NOTICE OF APPLICATION FOR WATER RIGHT

Notice is hereby given that the following application(s) have been submitted for permit to appropriate the public waters of the State of Idaho:

65-12145

Name: George W. Rambow.
Address: P.O. Box 666, Emmett, Idaho. Source: Waste water trib to Buetler Bane ditch. Date filed: July 6, 1978. County: Gem. Amount: 0.16 cfs. Point of Diversion: NE 1/4 SW 1/4 Sec 1 T 6N-R 2W B.M. 2 points. Use: Irrigation of 8 acres from March 15 to Nov. 15. Place of Use: NE 1/4 SW 1/4 Sec 1 T 6N-R 2W B.M. Means: Dams, pumps and pipelines.

If issued, the permit(s) will be subject to all prior water rights. Protests against the granting of any permit must be filed with the Director of the Idaho Department of Water Resources, 92 S. Cole Road, Boise, Idaho 83705 on or before August 7, 1978.

C. Stephen Allred, Director
Published in the Emmett Messenger-Index, Emmett, Idaho, on July 20 and July 27, 1978.

WATER RIGHT LICENSE

WATER RIGHT NO. 65-12145

Priority: July 6, 1978 Amount: .16 CFS 36.0 AF

This is to certify, that GEORGE W. RAMBOW
P.O. BOX 666
EMMETT, ID 83617

has complied with the terms and conditions of the permit issued pursuant to Application for Permit dated July 6, 1978, and has submitted proof to the Department of Water Resources on September 15, 1983, that water has been applied to a beneficial use; an examination by the Department indicates that the works have a diversion capacity of .16 cfs of water from;

WASTE WATER tributary to PAYETTE RIVER

and that a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>VOLUME</u>
Irrigation	03/15 to 11/15	.16 cfs	36.0 af

LOCATION OF POINT OF DIVERSION(S): NESW , Sec. 1, Township 6N, Range 2W
Gem County

PLACE OF USE: Irrigation

<u>TWN</u>	<u>RGE</u>	<u>SEC</u>	<u>ACRES</u>	<u>ACRES</u>	<u>ACRES</u>	<u>ACRES</u>	<u>TOTAL</u>
6N	2W	1	NESW	8			8

Total number of acres irrigated: 8

CONDITIONS/REMARKS:

1. The right to the use of the water hereby confirmed is limited to the amount which can actually be beneficially used and is restricted and appurtenant to the lands or place of use and to the purpose herein described, as provided by the laws of Idaho.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
4. Use of water under this license is subject to control by the watermaster of State Water District No. 65 .
5. This right when combined with all other rights shall provide no more than .02 cfs per acre nor more than 4.5 afa per acre for the lands above.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 11th day of FEBRUARY, 1987.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No. 65-12145, and said application is hereby APPROVED.

1. Approval of said application is subject to the following limitations and conditions:

- a. SUBJECT TO ALL PRIOR WATER RIGHTS.
- b. Proof of construction of works and application of water to beneficial use shall be submitted on or before November 1, 19 83.
- c. The rate of diversion, if water is to be used for irrigation under this permit, when combined with all other water rights for the same land shall not exceed 0.02 cubic feet per second for each acre of land.
- d. Other: Use of water under this permit is subject to control by the watermaster of State Water District No. 65, Payette River.

Witness my hand this 22nd day of November, 19 78.

GEORGE W. RAMBOW
P.O. BOX 666
EMMETT ID 83617

RE: Water Right No. 65-12145

Dear Water Right Holder(s):

Department water right records show that you divert water from the Snake River or its tributaries under a water right that has a priority date later than December 29, 1976. This is the priority of the established minimum stream flow of the Snake River at the Weiser Gage (Weiser) in the amount of 4,750 cubic feet per second.

Because of the continuing drought conditions in the Snake River Basin, department hydrologists project that during 1992, there could be periods when the required minimum flow will not be satisfied due to low flows of the Snake River. The department urges you to not divert at a higher rate than authorized by your water right and to not use your right in any manner different than authorized. In addition, when the minimum flow will not be satisfied or is not being satisfied, you are required to cease diverting water under your water right, because your right is of later priority than the minimum stream flow at Weiser.

