WATER RIGHT NO. 65-13117

Priority: November 9, 1989

Maximum Diversion Rate:

0.02 CFS

Maximum Diversion Volume:

1.5 AF

This is to certify, that PAUL W EASTERBROOK

1061 LILAC LN

EMMETT ID 83617

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated November 7, 1989; and has submitted Proof of Beneficial Use on July 13, 1992. An examination indicates that the works have a diversion capacity of .080 cfs of water from:

SPRINGS

tributary to LAKE FORK CREEK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
IRRIGATION	04/15 to 10/15	0.02 CFS	1.5 AF

LOCATION OF POINT(S) OF DIVERSION:

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. A lockable device subject to the approval of the Department shall be maintained on the diverting works in a manner that will provide the watermaster suitable control of the diversion.
6. Use of water under this water right will be regulated by the watermaster of State Water District No. 65K.
7. This right when combined with all other rights shall provide no more than 3.0 afa per acre for the lands above.

THIS SYSTEM USES A 2HP MOTOR : AROUND 120' OF $\frac{3}{4}$ " LINE TO IRRIGATE @ .5 ACRES OF LAWN : TREES. THE OWNER PUMPS OUT OF A SMALL POND THAT IS FILLED BY NEAR-BY SPRINGS - THE SPRINGS ORIGINATE FROM A BENCH THAT SPARKS AND HANDLED SALVAGE. THE WATER TRICKLES DOWN THE BENCH TO FORM A SMALL STREAM. THE OWNER THEN HAS ESCAPED A SMALL POND ALONG THE STREAM PATH : HAS SET HIS PUMP NEAR THE POND EDGE. THE PUMPING WATERS FLOW THROUGH THE STREAM CONTINUOUSLY TO LEEF SPRING CREEK. FROM THE TOP OF THE HILL IT TAKES ABOUT 10 MINUTES TO GET TO THE POND. THE PUMP IS A 2HP MOTOR WITH A PRESSURE GAUGE WHICH IS CALIBRATED TO READ AT 40 PSI. THE PUMP IS ON A SINKER RAIL : IT CAN BE RAISED OR LOWERED TO .5 ACRES. THE WATER IS PUMPED UP TO 10' HIGH. THE PRESSURE GAGE READS 40 PSI, THE HP IS KNOWN : THE EFF IS APPROX 50 A THEORETICAL : A TABLE MEASUREMENT.

Dear Mr. Easterbrook:

On June 16, 1992, I wrote to you and requested that you return the original proof of beneficial use which was mailed back to you. As of this date, I have not received that original back in this office.

I have enclosed a blank form and a copy of the first proof of beneficial use, in case you have misplaced the original. Please complete this form or mail the first original back to me. I cannot continue to process the document until I have an original back in the file.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Sincerely,

Karen L. Gustafson

Re: Permit No. 65-13117

Dear Mr. Easterbrook:

Thank you for your prompt response to my letter explaining that a \$50 license exam fee was necessary on your permit. It was greatly appreciated.

Unfortunately, before I can process the proof of beneficial use, you must return the original which I sent back to you in my recent correspondence. I only have a copy in my file, and state statutes dictate that the original must remain in the file.

I am confident that once you return the original proof, I can proceed with the analysis of your proof.

If you have any questions or if I can be of any further assistance, please feel free to contact me.

Gentlemen:

Enclosed is my check for \$50.00. I hope this will please you.

My Water Source is several small springs which come from the ground about four hundred feet up hill. They form a very small stream which flows down hill on the south side of my property.

When I read your request for Proof of Use, I looked in Websters Dictionary for the definition of "Ground Water." This is what the Dictionary says: Ground Water "water within the earth that supplies wells and springs."

Why don't you bureaucrats learn to define your terms.

Sincerely,

Paula Antonova

Re: Permit No. 65-13117

Dear Permit Holder:

Returned is the proof of beneficial use you submitted in connection with the above referenced permits. Unfortunately, it is unacceptable as filed.

The Department has determined, from pertinent sections of the Idaho Code, that the permit holder must meet two requirements in order to be exempt from the license exam fee. They are:

1. The water right must use a groundwater source.
2. The rate of diversion must be .04 cfs or less.

As you can see, you do not meet requirement #1 since you use a spring (surface) for your source. Therefore, a license examination fee of \$50 applies to your permit. I have enclosed a copy of the Instructions for the Proof of Beneficial Use for your convenience.

Please return the proof of beneficial use and the \$50 license exam fee as soon as possible. In order to meet the required dates, they must be returned no later than July 1, 1992.

If you have any questions or if I can be of any further assistance, please feel to contact me.

Sincerely,

Karen L. Gustafson

PROOF DUE NOTICE

RE: PERMIT NO. 65-13117

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before August 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Karen L. Gustafson
Secretary/Records Manager

PERMIT APPROVAL NOTICE

RE: PERMIT NO. P65-13117

Dear Permit Holder:

Enclosed is a copy of your approved application for permit. We direct your attention to the conditions of approval on the final page.

Be sure to note the special condition requiring you to install a lockable device that will provide the watermaster control on your diversion.

Please note the requirement that as a permit holder you must commence the excavation or construction of diverting works within one year of the date the permit was issued, and you must proceed diligently until the project is completed. The enclosed blue card must be completed and returned to this office as soon as you commence construction, no later than one year from the date the permit was approved.

We have enclosed a form entitled "Instructions for Proof of Beneficial Use". Please read the instructions carefully since you must take further action to develop this permit into a license.
