The Department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

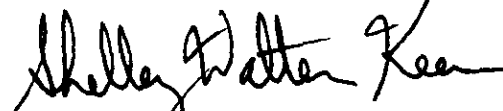

MICROFILMED

2 APR 16 1998

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

MEMORANDUM

DATE: February 25, 1998
TO: File No. 6513425
FROM: Cindy Lou Zimmerman
SUBJECT: Review of Beneficial Use Field Report

The following adjustments¹ were made on the field report to reflect standard rates of diversion and annual volumes for the uses developed under this permit:

F. Flow Calculations.

a. Theoretical Capacity.

$$F = \frac{8.8 \times 0.7 \times 2.0}{54' + (.231 \times 35)} - \frac{12.32}{134.85} = \underline{0.09} \text{ cfs.}$$

*dynamic level = static level, 43.5' + 10' = 53.5' ~ 54'.

b. Irrigation.

$$F_{I.R.} = \text{acres} \times \text{cfs/acre} = 2.0 \times 0.03 = 0.06 \text{ cfs.}$$

C. Domestic, in-house use only = 0.02 cfs.

D. Maximum Rate of diversion

$$M.R. = b + c = 0.06 + 0.02 = \underline{0.08} \approx 0.06 \text{ cfs (limited by permit).}$$

G. Volume Calculations.

a. Irrigation.

$$V_{I.R.} = \text{acres} \times \text{AF/acre} = 2.0 \times \underline{3.0} = \underline{6.0} \text{ AF.}$$

B. Domestic, in-house use, 1 home = 0.6 AF.

C. Maximum annual volume = a + b = 6.6 AF.

H. Recommendations.

1. Recommended amounts:

Beneficial Use	Period of Use	Rate of diversion	Annual Volume
Irrigation	4/15-10/15	0.06 cfs	<u>6.0</u> AF
Domestic	1/1-12/31	<u>0.02</u> cfs	0.6 AF
	Totals:	0.06 cfs	<u>6.6</u> AF

PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 65-13425

Dear Permit Holder:

The Department acknowledges receipt of the assignment of permit form transferring ownership of the above referenced water right permit to you. We have modified our computer records to show the change in ownership.

Additionally, the department acknowledges receipt of the proof of beneficial use form submitted for the permit. Enclosed is an order reinstating the permit since proof was submitted after the proof due date. Please note that the priority date has been advanced to January 4, 1993. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

Please be advised that Section 42-248, Idaho Code, which became effective on July 1, 1996, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions concerning this matter, contact the WESTERN Regional Office in Boise at (208)334-2190.

RE: PERMIT NO. 65-13425

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1997.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
