RE: WATER RIGHT NO. 65-12116

Dear Water Right Holder(s):

The above referenced water right is in the process of being licensed. However, before a license can be issued, your permit must be amended to correspond with the findings of the Department's field examiner.

The enclosed Application for Amendment contains information that will be included on the license when it is issued. The amendment reflects a change in the location of the place(s) of use description. Please review carefully and if you concur, sign the amendment and return with the \$20.00 filing fee within 14 days.

The last page of the Application for Amendment form contains a list of CONDITIONS/REMARKS proposed for the license when it is issued. These conditions/remarks may be modified upon further administrative review.

If you do not concur or have any questions with this information, please contact me as soon as possible. My telephone number is (208) 327-7947.

E. NARRATIVE/REMARKS/COMMENTS

A 5 hp pump with 3" main provides irrigated water to a pasture & yard. Approx dimensions of irrigated area are 350' x 175'. * MAXIMUM use is 9 RB sprinklers at a time. Also, a small line with 6-7 yard type RB sprinklers can be used as well as a garden hose.

A 9pm flowmeter (sealed column-type perpendicular to mainline) is found but not working. Owner said it works off & on, easily plugs with sand. Can be made operational if Watermaster requires it so am concluding that condition of approval is met. Valve closest to flowmeter can be locked if needed for Watermaster control.

MEMO TO FILE:

From: Carolyn Andregg

During the spring and summer of 1992, drought conditions caused record low flows in the Snake River. Twice, the flow of the Snake River fell below 4,750 cfs, the minimum stream flow at the Weiser gauge. Notices were mailed to the water user listed under this right because the priority is later than July 1, 1976, in order to protect the Snake River minimum stream flow. The following is a chronological history of the mailings.

May 19, 1992: Letter sent to water right holder informing holder of possible temporary cessation of diversion rights and notice of public meetings.

June 8, 1992: Letter sent informing water right holder directing immediate cessation of diversion of water until further notice.

June 12, 1992: Letter sent to water right holder authorizing resumption of diversion of water.

June 26, 1992: Letter sent to water right holder directing immediate cessation of diversion of water until further notice.

June 29, 1992: Letter sent to water right holder authorizing resumption of diversion of water.

Dear Mr. Lester,

RE: Permit no. 65-12116

This letter is in response to our telephone conversation today. Enclosed please find copies of our warranty deed, application for owner-occupied residential improvement exemption and the assignment of Permit form.

We have been unable to trace the original owners listed on the current water permit. Mr. Gilbert is deceased and Mrs. Gilbert and Wesley have moved out-of-state according to previous owner and several neighbors and family members.

My husband and I would like to convert the permit to a license, therefore we would like to schedule a field examination be performed this summer.

We are aware that all fees were paid in 1988 for the permit conversion and for unknown reasons, never completed. Please feel free to contact either Tom or I to schedule the exam or if additional

information is needed. We can be reached at the following phone numbers Monday-Friday from 8:00 AM to 4:30 PM:

Tom - Boise Air Service	383-3300
Terry - St. Luke's RMC	386-3079

Thank you for all your help in this matter,
It is greatly appreciated.

Sincerely,

Terry Riemenapp

PROOF DUE NOTICE

RE: Permit No. 65-12116

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before July 1, 1988. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a completed field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this Department on or before the above described proof due date, or the permit will no longer be of any force nor effect.

Sincerely,

RITA FLECK
Secretary/Records Manager

PROOF DUE NOTICE

APRIL 30, 1983

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 65-12116 WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE JULY 01, 1983. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST). ENCLOSED IS A POSTCARD WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER THE BENEFICIAL USE POSTCARD OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

Dear Mr. and Mrs. Gilbert:

Enclosed is a copy of your approved Application for Permit. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Please be advised that there is insufficient natural flow available in the River and tributaries to provide water for a new appropriation throughout the entire irrigation season.

During the spring run-off each year, there may be a period of time in which the prior rights to the use of the natural flow and storage are filled leaving water available for your later-in-time permit. As the natural flow diminishes, however, there would be no water available for your right and unless you had arranged for an additional source of water to supplement the flow right, you may find that you have to cease irrigating in the middle of the season.

This information is provided so that you will not be mislead into thinking that this permit will provide sufficient water thru the entire irrigation season. If you have any questions regarding this matter, please feel free to contact this office.

Sincerely,

Glen Saxton

Dear Mr. and Mrs. Gilbert:

Your approved copy of Application for Permit No. 65-12116 is enclosed and we direct your attention to the conditions of approval on the fourth page.

Please note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. Enclosed is a letter describing the different types of measuring devices accepted by this Department.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

MICROFILMED

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.

Sincerely,

L. GLEN SAXTON
