**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of, or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Water Right Permit No. 65-13541

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit. The examiner who verified your water use reported that certain elements of the permit have been developed differently than described on your permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

Based on the examiner's report, the following elements were developed differently than described on your permit:

 x Place(s) of Use

 x Other

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

If you have any questions, please call (208) 327-5452.

Sincerely,

Erin Retelle
Water Resource Agent

Re: change in acreage and POU

ArcView shows acreage of 5.4 acres rather than 5.7 from field exam. This area change effects the volume. Field examiner recommended 2 afa but standard field headgate volume is 3.5 afa. 65-3221 remains a PoU overlap, but right 65-3223 is not used on the same land. Also, part of the irrigated property lies in the NESE (about 5 acre) so an amendment of the PoU will be required.

E. NARRATIVE/REMARKS/COMMENTS

1. The 6" well provides irrigation water for the lot (#11) and one house. The irrigation system consists of a 1" PVC pipe w/ sprinklers for the yard around the house; a 1" PE pipe w/ sprinklers for an area south of the house; and two 2" PVC mainlines for the hand lines used to irrigate the rest of the lot. The irrigation pipe system at the well includes a sand strainer, valves, and one hose bib.
2. A 1" steel pipe conveys the domestic water from the well to an Air tank, pressure switch, pressure gauge, and valves located in the house (garage area).
3. The system operates from 30-60 PSI, and had 45 PSI on the pressure gauge at the time of the exam.
4. ^{Bird's} The ~~Fast's~~ owned Lots 11 + 12, but drilled this well on Lot 11, and sold Lot 12 to Ken Fast. Lot 11 was developed, and this well water was only used on lot 11. WR # 65-13586 (Also Bird's) shows Pld on Lot 11 (this well) and Plu on Lot 12 (5 AC. irrigation). ~~The~~ I believe this permit was assigned to Ken & Sandra Fast.
5. WR 65-03221 & 65-03223 are old irrigation surface water rights to the same Plu. They do not receive any surface water as the old ditches are no longer in service.

PROOF ACKNOWLEDGMENT LETTER

RE: PERMIT NO. 65-13541

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the department's WESTERN Regional Office in Boise at (208) 334-2190.

Sincerely,

JULIE L. YARBROUGH

MEMORANDUM

FROM: Sharla

DATE: August 12, 1997

RE: Assignment of Permit

Floyd and Trudi Bird filed both of these applications within 4 months of each other; one filing was for Lot 11 and the other was for Lot 12, Pine Tree Ranch. In August of 1996, the Birds sold one of the lots (Lot 12) to Kenneth and Sandra Fast. An assignment of permit was sent in to the department, erroneously listing the water right number pertaining to Lot 11, which is the lot retained by the original owner.

This error was caught at the time Mr. Bird was ready to file proof of beneficial use. The Bird's and the Fast's came into the office on August 11 to straighten the matter out. The situation was discussed with Jim Johnson who in turn discussed the matter with Glen Saxton and it was decided that the original assignment form would be corrected and refiled in Right 65-13586. Thus, two additional assignment forms would not be necessary to switch both rights; neither would assignment fees be required.
