval until final approvals of both IDWR permits (appropriation permit and well drilling permit) have been submitted.
3. This will be a Public Water System and must have one (1) source of water for less than twenty-five (25) connections and two (2) sources for twenty-five (25) or more connections.

We will pay particular attention to the following items:

1. Construction must be done under the general supervision of the professional engineer. The contract assuring this must be submitted with the application.
2. Numerous water quality parameters must be tested as soon as the well is completed. A list of parameters is available upon request from DEQ.

Sincerely,

Jack M. Gantz, P.E.
Senior Water Quality Engineer

Re: Applications for Permit Nos. 65-13574 in the Name of Arrowhead
Point Subd. Homeowners Assn. and 63-12162 in the Name of City
of Meridian.

Dear Sir:

Enclosed are copies of the above-referenced applications
for permit which may be of interest to your agency. Please
review the applications and submit any comments you may have.

This office normally completes the processing of an
application within a six-week period and is required to take
final action shortly thereafter, however, if your agency
desires to file a formal protest against the approval of this
application(s), your written protest must be received in this
office by February 6, 1995.

If you have any questions regarding the application,
please contact this office.

Sincerely,

DAVID R. TUTHILL, JR., P. E.
Manager, Western Regional Office