If the department determines the minimum flow will not be satisfied, the department will advise you and will provide as much lead time as possible in requiring that you temporarily cease your diversion of water. The greatest likelihood for this to occur is during a period from mid-June to late June.

While the department expects good cooperation from junior water right holders, water users should be aware that Section 42-352, Idaho Code, provides for penalties of up to \$100 per day for unauthorized diversions of water.

The department has contacted both the Idaho Power Company and the U.S. Bureau of Reclamation with respect to the timing of storage releases from upstream reservoirs for flow enhancement purposes. This type of coordination could minimize the impact on

existing water users and reduce the need to curtail diversions.

The department has scheduled public information meetings relative to this potential regulation as follows:

Mountain Home - June 4, 1992 - 10:00 a.m. - gymnasium at
North Elementary School, 290 E. 12th N.

Caldwell - June 4, 1992 - 7:00 p.m. - Ballroom in the
Student Union Building, Albertson College of Idaho,
2112 Cleveland

If you have questions concerning this letter or wish to provide the name of a different contact person or address to receive department correspondence, please contact the department.

Sincerely,

L. GLEN SAXTON
Chief, Water Allocation Bureau

Permit No. 65-12145

Phone No. 365-3930

83617

1. Owner: George W. Rambow

Current Address: P.O. Box 666, Emmett, Idaho

2. Accompanied by: Henry Steele

EXAM. DATE: 7/11/86

Address: 1635 Sunset Drive, Emmett ID 83617 Phone No. 365-3930

Relationship to Permit Holder:

3. Source: Waste Water from Ditch tributary to Payette RIVER

Well/Diversion* No.	Motor Make	HP	Motor Serial No.	Pump Make	Pump Serial No. or Discharge Size
		N/A			

*Code with points of diversion, system diagram & photos on reverse side. Disregard if only one.

5. **System Description** (As operating at time of measurement. Indicate pressure, number of sprinklers, etc.)

The owner uses a waste water return ditch to transport his irrigation district water to the place of use. The ditch is ~~an~~ unlined and empties into the Payette river. The owner is filing on the waste water which flows periodically through the ditch as a supplement to his irrigation district water.

6.	Measurement Equipment	Type	Make	Model No.	Serial No.	Size	Calib. Date
			N/A				

7. Measurements ☐ Additional data/computation sheets attached

Flow within the waste water ditch is highly variable and directly depends on the amount of irrigation occurring along/adjacent to the ditch. Flow estimates: Range 0 - .16 cfs from 3/15 to 11/15.

