IN THE MATTER OF PERMIT NO. 65-13493)
) **ORDER OF**
 IN THE NAME OF DAVID J. & GINGER HEAD) **REINSTATEMENT**
)

FINDINGS OF FACT

- OCT 03 1996

the well on October 10, 1994. The permit holder further explained that he had not received the proof due or lapse notices since he had moved from Boise to Horseshoe Bend and the notices had not been forwarded.

CONCLUSIONS OF LAW

1. The permit holder has submitted proof of beneficial use along with supporting evidence which establishes that water was in fact beneficially used within the authorized development period.

2. The permit holder has shown sufficient cause why the proof of beneficial use was not submitted in a timely manner.

3. The department should reinstate the permit with the date of priority advanced to the date proof of beneficial use and supporting information was received by the Department.

ORDER

IT IS HEREBY ORDERED that Permit No. 65-13493 is REINSTATED.

IT IS FURTHER ORDERED that the priority date is advanced to July 24, 1996.

Dated this 30th day of August, 1996.

RE: WATER RIGHT NO. 65-13493

Dear Water Right Holder(s):

The Department of Water Resources (the Department) has issued the enclosed license confirming that a water right has been established in accordance with the permit referenced above. The license is a preliminary order issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department unless a party petitions for reconsideration or files an exception and/or brief as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the Department within fourteen (14) days of the service date of this order. The Department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See section 67-5243(3), Idaho Code.

EXCEPTIONS AND BRIEFS

Within twenty-one (21) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding. Otherwise, this preliminary order will become a final order of the Department.

If any party appeals or takes exceptions to this preliminary order, opposing parties shall have twenty-one (21) days to respond to any party's appeal. Written briefs in support of or taking exceptions to the preliminary order shall be filed with the Department. The Department retains the right to review the preliminary order on its own motion.

MICROFILMED

FEB 18 1999

ORAL ARGUMENT

If the Department grants a petition to review the preliminary order, the Department shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Department will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Department orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Department in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with Rules of Procedure 302 and 303.

FINAL ORDER

The Department will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Department may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

MICROFILMED
FEB 18 1999

MICROFILMED

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

For your records I have also enclosed a copy of your Application for Amendment of Permit, which was approved.

If you have any questions, please call me at 208-327-7946.

Sincerely,

A handwritten signature in cursive script that reads "Shelley W. Keen".

RE: WATER RIGHT NO. 65-13493

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms that a water right has been established in compliance with the terms of the permit. The examiner who verified your water use reported that the nature of water use developed differs from what was described on your permit. Therefore, before a license can be issued, your permit must be amended to depict your water right as it was actually developed.

The enclosed Application for Amendment form depicts the water use and other information as it will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

Also, please note that some of the proposed conditions of approval and remarks may be modified upon further administrative review.

If you do not concur, or if you have any questions about this information, please contact me as soon as possible. My telephone number is (208)327-7946.

Sincerely,

Shelley W. Keen
Water Rights Supervisor

MEMORANDUM

DATE: December 30, 1998
TO: File No. 65-13493
FROM: Cindy Lou Zimmerman *CLZ*
SUBJECT: Review of Beneficial Use Field Report

The permit allowed development of up to 5 acres of irrigation and domestic use for 1 home. The right holder developed 1 acre of irrigation, 1 home, and stockwater for 4 horses and 4 sheep.

The following adjustments¹ were made on the field report to reflect department standards and licensing practices for uses developed under this permit:

See attached memo for change/additional use analysis.

H. Recommendations.

1. Recommended amounts:

Beneficial Use	Period of Use	Rate of diversion	Annual Volume
Irrigation	3/15-11/15	0.03 cfs	4.5 AF
Stockwater	1/1-12/31	0.02 cfs	0.1 AF
Domestic (in-house use)	1/1-12/31	<u>0.02</u> cfs	0.6 AF
	Totals:	0.07 cfs	5.2 AF

Examiner: Lori Graves
Examined: September 20, 1996

¹ Adjustments are **bolded and underlined**.

