This is to certify, that DAVID W LOVELL
DOROTHY M LOVELL

PO BOX 1406

LOVELOCK NV 89419

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated May 27, 1980; and has submitted Proof of Beneficial Use on August 26, 1982. An examination indicates that the works have a diversion capacity of .080 cfs of water from a GROUNDWATER source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
DOMESTIC	01/01 to 12/31	0.04 CFS	1.2 AF

LOCATION OF POINT(S) OF DIVERSION:

PAYETTE County

PLACE OF USE: DOMESTIC
TWN RGE SEC

07N 04W 4 NWSW

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. The issuance of this right in no way grants any right-of-way or easement across the land of another.
6. Two points of diversion are located within NWSW, S04, T07N, R04W.
7. Place of use is located within Lot 1, Fern Subdivision.
8. Domestic use is for 1 home and 6 head of mixed stock.

TO: File 65-12784
FROM: Brenda Chapman
DATE: May 17, 1993
RE: Telephone Conversation

=====

Dorothy Lovell telephoned today questioning the amendment to add stockwater usage. Upon further consideration of the facts, it was decided that the amount of water for 6 head of mixed stock would fit into the domestic limit parameters. It will not be necessary to list the stockwater use on the license. The license will be issued for 0.04 cfs with domestic use only. A remark will be added stating the domestic use includes water for miscellaneous stock.

RE: WATER RIGHT NO. 65-12784

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed application for amendment contains information that will be included on the license when it is issued. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 15 days.

If you do not concur with these findings or if you have any questions, please contact us within the 15-day period.

Sincerely,

Original exam conducted 9/13/88 but no map found in exam. Was able to visit site on 5/28/92 (no one was home & could not make contact with anyone) to verify site location. Property at 6222 Adams Road.

Permit cover live in place (PO Sup 1406, Lovell, 89419 per Cassin's Office* 6/12/92). Off sent into to Lovell, sent CC to contact buyer, Edwards (live in house at 6222 Adams Rd. at this point).

Current irrigators use 2 wells for D/I (Int + Ext) and 6 mixed stock. Do not irrigate area with well water. Original exam into has either changed or was mistaken. Farmers Corp water (65-00060) from Poyette R. used on area.

SPBA claim filed by contract buyer (Edwards) for 2 wells, D/I, stock. See attached. This should be numbered claim 265-12784. OK to license for D/I + stock & permit within permit limits. Adjudication details will not delay license now.

RE: Water Right Permit No. 65-12784

Dear Mr. and Mrs. Edwards:

I sent you a letter dated 6/18/92 concerning the above-referenced water right. The letter specified that a Snake River Basin Adjudication claim must be filed in order to allow a license to be issued for the uses found from two wells on the property (domestic for one home and irrigation of approximately four acres). A claim was requested within ten days of receipt of the previous letter.

Since a claim has not been received to date, the license recommendation must be reduced. Right no. 65-12784 will be recommended to be licensed for one well and domestic use, but the other well and irrigation of four acres will be eliminated from the right. That portion of the right will be lost due to a lack of response.

You must file a new water right application through this office to continue legally using the irrigation water.

Please contact me if you need additional information.

Sincerely,

Steve Lester
Sr. Water Resource Agent

RE: Water Right Permit No. 65-12784

Dear Mr. and Mrs. Edwards:

A license for the above referenced water right permit can be issued once a Snake River Basin Adjudication claim has been filed to claim the right in the current adjudication process in which your area is involved. According to department records, a claim has not been filed by the owner of record, Dorothy M. Lovell, or by you, the contracted buyers of the property.

The enclosed adjudication claim was prepared for your signature based on the field inspection of the property on 9/13/88. The completed claim and water right license to be issued will be in D. Lovell's name C/O Edwards. The claim and license are considered part of the property.

Please review the claim and sign it on the last page. A notarized signature is needed. Normally, a \$104 filing fee would be needed, but in this case the \$50 late fee will be waived. Please return the white copy of the completed claim with a \$54 fee to me within ten days to avoid problems in licensing water right permit 65-12784. Without an adjudication claim, the permit must be cancelled and a valid water right will be forfeited.

Please contact me (334-2190) if you have any questions.

Sincerely,

Steve Lester

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Examination Fee Notice

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is available from the department upon request. A listing of certified water right examiners is also available.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

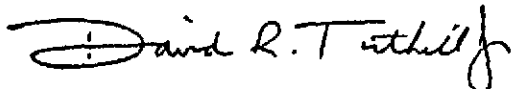

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The license examination fee schedule, on the back of the enclosed information sheet, shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be returned to this office. If you have questions or concerns please feel free to call at (208) 334-2190, or to visit the office at our new location near the airport, at 2735 Airport Way.

DAVID R. TUTHILL, JR., P. E.

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

Sincerely,

David R. Tuthill, Jr. P.E.

Re: Permit No. 65-12784

Dear Mrs. Lovell:

We have received your note concerning the sale of the above referenced permit and enclosed is an assignment of permit form for your review.

Your permit, at this stage, is considered personal property and will be lost unless it is assigned to the new owner. Once this form is signed by you and notarized the new land owner will have the opportunity to finalize the permit and prove up on the water right.

If you have not yet sold the property, then it may be to your advantage to pay the \$50.00 exam fee, complete the exam fee information sheet, and keep this permit in good standing. A water right is an important item that buyers look at in purchasing property. When the property sells the assignment will need to be completed.

However, if you decide to let the permit lapse, then no further correspondence is required. If you have any questions, please do not hesitate to contact me.

Sincerely,

Jan Shurte
Sr. Water Resource Agent

Re: Commencement of Works for
Mr. David W. Lovell

Dear Mr. Lovell:

I am in receipt of your letter dated July 10, 1982 regarding the Commencement of Works requirement for your above-referenced client. We have researched the water rights in the name of Mr. Lovell and have found that his only outstanding permit is No. 67-7501. Enclosed please find a copy of the permit.

An examination of the permit indicates that the wells for the system were drilled in 1976, and at least a portion of the system has already been completed. If the system is totally completed, please have your client complete the enclosed white postcard as a statement of beneficial use and return it to this office to complete the filing requirements. If, on the other hand, the system is not fully completed he should complete the enclosed blue postcard to indicate that commencement of works has been initiated and return it to this office no later than June 20, 1983.

Please contact this office if you have any further questions on this matter.

Sincerely,

DAVID R. TUTHILL, JR.

Re: Your letter of June 24, 1982
addressed to David W. Lovell
Route 2, New Plymouth, ID 83655

Dear Mr. Tuthill:

Our client, Mr. David Lovell received your June 24, 1982 letter concerning the return of a Commencement of Works postcard for each permit for water diversion held by him. Mr. Lovell is concerned since he is aware of no potential water right held by him in the permit form. It is his understanding that all of his water rights are fully vested, requiring no further action on his part.

If there is an outstanding permit for water right in Mr. David W. Lovell's name which requires action on his part, please contact this office immediately with details as to the nature of the water right permit including the date the permit was applied for and the nature of the water right contained therein.

If you have any questions, please don't hesitate to contact this office. We look forward to hearing from you at your earliest convenience on this matter.

Sincerely yours,

James C. Peart
