Gentlemen:

One of the conditions of approval of your water Permit No. 65-12041 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before February 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Re: Permit No. 65-12041

ATTENTION: Bobby D. Fleenor

Dear Sir:

Thank you for your letter of February 2, 1978 and for your information requiring making proof of beneficial use. Page 4 of the information which you returned, you informed the applicant that it had until February 1, 1979 to make proof of construction of works and application of water to beneficial use. At this time I request that you send me the necessary forms so that I might make the required proof in that the works have been constructed and the water has been put to beneficial use since 1963 and we will be able to make proof immediately.

Yours very truly,

WELCH & OSBORN