F. FLOW CALCULATIONS

Additional Computation Sheets Attached

Measured Method:

$$\frac{2 \text{ HP} \times 8.8 \times .7}{50 + 50 \times 2.31} = .07 \text{ cfs}$$

assumed per well log info *psi per owner*

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = 1 \times 4.5 = 4.5$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = .03 \times 246 \times 1.9835 = 14.6$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = 4.5$$

2. Volume Calculations for Other Uses:

Internal domestic : .6 afa

Stock: 4 horses $\times 12 \times 365 / 325850 = .05 \text{ afa}$

4 sheep $\times 2 \times 365 / 325850 = .008 \text{ afa}$

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)
	From	To		
<i>Irrigation</i>	<i>3/15</i>	<i>11/15</i>	<i>.03</i>	<i>4.5</i>
<i>Domestic</i>	<i>1/1</i>	<i>12/31</i>	<i>.04 *</i>	<i>.6</i>

PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 65-13493

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit.

Enclosed is an order reinstating your permit since proof was submitted after the proof due date of March 1, 1996. Please note that the priority date has been advanced to July 24, 1996.

Please be advised that Section 42-248, Idaho Code, which became affective on July 1, 1996, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Please contact any office of the department for the proper form to file a change of ownership of a water right and/or a change in the address of the owner. Failure to maintain current records with the department could result in the assessment of a monetary penalty.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water. If you have questions concerning the field examination, contact the **WESTERN** Regional Office in Boise at (208)334-2190.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

24 July 96

Dear Julie,

I received your letter of July 17, 1996 (enclosed) regarding our lapsed permit No. 65-13493. Per your request I have enclosed data on our well pump, and a closing statement from our house building project that shows we moved in and have been using the well.

The reason we lapsed the date for the beneficial use form is that we did not receive the standard 60 day prior notification. We assume that since we moved from our Boise home to Horseshoe Bend during the 2 year development period that the notification was not properly forwarded to our new address. I realized that we had lapsed on June 25th when I was taking care of some other business at the IDWR and asked about our status on the well (see my letter dated June 25, 1996 enclosed).

In regards to the amount of acreage and diversion rate we are applying for, please see my changes as highlighted. I did not understand that we are to only list what we are currently using, not what we are working on or planning to develop. Dave Tuthill advised me that it would be best to just claim the 1/2 acre that we are watering around our house for now, and to file for additional volume if, and when, we complete the sprinkler lines that will cover approximately 2 acres when completed.

I hope this letter and the enclosures will provide you with adequate data to reinstate our permit. Please feel free to call on me at 378-4680 during business hours. Our home number is 208/793-2507. Thanks for your consideration in this matter.

Sincerely,

David Head

ACTION OF THE DEPARTMENT OF WATER RESOURCES

This Permit is APPROVED Date 9-13-93

If approved, this permit authorizes the construction or modification of a well subject to the following conditions. READ CAREFULLY!

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

RE: Lapsed Permit No. 65-13493

Dear Permit Holder:

The department is in receipt the proof of beneficial use statement you submitted in connection with the above referenced lapsed permit. Proof of beneficial use was due on March 1, 1996, therefore, the proof cannot be accepted until you submit some additional information

Pursuant to Section 42-218a, Idaho Code, (copy enclosed) the permit can be reinstated only if you submit the following:

- ▶ Two pieces of evidence to show that beneficial use of the water did commence and to show the extent of the use of water during the authorized permit period from the time the permit was issued until the proof due date (March 11, 1994 to March 1, 1996) and
- ▶ Reasonable cause why the proof of beneficial use was filed late.

You can submit pump records, affidavits, receipts from equipment purchased, or any other information that would verify use.

Additionally, I have enclosed a copy of Drilling Permit No. 65-93-W-0286-000. The proof form and your permit to appropriate water indicate water is being diverted for domestic and irrigation of two (2) acres, however, the drilling permit issued only authorizes a single family domestic use. Single family domestic use constitutes the diversion of 0.04 cfs or less and/or the use for one home and irrigation of up to 1/2 acre of land.