$$.16 \times 245 \times 1.98 = 77.6$$

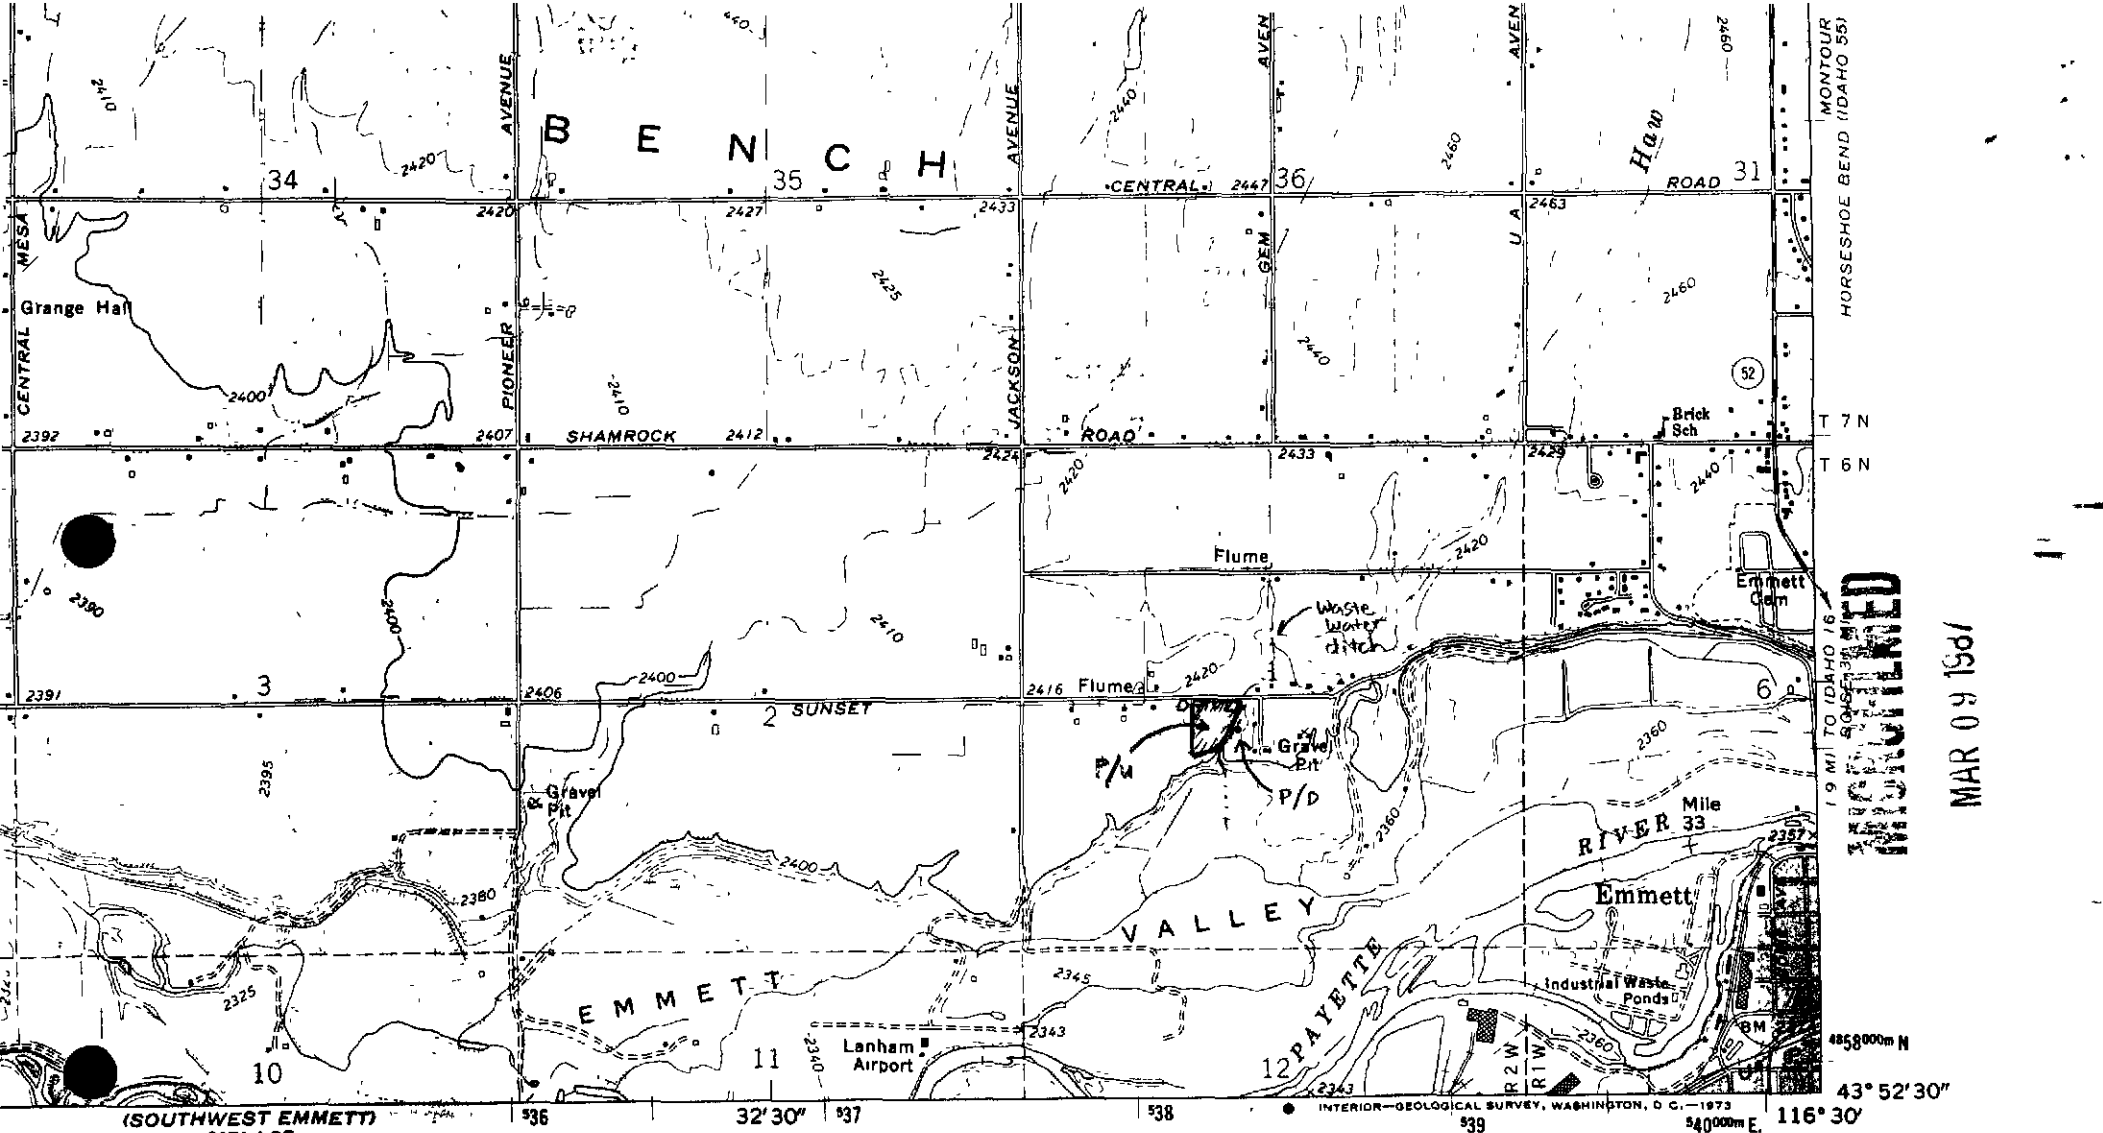

$$4.5 \times 8 = 36 \text{ a.f.g.}$$

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Dear Mr. Rambow:

Re: Permit No. 65-12145

This office acknowledges receipt of the statement of beneficial use postcard submitted for this permit received on September 15, 1983.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will contact you to schedule the exam at a convenient time.

If you have any questions regarding the field examination, please contact our Western Regional office at 334-2190.

Sincerely,

RITA I. FLECK

PROOF DUE NOTICE

AUGUST 31, 1983

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 65-12145 WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE NOVEMBER 01, 1983. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST). ENCLOSED IS A POSTCARD WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER THE BENEFICIAL USE POSTCARD OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

SINCERELY,

RITA FLECK

Re: Permit No. 65-12145

George W. Rambow
P.O. Box 666
Emmett, Idaho 83617

Dear Mr. Rambow:

Your approved copy of your Application for Permit is enclosed and we direct your attention to the conditions of approval on the fourth page.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit. However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

L. GLEN SAXTON
Chief, Operations Bureau

RE: Application For Permit No. 65-12145 in the name of George W. Rambo

Dear Lou:

I am in receipt of your letter dated September 25, 1978 protesting the above-numbered application for water right. As I stated previously in my letter of September 18, 1978 the time for protesting this application was passed effective August 7, 1978.

I assume your letter of September 25th is in response to my September 18th letter to Emmett Irrigation District in which I asked them for comments on this filing. While the time for protesting the application has passed, I feel that since the point of diversion is within the Emmett Irrigation District boundaries it would be appropriate for the Department to consider any operational difficulties that the diversion may cause the irrigation district in the Department's evaluation of the application. If the Emmett Irrigation District would like to comment or object on that basis, I will hold the application until November 6, 1978.

