RE: Water Right No. 65-12623

Dear Water Right Holder(s):

On June 8, 1992, the department sent you a letter which directed you to immediately cease diverting water under the above referenced water right, since the minimum stream flow of the Snake River in the amount of 4,750 cubic feet per second (cfs) measured near Weiser was not being satisfied.

The flow of the Snake River at Weiser is now above 4,750 cfs. You are, therefore, authorized to again divert water under your water right. If the minimum stream flow is not met later this year, however, the department will again notify you to temporarily cease diversion.

Thank you for your cooperation in this matter. Please feel free to contact L. Glen Saxton (phone: 208-327-7955) or Gary Spackman (phone: 208-327-7946) of my staff if you have questions.

RE: Water Right No. 65-12623

Dear Water Right Holder(s):

On May 19, 1992, the department sent you a letter advising that you might be required to temporarily cease diverting water from the Snake River or its tributaries if the established minimum stream flow of the Snake River in the amount of 4,750 cubic feet per second measured near Weiser is not satisfied or likely will not be satisfied.

The flow of the Snake River at Weiser is now less than 4,750 cfs. You are, therefore, directed to immediately cease diverting water under the above referenced water right and to not resume use until authorized by the department.

Past flow records show that the duration of seasonal low flow periods typically last several days to a week. Since your use of water is extremely important to you and since mail notification includes a delay associated with mail delivery time, feel free to call the toll-free telephone number 1-800-451-4129 to determine when you are again authorized to divert and use water under your water right. Please use this phone number only in connection with resumption of use.

You need to be aware that Section 42-351, Idaho Code, provides for penalties of up to \$100 per day for unauthorized diversion.

Thank you for your cooperation in this matter. Please feel free to contact L. Glen Saxton (phone: 208-327-7955) or Gary Spackman (phone: 208-327-7946) of my staff if you have questions.

RE: Water Right No. 65-12623

Dear Water Right Holder(s):

Department water right records show that you divert water from the Snake River or its tributaries under a water right that has a priority date later than December 29, 1976. This is the priority of the established minimum stream flow of the Snake River at the Weiser Gage (Weiser) in the amount of 4,750 cubic feet per second.

Because of the continuing drought conditions in the Snake River Basin, department hydrologists project that during 1992, there could be periods when the required minimum flow will not be satisfied due to low flows of the Snake River. The department urges you to not divert at a higher rate than authorized by your water right and to not use your right in any manner different than authorized. In addition, when the minimum flow will not be satisfied or is not being satisfied, you are required to cease diverting water under your water right, because your right is of later priority than the minimum stream flow at Weiser.

If the department determines the minimum flow will not be satisfied, the department will advise you and will provide as much lead time as possible in requiring that you temporarily cease your diversion of water. The greatest likelihood for this to occur is during a period from mid-June to late June.

While the department expects good cooperation from junior water right holders, water users should be aware that Section 42-352, Idaho Code, provides for penalties of up to \$100 per day for unauthorized diversions of water.

The department has contacted both the Idaho Power Company and the U.S. Bureau of Reclamation with respect to the timing of storage releases from upstream reservoirs for flow enhancement purposes. This type of coordination could minimize the impact on

existing water users and reduce the need to curtail diversions.

The department has scheduled public information meetings relative to this potential regulation as follows:

Mountain Home - June 4, 1992 - 10:00 a.m. - gymnasium at
North Elementary School, 290 E. 12th N.

Caldwell - June 4, 1992 - 7:00 p.m. - Ballroom in the
Student Union Building, Albertson College of Idaho,
2112 Cleveland

If you have questions concerning this letter or wish to provide the name of a different contact person or address to receive department correspondence, please contact the department.

Sincerely,

RE: PERMIT NO. 65-12623

DEAR PERMIT HOLDER:

ENCLOSED IS A COPY OF YOUR APPROVED APPLICATION FOR PERMIT. WE DIRECT YOUR ATTENTION TO THE CONDITIONS OF APPROVAL ON THE FOURTH PAGE.

WE HAVE ENCLOSED INSTRUCTIONS ENTITLED "MAKING PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT. ALSO ENCLOSED FOR YOUR CONVENIENCE IS THE STATEMENT OF BENEFICIAL USE POSTCARD THAT MUST BE SUBMITTED WHEN YOUR PROJECT IS COMPLETED.

PLEASE BE ADVISED THAT THERE IS INSUFFICIENT NATURAL FLOW AVAILABLE IN THE PAYETTE RIVER AND TRIBUTARIES TO PROVIDE WATER FOR A NEW APPROPRIATION THROUGHOUT THE ENTIRE SEASON OF USE. DURING THE SPRING RUN-OFF EACH YEAR, THERE MAY BE A PERIOD OF TIME IN WHICH THE PRIOR RIGHTS TO THE USE OF THE NATURAL FLOW AND STORAGE ARE FILLED LEAVING WATER AVAILABLE FOR YOUR PERMIT. AS THE NATURAL FLOW DIMINISHES, HOWEVER, THERE MAY BE NO WATER AVAILABLE FOR YOUR RIGHT UNLESS YOU ARRANGE FOR AN ADDITIONAL SOURCE OF WATER AS A SUPPLEMENTAL SUPPLY.

Dear Mr. Daws:

We made an error when the fee for your water right application was collected.

The fee for .24 cfs is \$45.00. We collected \$30.00, leaving a balance of \$15.00 for the additional .04 cfs of water. We can reduce the amount of water by two inches (or .04 cfs), or you will need to send the additional \$15.00

Please contact this office immediately so we can advertise your water right.

Sincerely,

ERVIN E. BALLOU
Senior Water Resource Agent