You were properly charged \$35.00 for the domestic well drilling permit, however, because of the use and amount you have indicated (0.10 cfs,) the drilling permit is no longer considered single family domestic. The fee for a non-domestic drilling permit is \$200.00. Before this permit can be considered for reinstatement, you will submit an additional \$165.00 to upgrade the drilling permit.

RECEIVED

OCT 03 1996

David & Ginger Head

Page 2

July 17, 1996

Your proof of beneficial use statement along with any information which may have been submitted with it, will remain on file in this office for **60 days** to allow you the opportunity to submit the additional information and fee.

Please be aware that this permit is **lapsed** and is of no force nor effect until it is reinstated.

If you have any questions regarding this matter, please contact me at (208)327-7953.

Sincerely,

JULIE L. YARBROUGH

June 25, 1996

Dear IDWR,

I was recently visiting the Dept. of Water Resources office asking some questions on how to file on a spring on a piece of property we just recently purchased near our home in Horseshoe Bend.

When we completed that application, I asked Kay Wilson if there was anything more we needed to do on the original filing of our domestic well that was drilled several years prior. She looked it up and said that we were past our two year period to file the proof of beneficial use form. Apparently, the IDWR sent a notice to our old address in Boise 60 days prior to the due date of that document. For what ever reason, this document was not forwarded by the postal service to our home in Horseshoe Bend and so we now find our selves "lapsed". I am hoping you will consider the above and accept the enclosed proof of beneficial use form and approve our application.

Please feel free to call on us at our home in Horseshoe Bend at 793-2507 or at my workplace in Boise at 378-4680.

We appreciate your consideration in this matter!

Sincerely,

David J. Head

Re: New Water System in Well

Dear Bob,

Following is the quote you requested regarding the above mentioned building site.

We propose the following pump and materials:

- 1 - 2 h.p., 30 Series Submersible Pump with Panel
This pump will produce 36 GPM @ 50 PSI from 60', or
this pump will produce 34 GPM @ 60 PSI from 60.
- 63' - 1 1/2" Galvanized Pipe
- 70' - #10-4 Heavy Duty Flat Jacket Submersible Wire
- 1 - Splice Kit & 2" Pipe Wrap On Pipe
- 1 - Pitless Adaptor, 8" Well Cap and Conduit
- 3 - Frost Free Hydrants & Sprinkler Tee @ Well
- 250' - 1 1/2" Blue Poly Pipe X 160 PSI
- 120' - #10-4 UF Burial Wire
- ~~2X - WX 350 Pressure Tank WX-302~~
- 1 - Tank Tee Assembly With Pressure Switch, Gauge & PRV
- Misc. Electrical and Plumbing Fittings
- Electrical & Plumbing Permits
- Five Year Warranty on Pump, Motor and Pressure Tank
- Labor to install complete system
- TOTAL COST OF COMPLETE SYSTEM: \$3,323.00 + 161⁰⁰/₁₀₀ = 3'

This system will include a five year warranty on the pump, motor and pressure tank and Caron Pump Company will warranty all workmanship for one year from date of installation.

If you have any questions or need additional information regarding this system, please feel free to call our office.

Thank you for the opportunity to submit our price to you on this project, we look forward to working with you!

Sincerely,

Steve R. Caron
Owner

OCT 03 1996

July 25, 1994

Dear Bob,

Just a quick note regarding the tank system I have quoted on this project.

The quote I have submitted is using a WX-350 pressure tank which will deliver 32 gallons of draw.

If you want to use one WX-302 which will give you 23 gallons of draw, you may deduct \$306.00 from the above referenced price.

Or if you want two, WX-302 which will supply 46 gallons of draw, you may add \$161.00 to this quote.

Call me if you have any questions!

Thank you, Bob!

