Dear Mr. Simonsen:

Our March 18, 1983, letter was to ensure all churches in Idaho were made aware of the Idaho Water Rights Claims Program designed to notify all waterusers of the filing requirement.

Our records show that the church has recorded water rights, No. 65-6260 in the "Proposed Finding of Water Rights in the Payette River Drainage Basin," and permit No. 65-12068. No further action is required in the way of filing a water right for the First Baptist Church in Payette and New Plymouth as long as the church is using the water in compliance with its rights.

If the church is located in other cities in Idaho, you may wish to verify that a filing has been made for each location. Please note the exceptions in our leaflet previously sent entitled "Keep Your Water." Enclosed is the letter of March 18, 1983, and information on 65-6260 you sent.

If you have any questions or need further assistance, please feel free to contact us.

Our church received your letter (copy enclosed) concerning recording of water rights. In our file we had a "Proposed Finding of Water Rights", and it was our understanding that all was in order, so we did not respond to your letter of March 18, 1983.

However, after reviewing it again, we are wondering if that is the case. I'm enclosing a copy of the document.
