E. NARRATIVE/REMARKS/COMMENTS

- No govt. lots were found.
- Use is for irrigation of 1 acre yard & garden, & stockwater for 2 horses, & 2 rabbits, with other uses being fire protection (total property applicant owns is 40 acres).
- Other water source is domestic well for internal use.
- Other WR # 65-03859 spring to a pond for stockwater (decreed), & WR # 65-12838 unnamed stream for irrigation of 20 acres (licensed).
- Overlaps for P/D are other source; overlaps for P/U are other land &/or other uses.
- The system consists of a 1HP ~~to~~ Grundfos submersible pump & 500 gal. holding tank at the spring, 618' of 3/4" ABS pipe buried from the pump to P/U. (The system is run at 50 psi). There are 4 hydrants in different locations for stockwater & fire protection, a buried 3/4" ABS line into the yard & garden, with hose bibs, hoses & misc. sprinkler types & sizes used for irrigation.
- Recommend allowing .02 cfs (from Pumpback Computation spreadsheet) for irrigation & stockwater. Same water, different use.

RE: PERMIT NO. 65-13103 PROOF DUE NOTICE

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1992. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

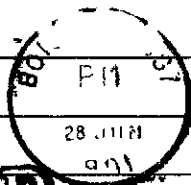

Karen L. Gustafson
Secretary/Records Manager
