In Stream Storage, per dimensions, $\underline{.01}$ AF.

$$.01 \text{ AF} \times (3.259 \times 10^5) = 3.259 \times 10^3 = 3260 \text{ gal capacity}$$

Permit for .02 cfs = 9 gpm

$$9 \text{ gal/min} \times 60 \text{ min/hr} \times 24 \text{ hr/day} = 12,960 \text{ gal/day}$$

12,960 > 3260 Diversion will full in 24 hrs.

$$\left(\begin{array}{c} \text{or} \\ .02 \times 1.9835 = .04 \text{ AF/day} \\ \text{cfs} \end{array} \right)$$

* This is technically within the bounds of the live flow permit restrictions so no compensation needs to be made for storage.

- Volume not restricted by permit -

Also recommend source name clarification to "unnamed Stream" because no actual development occurred at Springhead. However, I question trib to sinks based on topo map which shows 2 other ~~unnamed~~ ^{ages} in close proximity which are tributary to Little Squaw Ck.

Spoke with Steve Spafford again to verify if I could whether the Springs actually sank or delivered to a Surface Drainage.

He said the times he had been to the site, the Springs actually sank just above the road to the north.

- * Ultimately I would recommend that Tributary remains as 'sinks', based on normal behavior of the Spring, even though a wetter than normal year may cause Surface runoff

LAPSE NOTICE

RE: Permit No. 65-12550

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218a, Idaho Code, the above referenced water permit has lapsed. This office did not receive either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time. You were provided the proper forms in our proof due notice to you dated May 31, 1987.

Your permit cannot be reinstated unless you submit proof of beneficial use or submit an extension of time request showing reasonable cause for delay. Either the completed proof of beneficial use submittal (including the examination fee or a completed field examination report) or the extension request form together with the \$15 fee must be received by this Department within sixty days of the date of mailing of this lapse notice.

A proof of beneficial use form and a request for extension of time form are again enclosed for your use. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a governmental agency or by litigation which might bring title to the water in question.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau

WE HAVE ENCLOSED A FORM ENTITLED "MAKING PROOF OF BENEFICIAL USE". PLEASE READ THE INSTRUCTIONS CAREFULLY SINCE YOU MUST TAKE FURTHER ACTION TO DEVELOP THIS PERMIT INTO A LICENSE.
