(Scriver Woods)

John,

If you could get this drilling permit started I would appreciate it. I do not know if they submitted an application or if John C. started one on the computer.....check and see, if not look in WR/transfer file for an application of drilling permit and a \$200 fee....It is probably a Public Water Supply well and requires DEQ approval and an engineering design for us to review as well so that we can build permit conditions. Don't know where this is. Need to check of geology and contamination issues.

I will sign when your done....let me know if I can help on the drilling permit conditions....Carlson usually does these.

Thanks,

Mark

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

FROM: DANIEL A. NELSON
DATE: 1/25/02

**RE: SCRIVER WOODS HOMEOWNERS ASSOCIATION INC. TRANSFER,
RIGHTS 65-12103 & 65-12347**

The transfer proposes to add a point of diversion from groundwater in T10N R4E S27 NENW in Lot 29, Pine Tree Ranch Subdivision Number 3. The place of use will not be changed and is known as Pine Tree Ranch Subdivision numbers 3, 4, 5, 6, and 910.

DOCUMENTS AND APPLICATION PREPARATION

The application consists of 8 pages and 3 attachments. Note the location of the following application items:

Attach. A – Deed and Grant of Easements showing ownership of water rights to Scriver Woods Homeowners Association (A1-A2).

Attach. B – List of association's officers.

Attach. C – Plat map of subdivision and lots served.

Applicant prepared the application with assistance from.

Other information used in this review includes GIS map based off of Boise County Tax lots, Gis Map with lots plotted on USGS Quadrangle map, GIS map showing delivery system, Place of Use Comparison Sheets, Point of Diversion comparison Sheet, and 2-SRBA Subcase Summary Reports showing both rights have been decreed attached to this memo.

NARRATIVE

This application is to add a new point of diversion to the system to supply water to the subdivision. The 2 wells in the NWSW S27 have tested high in fluorides and the Department of Environmental Quality have informed the subdivision that they can only use these wells for fire protection and emergency uses unless they treat the water. Therefore, the applicant is asking for a fifth well to replace the 2 wells they can no longer use for in house use. The new well will be located in Lot 29, Pine Tree Ranch Subdivision Number 3, or in T10N R4E S27 NENW.

The applicant has not asked to expand the place of use and is currently supplying water to 98 lots within the 109-lot subdivision. Both of these rights were decreed on 11/03/2000 and have been used within the last 5 years, so forfeiture should not be an issue.

Scriber Memo

There are overlapping water rights under the name of Pine Tree Ranch Subdivision. These rights are the irrigation rights for the subdivision and should not affect this transfer or the use of the wells, since they are from surface water sources. There are also a few private water rights for individuals that have opted out of the homeowners association and drilled their own wells. None of these rights should interfere with the approval of this transfer.

