THIS IS TO CERTIFY, that SCENIC VALLEY SUBDIVISION
of Lowman, Idaho, has complied with the terms and conditions of Permit
No. 65-12090 issued pursuant to Application for Permit dated February 2, 1978,
and has submitted proof to the Department of Water Resources on October 29, 1980,
that he has applied water to a beneficial use, an examination by the Department indicates that the works have a
capacity for the diversion of .22 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Dear Sirs,

A representative of this Department made an examination of the works covered by your Permit No. 65-12090 on October 9, 1980, and has found the following:

Amount of water that can be recognized as beneficially
used under Idaho law: .22 cfs Source: groundwater

The maximum quantity diverted shall not exceed 50.4 acre
feet for 42 units per year.

Point of diversion: NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 17, Twp. 9N, Rge. 9E, B.M.

Beneficial use: 42 domestic units within the NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$,
Sec. 17, Twp. 9N, Rge. 9E.

Priority date established: February 2, 1978

At the time your permit was approved you proposed 40 domestic units with a point of diversion and place of use within Lot 4, Sec. 17, Twp. 9N, Rge. 9E. In order for our Department to issue a license, an amendment must be filed, to change the point of diversion and place of use without a change in priority date. To change the expansion in the domestic units one of two steps must be taken. Idaho water law prohibits expansions in domestic units without filing an amendment and a change in priority date.

- #1 You can file an Amendment changing the point of diversion, place of use, and 42 units. The February 2, 1978 priority date would change to the date the Amendment is received in our office (April 1981).
- #2 You can file an Amendment changing the point of diversion and place of use. Thus the license would be limited to 40 units and there would be no change in the priority date. At the same time you could file an Application for Permit covering the 2 other units.

I would suggest that the second step would be more beneficial to you, because the law reads that first in rights are first in water.

Gentlemen:

Your approved copy of Application for Permit No. 65-12090 is enclosed and we direct your attention to the conditions of approval on the fourth page.

Please note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. Enclosed is a letter describing the different types of measuring devices accepted by this Department.

The exercise of this permit may also be affected by the court's determination of water rights in the case of Idaho Power Company v. State of Idaho, et al., Civil No. 62237, currently pending before the District Court of Ada County.

Idaho Power officials tell us that because of Case No. U-1006-124 filed before the Idaho Public Utilities Commission, Idaho Power Company is asking the District Court of Ada County to determine whether the Power Company's water rights on the Snake River are protected against subsequent upstream appropriations in the waters of the Snake River and surface and subterranean tributaries between Milner Dam and Hells Canyon.

Since the use of water under your permit may affect the flows in this reach of the Snake River, the final decision in Idaho Power Company v. State of Idaho, et al. (Ada County Civil No. 62237) may determine to what extent the exercise of your permit may be subject to the water rights of Idaho Power.

While the Ada County court is examining this question, Idaho Power Company has not filed a specific protest to your permit.

However, the Department of Water Resources has been advised that the Power Company is not waiving any of its rights to contest or limit the exercise of your permit or a subsequent license or water right.

If you have any questions, please let us know.
