CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. The issuance of this right in no way grants any right-of-way or easement across the land of another.
6. Use of water under this water right will be regulated by the watermaster of State Water District No. 65.

To provide additional time in which to submit proof
of beneficial use for a water right permit

The Idaho Department of Water Resources will consider this form as a request that the permit holder be granted an additional period of time in which to complete development of a water right under the provisions of Section 42-204, Idaho Code.

Permit No. 65-12576

Name(s) of Permit Holder: Leonard F. &/or Mary R. Bolender

Post Office Address: 1541 Rush Road, Eagle, ID 83616

Telephone No. 939-6380

Date Proof is Due: December 1, 1987

Describe what work has been completed toward the development of this water right:

(This must be filled out! If no work has been completed, show "none".)

Diverting and using water from Lightning Creek for domestic use - inhouse

Costing \$ 1500

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

I still need to complete the sprinkler system for the diversion out of Middle Fork of
the Payette River. This water will be used to irrigate the lawn around the house.

Permit holder(s) request an extension to December 1, 19 89.

The domestic use is for one home and less than 1/2 acre of lawn. Two separate pumps operate the system. Pump no. 1 is a 1 1/2 hp h.p. pump located on the north end of the lawn. The pump is located on the southern bank of the M.F. Payette River. A 3" line extends approx 20' into a Filter box in the river. Water is pumped from the river to an underground sprinkler system in the lawn. It is not connected to the house. Pump #2 is a 1/2 hp pump that diverts water from Lightning Creek to use inside the house. A 13' deep culvert

was dug next to the creek, and a 6" pipe was placed into the hole. The culvert was filled back in. The pump is located at the bottom of the pipe & a pipeline carries water to the house. The 11/2 From Lightning Creek is about 100' From the irrigated land.

Total Acreage = $230' \times 90' - 25' \times 25' - 20' \times 20' = .5$

The combination of water being diverted From both sources shall not exceed .04 cfs, since it is limited by domestic usage.

No other rights affect this permit

Dear Mr. Bolender:

Re: Permit No. 65-12576

The department received the proof of beneficial use form submitted in lieu of the request for extension of time. Returned is the request for extension of time form. I have initiated the procedure for refunding the \$15 extension fee. You should receive it in two to four weeks.

The next step is for the department to conduct a field inspection to determine and confirm the extent of beneficial use. This inspection is conducted by the regional office. The department's field agent will notify you to schedule a convenient time.

If you have any questions, please contact me.

Sincerely,

Dear Mr. and Mrs. Bolender:

Re: Permit No. 65-12576

The department received the request for extension of time form submitted to this office on October 16, 1989.

I have reviewed your request for extension of time. Since it is the second request received for this permit, the department will probably not take favorable action on it.

Since the project, that is, the establishment of household and irrigation uses, is essentially complete, I suggest you submit the proof of beneficial use form. I understand that you wish to upgrade your method of irrigation from hoses to sprinkler system. But, the requirement of diversion and beneficial use of water has been met with either method.

For your convenience, I have completed the proof of beneficial use form. Upon receipt of this form, I will return the extension request and start the refund process. If I do not hear from you by December 1, the department will take action on the extension request.

If you have any questions concerning this matter, please feel free to contact this office.

Sincerely,

RITA I. FLECK

PROOF DUE NOTICE

RE: PERMIT NO. 65-12576

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before December 1, 1989. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.

SINCERELY,

Rita Fleck
