3. **Narrative:** Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

A 1 1/2 hp pump draws water out of Big Pigeon Lake and pumped it back into the owner's house. The pump is located, a 1" pipe extends a pipe 100 yards out and 50 feet down to Big Lake. Some natural vegetation is irrigated by water from this pump. It also uses water from Sugar Creek.

H. REMARKS AND OVERLAP REVIEW ANALYSIS

The owner is supplementing this water right with water right no. 65-10231. The latter water right is pumped from Sylva Creek on an adjacent lot and the water is supplied to outdoor faucets.

The system was capable of providing well over .04 cfs and I recommend the domestic station at cfs = 1.2 cfs.

PROOF DUE NOTICE

RE: PERMIT NO. 65-13097

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1990. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
