RE: WATER RIGHT NO. 65-13501

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

NOV 10 1997

AUG 20 1997

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

LAPSE NOTICE

RE: Permit No. 65-13501

Dear Permit Holder:

On June 22, 1995, the Department of Water Resources (Department) sent you a letter informing you of the need to submit an additional \$165.00 drilling permit fee and to sign the proof form before the Department could accept your proof of beneficial use form which was received June 2, 1995, for the above referenced permit. You were given thirty (30) days to provide the Department with the fee and the signature. To this date the Department has not received the requested fee or signature.

You are hereby notified that under the provisions of Section 42-218a of the Idaho Code, the above referenced permit has **lapsed**. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can be reinstated if you submit the \$165.00 drilling permit fee and re-submit the signed proof form. The fee must be received by this department within **sixty (60) days** of the date of mailing of this lapse notice or the permit will be void and of no force or effect.

If you have any questions or concerns, please do not hesitate to contact the Department.

Sincerely,

L. GLEN SAXTON, Chief
Water Allocation Bureau

RE: Water Right No. 65-13501 / Drilling Permit No. 63-94-W-0345-000

Dear Permit Holder:

Enclosed is the Proof of Beneficial Use form submitted in connection with the above referenced water right. It, and your permit to appropriate water (copy enclosed), both indicate that water is diverted for irrigation and domestic use. Also enclosed is a computer generated copy of the drilling permit approved in 1994. It indicates the extent of use to be single family domestic. Single family domestic use constitutes the diversion of 0.04 cfs or less and/or the use for one home and irrigation of up to 1/2 acre of land.

You were properly charged \$35.00 for the domestic well drilling permit. However, because of the use and amount you have indicated (domestic and irrigation of 2 acres w/a rate of 0.10 cfs), the drilling permit is no longer considered strictly single family domestic. The charge for a non-domestic drilling permit is \$200.00.

Before the Department can accept the proof of beneficial use as filed, you will need to pay the additional \$165.00 fee to upgrade the drilling permit to a non-domestic. The Department will hold your file for 30 days to allow you time in which to submit the additional fee. **Please address your correspondence to my attention.**

Additionally, the proof of beneficial use form needs to be signed by the permit holder before the department can accept it. Please sign and date the proof form at the bottom before you return it to the department.

If you have any questions or if I can be of any assistance, please feel free to contact me at (208)327-7900.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

PROOF DUE NOTICE

RE: PERMIT NO. 65-13501

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1995.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary
