Please find enclosed a partially completed claim to a water right based upon an application for permit which you recently submitted to this office.

Since there is an adjudication in progress on the Pavette River drainage, it is necessary to file this claim with the court to have your right eventually decreed. If you fail to claim a valid water right, it will be considered to have been abandoned or forfeited.

Would you please review the claim, make any necessary additions or corrections, sign it before a notary public and return it to this office at your earliest convenience. There is no additional charge for this filing.

Dear Mr. Elmore:

We are returning your application for permit and check #195 (92-122/1241) in the amount of \$10.00 for additional information.

Before we can process your application, we need to know the 40 acre subdivision lot 4 is located in. Since we have no record of any Government Lot 14, we assume it must be a subdivision. If so, we would like a copy of the plat unless you know the 40 acre subdivision. Also mark the location on a map on page 3 of the application.

With this information, please return the application and check to us for processing.

Sincerely,

ROBERT W. HAMILTON
Supervisor of Water Distribution
