3. Narrative: Description (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

A 1 1/2 hp pump was located 80' from the shore of Big
 Payette Lake. The pump was visible in less than 3' of water.
 A 1 1/2" dia pipe supplied water to the property site. Approx.
 2 acres of land was being irrigated through underground
 sprinklers. Water for the two homes was supplied by a well
 which is operated under a different permit.
 From the surveyor's plot, the total property acreage is listed at 2.04
 acres. My pacing confirms the 2 acres $450' \times (200' + 176' / 2) / 43560 = 1.94$ acres

H. REMARKS AND OVERLAP REVIEW ANALYSIS

Total irrigated land: 204 acres - (3,900 sq ft / 43560) = 1.95 acres.

No other water rights affect this permit.

A well is used internal use for the two homes. A claim was filed on the well by the original owner Gertrude Ralphs. Jordan Laby purchased the property from Mrs. Ralphs. Mr. Laby now owns two adjudication rights for wells in the same Q/A as this permit, but he doesn't know which right applies to the domestic well examined. This will have to be cleared up by an adjudication exam.

PROOF DUE NOTICE

RE: PERMIT NO. 65-12918

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before June 1, 1990.

(See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
Secretary/Records Manager