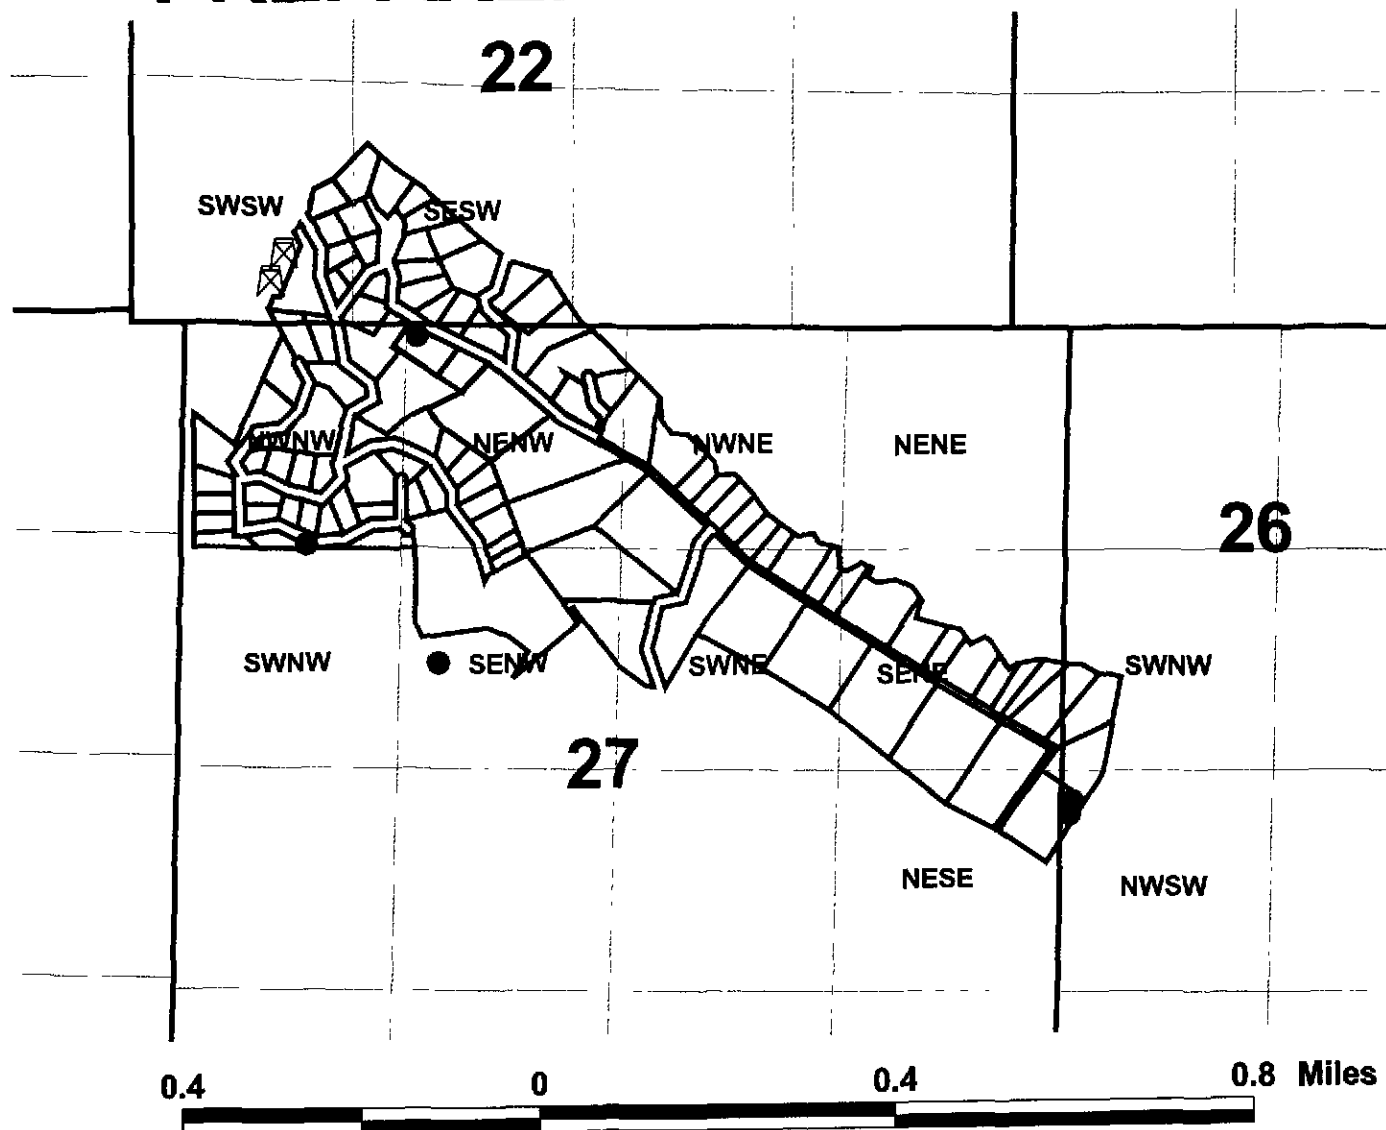

RECOMENDATIONS

This transfer should be approved as listed on the application with the same conditions previously listed on the water rights.

Dear Mr. Spackman:

Thank you for the opportunity to respond to your letter dated February 5, 2002. We have the following general comments at this time:
