Through agreement with Little Land & Livestock, McCaulen receives water from spring on Little Land through 3100' of 1 1/2" PVC. A 4" diameter PVC overflow near spring supplies water for Little's cattle. McCaulen, through this agreement, is to install a water trough. Water is used for domestic inside and outside, and for stockwater for two cows, five horses, and two goats. Lawn area irrigated by sprinklers total 0.56 acre.

$V_0 = 0.02 \times 365 \times 1.9835 = 14.5 \text{ AF}$

$V_R < V_0$, use 0.10 AF

H. REMARKS AND OVERLAP REVIEW ANALYSIS

P/D OVERLAP - McCarlow and Little Land & Livestock have same
P/D, but different P/U.

Irrigation and domestic inside use is slightly over $\frac{1}{2}$ acre, approximately
0.1 acre, but rather than create new water right for the 0.1 acre,
all domestic, inside and outside, be covered under this water
right. Agreement with Little Land and Livestock is non binding
and could be revoked at any time.

Flow through spigot was measured at 0.02 cfs, therefore
recommend approval for 0.02 cfs for domestic and 0.02
for stockwater.

PROOF DUE NOTICE

RE: PERMIT NO. 65-13199

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1991. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