LAPSE NOTICE

RE: PERMIT NO. 65-13493

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated December 31, 1995. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

L. GLEN SAXTON
Chief, Water Allocation Bureau

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources considers this form a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee, when necessary, or be accompanied by a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. _____ Telephone No. _____

2. Name(s) of Permit Holder(s): _____

3. Mailing Address: _____

4. Source of Water: _____ If **GROUNDWATER** (well), Date Drilled: mo. _____ / yr. _____

a. Well Driller: _____ Drilling Permit Number: _____ - _____ - _____ - _____

b. **OPTIONAL:**
Pump Horsepower: _____ Pressure (psi): _____ Dynamic pumping level (ft): _____

5. Use(s) (as authorized by the water right permit):

Domestic (No. of households): _____ Stockwater (No. and type of stock): _____

Irrigation (No. of acres): _____ Other: _____

6. Total rate of diversion and/or volume for which proof is submitted: _____ cfs OR _____ acre feet

7. Measuring Device Requirement: (refer to the approval conditions on your permit and respond accordingly)

(This question is not optional. Please check either yes or no. Proofs returned not checked accordingly, will be considered incomplete)

Measuring Device: Is a measuring device required? Yes _____ or No _____

Has the measuring device been installed? Yes _____ or No _____

Flow Measurement Port: Is a flow measurement port required? Yes _____ or No _____

Has the measurement port been installed? Yes _____ or No _____

8. Fee Enclosed: \$ _____ (See Fee Schedule on back of the instructions for filing proof of beneficial use)

9. Person to contact to accompany the Department representative during field examination of the water system.

Name: _____ Telephone Number: _____

Address: _____

10. The information given on this form is my true statement of the extent to which the above numbered permit has been developed and I relinquish any undeveloped portion of the permit to the State of Idaho.

Signature of permit holder: _____ Date: _____
(include your title, if on behalf of company or organization)

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

INSTRUCTIONS FOR FILING PROOF OF BENEFICIAL USE

HOW TO MAKE PROOF:

In order for a permit holder to fulfill the conditions of the permit obtain a water right license, the permit holder must submit the Proof of Beneficial Use form (proof) together with the license examination fee (if required) **OR** submit the proof together with a completed field examination report prepared by a certified water right examiner on or before the date set in the permit for the proof. The information submitted by the permit holder will enable the department to determine the extent of beneficial use before the license is issued. The information entered on the proof form should show the extent of actual development of the project and should correspond to that authorized by the permit. If it does not, an amendment to the permit may be required.

Additional information is optional for an irrigation well diverting more than 0.20 cfs (90 gpm or 10 miner's inches). To complete Section 4.b., indicate the pump horsepower and the wellhead pressure in psi. The dynamic pumping level is the sum of the static or standing water level in the well and the drawdown when pumping. Do not confuse the dynamic pumping level with the pump setting depth. Provide the best estimate if unsure about the answers.

WHAT TO DO IN CASE YOU HAVE NOT FULLY APPLIED THE WATER TO BENEFICIAL USE:

If the development authorized by the permit has not been completed in the time allowed, the permit holder may submit a request for extension of time. In order for a request for extension of time to be considered without loss of priority, it must be filed prior to the date on which proof of beneficial use is due. Each request for extension of time will be considered on its own merits.

WHAT IF YOU FAIL TO MAKE PROOF OF BENEFICIAL USE ON TIME:

If you have applied the water to beneficial use, but did not submit the proof of beneficial use on or before the date set for the proof, the permit will lapse. A lapsed permit may be reinstated within sixty (60) days from the date the department sends a lapse notice. In order for the department to reinstate a permit, the permit holder must show reasonable cause why the permit should be reinstated. Submission of an acceptable proof of beneficial use form within sixty (60) day period will be considered as reasonable cause for reinstatement.

EXAMINATION FEE:

Section 42-217 and Section 42-221, Idaho Code, require an examination fee as part of the proof of beneficial use submittal if a completed field examination report prepared by a certified water right examiner is not submitted as part of the proof. The fee is based upon the rate of diversion or volume of water claimed on the proof of beneficial use form. The appropriate fee can be determined from the license examination fee schedule on the back of this sheet.