As far as your question "Will the proposed use reduce the quantity of water under existing water rights", it seems difficult to imagine that the diversion would affect Emmett Irrigation District's water rights since the diversion is physically located near the boundary of the district where the wastewater normally leaves the Emmett Irrigation District control. From a physical location of this proposed diversion, it does not seem possible that it could affect the supply of water available at Emmett Irrigation District's diversion points.

Concerning your second question "Is the proposed water supply insufficient for the purposes intended", any wastewater applicant must realize that his water supply is subject to the wastewater being present and that a wastewater right holder cannot force the wateruser to continue to waste water. As you are probably aware, the subject of wastewater is covered in some depth in Volume 5 No. 1 of the Idaho Law Review starting on page 100.

L. Gorrone
October 26, 1978
PAGE TWO

If you have additional questions or would like to discuss this application in more detail, please feel free to contact me. If the Department has not received additional comments by November 6th we will proceed to process the application.

Yours truly,

DAVID B. SHAW
Western Regional Supervisor

Re: Application 65-12145 - Rambow, George W.

Dear Dave:

In behalf of Emmett Irrigation District, protest is made to the above identified application, # 65-12145, George W. Rambow, to irrigate 8 acres from 3/15 to 11/15.

I have been instructed to protest any and all applications for water rights pertaining to the Payette River in the Emmett Irrigation District area, and the protests all involve the same basic issue: Will the proposed use reduce the quantity of water under existing water rights? Is the proposed water supply insufficient for the purposes intended?

Please acknowledge receipt of this protest.

Very truly yours,

L. Gorrono

RE: Application 65-12145 in the name of George W. Rambow

Gentlemen:

Attached is a copy of the above-numbered application. It appears this application is for wastewater that is within the boundary of your district although it is at a point where the water is about to leave your district.

The applicant has applied to irrigate eight (8) acres, five (5) of which are within your district and three (3) outside of your district. This filing would be considered supplemental on the five (5) acres also receiving district water.

If you wish to comment or object to this filing, please do so by October 20, 1978. If no comments or objections are received by this date, the application will be forwarded to the Director with a recommendation for approval.

If you have any questions about this filing, please contact me.

Yours truly,

David B. Shaw
Western Regional Supervisor

RE: Application for Permit No. 65-12145 for George W. Rambo

Dear Louie:

The Department of Water Resources is in receipt of your protest dated August 4, 1978 and received August 9, 1978 against the granting of the above-numbered application for permit. Section 42-203, Idaho Code specifies the procedure by which the application or a new permit is to be advertised and the period after such advertisement during which protests can be accepted by the Department of Water Resources.

The above-referenced application for permit was advertised in accordance with Section 42-203, Idaho Code in the Emmett Messenger Index on July 20, 1978 and July 27, 1978. The final date for accepting protests against the granting of this application was August 7, 1978.

Since your protest was not received by August 7, 1978, it cannot be accepted by the Department of Water Resources. Processing of the above-referenced application will continue in the usual fashion.

Yours truly,

David B. Shaw
Western Regional Supervisor

C. STEPHEN ALLRED

Director

(208) 384-2190

This office acknowledges receipt of your protest to the issuance of a permit pursuant to the above referenced application. The Department suggests you contact the applicant(s) directly in an effort to determine what is proposed by the application and to attempt to resolve the protest.

If this office has not been advised within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?

If this office can be of further assistance, please contact us.

Yours truly,

DAVID B. SHAW

Western Regional Supervisor

DBS:rf

To: 65-12/45

From: Don Shaff

The diversion for this project would be just inside the Emmett Irrigation District boundary. The applicant currently has E.I.D. shares to irrigate five of the eight acres on this application. The three-acre piece is outside E.I.D. This water is apparently run-off from E.I.D. irrigation that collects in this gulch. The aerial photo (CYM-1BB-125) indicates this water goes into the Buetler-Bane Ditch which has its source from the Payette River. They did not file an adjudication claim for this waste water. Buetler-Bane nor Oather Lankford, its principal user, filed a protest against this application. Neither party is a member of Lake Reservoir Co., the protestant.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due after allowing all just credits and that no part of the same has been paid."

(Signature of Claimant)

Please send the affidavit of publication and publication billing to this office before August 7, 1978.

Sincerely,

RITA FLECK
Secretary
