RE: LICENSING OF WATER RIGHT PERMITS

Dear Darwin:

After your call a few days ago, I checked the status of all your water rights in the Cabarton area. All of your permits for that site have been field examined in the last several years. The permits are now in the licensing process.

A perennial problem at this agency is not having the resources to complete everything in a timely manner. More often than not, completion of the licensing process is forced to take a back seat to more urgent work. This is regrettable but unavoidable given the present realities.

I hope that the licenses can be issued soon. The good news is that the beneficial use developed under the permits has been verified. The rights remain fully protected by completion of that verification.

Please let me now if you have any questions about this subject.

Sincerely,

Steve Lester
Water Rights Supervisor

RE: PERMIT NO. 65-13459

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

If you have questions concerning this matter, please feel free to contact the WESTERN Regional Office in Boise at (208)334-2190.

RE: Water Right No. 65-13459
Drilling Permit No. 65-91-Z-0018-000

Dear Permit Holder:

Enclosed is a copy of the Proof of Beneficial Use submitted in connection with the above referenced water right. It, and your permit to appropriate water (copy enclosed), both indicate that water is diverted for irrigation. Also enclosed is a copy of the drilling permit approved in 1991. It indicates the extent of use to be single family domestic. Single family domestic use constitutes the diversion of 0.04 cfs or less and/or the use for one home and irrigation of up to 1/2 acre of land.

You were properly charged \$35.00 for the domestic well drilling permit. However, because of the use and amount you have indicated (irrigation of 100 acres with a rate of diversion of 2.00 cfs), the drilling permit is no longer considered strictly single family domestic. The charge for a non-domestic drilling permit is \$200.00.

Before the Department can accept the proof of beneficial use as filed, you will need to pay the additional \$165.00 fee to upgrade the drilling permit to a non-domestic. The Department will hold your file for 30 days to allow you time in which to submit the additional fee. **Please address your correspondence to my attention.**

If you have any questions or if I can be of any assistance, please feel free to contact me at (208)327-7900.

Sincerely,

JULIE L. YARBROUGH
Senior Secretary

This Permit is

APPROVED

Date

4-24-91

If approved, this permit authorizes the construction or modification of a well subject to the following conditions. **READ CAREFULLY!**

GENERAL CONDITIONS:

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards.
2. This drilling permit is valid for two (2) months from the above approval date for the start of construction and is valid for one (1) year from the approval date for completion of the well unless an extension has been granted.
3. This permit does not constitute an approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well.
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site.
5. Approval of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho.
8. If a bottom hole temperature of 85° or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately.
9. If this permit is for a replacement well, the well being replaced must be abandoned in accordance with Department Rules and Regulations.

PERMIT APPROVAL NOTICE

RE: PERMIT NO. 65-13459

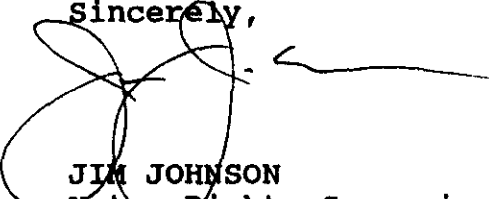

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. Please be sure to thoroughly review the "CONDITIONS/REMARKS:" listing on the permit.

As a permit owner you must commence the excavation or construction of the diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The date shown under condition no. 1 is the date when the project must be completed. You will receive a "Proof Due Notice" from this Department approximately 60 days prior to the completion date requiring you to file either a Proof of Beneficial Use form stating that the project has been completed or file a Request for an Extension of Time in which to file the proof statement.

Be sure to note the special condition requiring you to install a measuring device. Enclosed, for your reference, is a list of measuring device options.

STATE OF IDAHO
COUNTY OF VALLEY

RECEIVED

JUL 26 1993

Department of Water Resources
Western Regional Office

I, Michael C. Stewart, being duly sworn deposes and says, I
am the Publisher of The Advocate, a weekly newspaper
published at Cascade, in Valley County, Idaho; and having a
general circulation therein and of legal status in said
county.

The application for H₂O Rights, a copy of which
is attached hereto; was published in said newspaper once a
week for 2 consecutive weeks in the regular and
entire issue of every number thereof during the period and
time of publication, and was published in the newspaper
proper and not in a supplement; and that publication of
such notice began 7-7, 1993, and
ended 7-14, 1993.