ISSUANCE OF LICENSE:

The department will issue a license of water right based on the determination of the amount of water beneficially used in compliance with existing law. The license will include specific information to describe the water right developed.

NOTE - You must comply with the conditions of approval of your permit or seek to have the department waive the conditions. (See the last page of the permit).

Idaho Department of Water Resources (IDWR)

A license examination fee is not required in connection with
permits which use a ground water source AND have a total rate of
diversion of 0.04 cfs or less or where the total volume stored is 4.0 AF per annum or less.
A license exam fee is required for ANY permit which uses surface water

**STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES**

**REQUEST FOR EXTENSION OF TIME
TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT**

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right.

Permit No. _____

Name(s) of Permit Holder: _____

Mailing Address: _____

Date Proof is Due: _____ Telephone No. _____

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

_____ Costing \$ _____

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Permit holder(s) request an extension to _____, 19_____.

FEE: \$50.00

(Signature)*

**If other than permit holder, Power of Attorney must be supplied.*

ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be

Signed this _____ day of _____, 19_____.

**STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES**

**INSTRUCTIONS FOR EXTENSION OF TIME REQUEST
TO SUBMIT PROOF OF BENEFICIAL USE**

If the water right development authorized by your permit is not complete and you need more time to submit proof of beneficial use of water under your permit, please read the following:

Under the provisions of Section 42-204, Idaho Code, the department can extend the proof due date of your permit only once, and then only if you can demonstrate that you have been pursuing development of the permit with due diligence.

The Request for Extension of Time form requires that you indicate the extent of development that has occurred, the cost, and the reason(s) the work has not been completed. This information must be provided in enough detail to show due diligence. Examples of work performed are: well drilled, pump installed, 10 acres now irrigated, fish propagation ponds constructed, sprinkler system purchased, etc.

If no work has been accomplished, the statutes provide that the Request for Extension of Time must be denied. **Lack of financial resources, the state of the economy or personal illness usually cannot be considered adequate reasons to approve a Request for Extension of Time.**

EXCEPTIONS TO ONLY ONE EXTENSION

The proof due date for a permit that has not been developed for one of the following reasons may receive one or more extensions of time even though no work has been accomplished:

1. When there is a lack of a required consent or final approval from a federal government agency (evidence of delay must be submitted with the request), i.e. right-of-way easement or land classification such as Desert Land Entry or Carey Act.
2. When litigation related to title of the water has prevented development of the permit (evidence must be submitted with the request).
3. When the water project is of a large scale -- storage of more than 200,000 acre-feet or diversion of more than 25,000 acre-feet in one irrigation season for an irrigation project of at least 5,000 acres.
4. When the water right permit is held by the United States of America (reason for request must be submitted).

A non-refundable filing fee of **\$50.00** must accompany the Request for Extension of Time form.

NOTE that in no case should a Proof of Beneficial Use form and a Request for Extension of Time form both be submitted. If your water development project is completed, then the proof of beneficial use form should be completed and returned. If the project is started but not completed, then the Request for Extension of Time form should be completed and returned in compliance with the guidelines above. If the project has not been initiated and does not fit into one of the exceptions listed above, then neither form should be returned and the permit will lapse and become of no further force nor effect. A new application will then need to be submitted to the department if water right development is still planned.

LAPSE NOTICE

RE: PERMIT NO. 65-13493

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated December 31, 1995. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifty dollar (\$50.00) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

PROOF DUE NOTICE

RE: PERMIT NO. 65-13493

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before March 1, 1996.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

JULIE L. YARBROUGH
Senior Secretary

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 65-13493

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed.

The Department will send you a "Proof Due Notice" approximately 60 days prior to the above referenced date requesting you to file either a Proof of Beneficial Use form or a Request for Extension of Time form.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jim Johnson', written over a horizontal line.
