E. NARRATIVE/REMARKS/COMMENTS

THIS SYSTEM USES A $\frac{3}{4}$ HP TO PUMP WATER FROM A STATIC WATER LEVEL OF 29'. THE 6" CASING IS TAPPED SO THAT LINES GO FROM THE WELL TO THE DOMESTIC AS WELL AS THE TWO SPIGOTS IN THE LAWN. THE WELL HAS TOTAL DEPTH OF 56' & HAS A PUMPING LEVEL OF 55'. THE SYSTEM IS USED IN THE HOUSE TO IRRIGATE THE LAWN. RUBBER HOSES ARE SET UP WITH RAINBARS TO IRRIGATE THE LAWN. FROM THESE SPIGOTS TWO HORSES ARE WATERED, HOSES ARE USED TO FILL THEIR TROUGH

PROOF DUE NOTICE

RE: PERMIT NO. 65-13293

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager
