**NOTICE OF APPLICATION
FOR WATER PERMIT**

Notice is hereby given that Eight
Mile Subdivision Water Association,
125 Skylark Drive, Boise, Idaho
has on October 3, 1977 submitted
Application No. 65-12008 for a permit
to appropriate 0.44 cubic feet per
second of water from a groundwater
source by means of well and pump
within the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 17 T9N-
R9E B.M., Boise County to be used
from January 1 to December 31
for domestic purposes within the
NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 17
T9N-R9E B.M.

If issued, this permit will be subject
to all prior water rights. Protests
against the granting of the permit
must be filed with the Director of
the Idaho Department of Water
Resources, 92 South Cole Road,
Boise, Idaho 83705 on or before
October 31, 1977.

WATER RIGHT LICENSE

WATER RIGHT NO. 65-12008

Priority: October 3, 1978

Maximum Diversion Rate:

0.04 CFS

Maximum Diversion Volume:

1.2 AF

This is to certify, that EIGHT MILE SUBDIVISION WATER ASSN

C/O RON LOUX

HC 76 BOX 3121

LOWMAN ID 83637

has complied with the terms and conditions of the permit, issued pursuant to Application for Permit dated October 3, 1977; and has submitted Proof of Beneficial Use on November 20, 1982. An examination indicates that the works have a diversion capacity of .040 cfs of water from a **GROUNDWATER** source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>
DOMESTIC	01/01 to 12/31	0.04 CFS	1.2 AF

LOCATION OF POINT(S) OF DIVERSION:

SWNE , Sec. 17, Township 09N, Range 09E
NWSE , Sec. 17, Township 09N, Range 09E
BOISE County

PLACE OF USE: DOMESTIC
TWN RGE SEC

09N 09E 17 SWNE NWSE

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to more accurately describe the beneficial use or to implement accepted standards of diversion and use efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.
5. Domestic use is for 1 home.
6. Single point of diversion located on or near line between SWNE, and NWSE, S17, T09N, R09E.
7. Place of use is also known as Lots 57 and 58, Block 2, Branson's Eight Mile Subdivision, and H.E.S. 337.

WATER RIGHT NO. 65-12008

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this 25TH
day of AUGUST, 1992.

Acting for 
R. Keith Higginson, Director

SEP 11 1992

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT)
NO. 65-12008 IN THE NAME OF)
EIGHT MILE SUBD. WATER ASSN.)

ORDER OF REINSTATEMENT

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 65-12008 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 65-12008 to appropriate the public waters of the State of Idaho with a proposed priority of OCTOBER 03, 1977.
2. On JUNE 05, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on AUGUST 04, 1986.
3. The license examination fee was not paid within one year of the date, and the permit lapsed for failure to pay the license examination fee.

RECEIVED

SEP 11 1992

4. The license examination fee was received on
AUGUST 04, 1987, 365 day(s) late.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 65-12008 should be advanced 365 day(s).

ORDER

IT IS HEREBY ORDERED that Permit to Appropriate Water No. 65-12008 is reinstated.

IT IS FURTHER ORDERED that the date of priority of Permit No. 65-12008 is advanced to OCTOBER 03, 1978.

Dated this 29th day of July, 1992.

J. Newington
Chief, Water Allocation Bureau

SEP 11 1992

BEFORE THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF REMOVAL OF THE MEASURING }
DEVICE REQUIREMENT FOR PERMIT NO. 65-12008 }

ORDER

WHEREAS, it has been determined by the Department of Water Resources that a measuring device is not required at this time for a determination of the quantity of water appropriated under said permit;

IT IS, THEREFORE, HEREBY ORDERED that the condition of approval that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works, be and is, REMOVED from said permit.

Dated this 28th day of August, 1978.

ACTION OF THE DIRECTOR, DEPARTMENT OF WATER RESOURCES

This is to certify that I have examined Application for Permit to appropriate the public waters of the State of Idaho No 65-12008, and said application is hereby APPROVED.

1 Approval of said application is subject to the following limitations and conditions

a SUBJECT TO ALL PRIOR WATER RIGHTS.

b Proof of construction of works and application of water to beneficial use shall be submitted on or before December 1, 1982.

c Other. For licensing purposes a scientific measurement of the diversion rate of the system as it is normally operated shall be provided by either properly installing an approved type of measuring device or by having a professional engineer certify the rate of diversion to the Department prior to submitting proof of beneficial use of water.

2 Denial of said application is for the following reasons _____

Witness my hand this 27 day of December 1977.

MEMORANDUM

TO: FILE

FROM: STEVE LESTER

DATE: JANUARY 2, 1992

SUBJECT: PERMIT 65-12008 FIELD EXAM

The exam was conducted on 9/22/89. The well owner, Ron Loux, stated that buried lines from the well to at least nine other cabins and perhaps up to 22 lots indicated on the permit were disconnected from the well in the recent past. He stated that his home was the only one receiving water from the well. Mr. Loux is or was a member of the Eight Mile Subdivision Water Association.

My 2/14/91 letter to the subdivision secretary (Clarine Villeneuve) and to Mr. Loux requested additional information by 4/1/91 to document the existence of plumbed lines to cabins and/or lots. Pertinent information should show that the lines were hooked to the well at the time of the exam. A subdivision plat was also requested. The letter stated that license recommendations would only cover Mr. Loux's home unless the supporting documentation was provided.

Mr. Gene Villeneuve responded for the secretary by visiting the office on 3/27/91. He provided a copy of the minutes of the 5/27/79 association meeting. This was not sufficient information to document stubbed water lines in place during the exam. I asked him to provide reasonably convincing information within 30 days. Upon receiving such information, I would re-visit the site and then make license recommendations.

No further response was made. I believe that reasonable opportunity has been provided for the association to make its case. Based on the above, the recommendation for one home was made today.

REPROFILMED

SEP 11 1992

CONVERSATION MEMORANDUM

DATE 3/27/91FILE 65-12008NAME OF PARTY Gene Villeneuve for Claire V., sec'y of Assoc.
EMPLOYEE Steve LesterRE: RESPONSE TO my 2/14/91 LETTER

Discussed the situation for the well & lots.
He stated that stubbed & used lines are in place &
functional. For example, his cabin (green A frame)
has water from the well & has no other
source of water.

Requested info from him:

- 1) Stubbed plot i.d. lots with stubbed or used
lines capable of delivering H₂O from well
- 2) some record of the work done to install
lines (a bill or receipt etc.) if can
obtain.
- 3) on-site verifications will follow #1 & 2.

For example, find ≥ 1 lot where can turn
H₂O on & no other source but the
well & question is found.

Written into info ≈ 30 DAYS - to be
provided by Claire if/when Gene Villeneuve
will then schedule trip to **MIDWEST MED**
as conditions allow.

SEP 11 1992

SUNDAY, MAY 27, 1979
Lowman, Idaho

Received
Per office visit in response
to my 2/14/91 letter
gl
3/27/91

The first annual meeting of the Eight Mile Subdivision Water Association was held on Sunday, May 27, 1979 at the Water Pump Location on Lot # 58.

The purpose of the meeting was to finalize the hook-up of the newly installed water pump.

Those present: Harvey Loux, Ron Loux, Jim Canning, Gene and Clarine Villeneuve and Pat and Carolyn Reilly. (These were the only ones from the Eight Mile Subdivision who were at Lowman over this weekend)

The hook-up charge was discussed. It was felt that since some of the property owners had already put in \$200.00 to cover expenses for capital improvements on the pump, shed, etc., that every person is to pay up to the \$200.00 level and then any bills for materials or labor are to be paid direct to the individual from the Association Account.

It was agreed by all present that a one hook-up charge would be \$200.00. It was further decided and approved by all present that a \$12.00 a year fee be assessed each property owner after the initial \$200.00 fee is paid so that a fund could be built up to pay for power and other items that would come up on maintaining the pump.

The \$12.00 fee would be due each year at the annual meeting (Memorial Day Weekend). The \$12.00 yearly assessment to be billed property owners by the Treasurer shortly after Memorial Day.

It was felt that an Annual Meeting of the Eight Mile Subdivision Water Association should be held every Memorial Day Weekend to establish new rates if necessary, elect officers and to just review items of concern to property owners. The time and location of said meeting would be established on the Weekend after visiting with property owners who are present.

If a cabin or lot is sold, and the present owner has paid the initial

RECEIVED

SEP 11 1992

one hook up charge of \$200.00, then the new property owner does not have to again pay the \$200.00 hook up fee. The new property owner would have to pay the annual \$12.00 fee.

Mr. Harvey Loux brought up that additional taxes would probably be assessed to Lot #58 and Owner Ron Loux since the storage shed for the pump was put up.

He suggested that in lieu of the taxes on the storage shed being paid by the Water Association, that Lot 58 Owner Ron Loux be allowed to use the storage shed for personal storage purposes, and that whatever the amount of taxes he be assessed for the additional shed that he pay these himself rather than the Water Association paying them. This was agreed.

A central location was selected by those present for the key to the pump shed, and would be told to everyone who pays the \$200.00 hook up charge.

Present officers for the Eight Mile Water Association are as follows:

RON LOUX, President	Lowman, Idaho
CLARINE VILLENEUVE, Secretary	125 Skylark Dr., Boise, Idaho 83702
PAT REILLY, Treasurer	814 Braemere, Boise, Idaho 83702

RE: Permit No. 65-12008

Dear Interested Parties:

The above permit for a well for domestic use for up to 22 homes was the subject of a licensing field examination on 9/22/89. I regret that I could not write to you sooner but other pressing demands filled my working days.

During the examination, Mr. Loux informed me that he owns the well and that his home is the only home actually receiving water from the well. Sometimes other homeowners fill water jugs from a spigot at his home according to Mr. Loux. He also stated that water lines to an unidentified number of units are in place but are disconnected (as of 9/22/89). He was not aware of another community well for the water association.

During a telephone call from Mrs. Villeneuve on 9/20/89, I was informed that 22 units or lots have stubbed lines originating from the well in question. She asserted that the well is a community well and that the association retained an easement to the well.

The issue before me does not relate to easements or other private arrangements between the parties. Instead, I need to know if stubbed lines were connected to the well as of 9/22/89. If so, the number of lots with stubbed and connected lines must be identified. If possible, a subdivision plat with these lots marked on it should be provided. In order to include any lots beyond Mr. Loux's on the license, convincing evidence of such connections must be provided to me at this office by 4/1/91. Without such information a recommendation for domestic use at one home will be made.

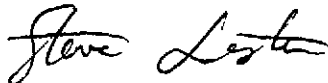

Response by 0/1 *4/1/91* *RECEIVED* *recomm*
SEP 11 1992

Permit 65-12008, Page 2

If such evidence is provided and a license is issued for a number of homes and the well, please note that the water right does not provide access to private property. Access is a separate and civil matter between citizens and is not the business of this agency.

Please let me know if additional help is needed.

Sincerely,

Steve Lester
Sr. Water Resource Agent

SUBJECT Lapse Notice

Mr. Ron Loux called on this date concerning the examination fee notice sent in for this permit. He stated that the secretary should have forwarded the correspondence and exam fee sheet to him, however, she filled it out and returned it to our office with some errors. The total amount of water to be claimed under the fee information sheet should have been 0.04, not 0.40. There is only one domestic unit up there and consequently there is no fee for 0.04 cfs. This being the case, the examination fee information sheet is acceptable and I told Mr. Loux that at the time of licensing this permit, the priority date will be advanced the number of days the sheet was late - from due date of 8/4/86 to 8/4/87, the date the sheet was received.

Also, the address for this permit should be as follows:

c/o Ron Loux
HC 76, Box 3121
Lowman, ID 83637

Re: Permit to Appropriate Water No. 65-12008

Dear Ms. Vielenueve:

The 1986 Legislature enacted a law requiring all owners of permits for which a field examination had not been conducted to pay an examination fee prior to the examination. Permit No. 65-12008 was identified by the Department as a permit for which payment of an examination fee was necessary.

Notice of the examination fee requirement was mailed to you on June 5, 1986. Approximately three months later, a reminder notice was mailed to you. In June, 1987, you received a lapse notice from the Department which stated that if the examination fee was not paid, the permit would lapse.

Prior to the actual lapsing of the permit, you mailed an examination fee information sheet to the Department showing domestic use for five to six domestic units. No fee was enclosed with the examination fee information sheet.

There are three specific exemptions from the examination fee requirement. They are: (1) stockwater, (2) single family domestic use, and (3) any use of water with a diversion rate less than .04 cfs or an annual volume of 4 acre feet.

From the examination fee information sheet, it appears that the diversion under Permit No. 65-12008 does not qualify for any of these exemptions, unless the diversion rate is less than .04 cfs. If you wish to have a license issued for that amount, you must inform the Department that you want your permit limited to .04 cfs. If you desire additional water, you should pay the appropriate fee for the desired amount as listed in the schedule I have attached.

MICROFILMED

SEP 11 1992

If I have not received information regarding this permit within thirty (30) days of the date of this letter, the Department will act administratively to remove the permit from its files.

Sincerely,

A handwritten signature in cursive script that reads "Gary Spackman".

Dear Permit Holder:

LAPSE NOTICE
License Examination Fee

You are hereby notified that under the provisions of Section 42-217 and 42-218a, Idaho Code, the above referenced permit will lapse and be of no further force nor effect on August 5, 1987, for failure of the permit holder to submit either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Provisions of § 42-217, Idaho Code, and the Beneficial Use Examination Rules and Regulations provide that failure of the permit holder to submit either the fee or an acceptable field examination report within one (1) year and sixty (60) days after notification by the director that the submittal is due is cause for the director to reject the proof of beneficial use and lapse the permit. The Department notified you of the required submittal on June 5, 1986.

The lapsed permit can be reinstated upon a showing of reasonable cause for late submittal of proof of beneficial use, if you submit to the Department on or before October 5, 1987, either the license examination fee or an acceptable field examination report prepared by or under the supervision of a certified water right examiner.

Enclosed is a fee information sheet that must be completed and submitted to the Department to keep the permit in good standing. If you have questions, please contact any office of the Department.

Sincerely,

L. GLEN SAXTON, Chief
Operations Bureau

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

Sincerely,

David R. Tuthill, Jr. P.E.
Manager, Western Regional Office

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee to the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

SEP 11 1992

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

SEPTEMBER 30, 1982

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 65-12008 WAS THAT EVIDENCE OF THE EXTENT OF DEVELOPMENT MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE DECEMBER 01, 1982. (SEE LAST PAGE OF YOUR APPROVED PERMIT). ENCLOSED IS A POST CARD WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF OF BENEFICIAL USE.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU HAVE NOT PREVIOUSLY RECEIVED AN EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME PROVIDED THE DELAY IS FOR REASONABLE CAUSE AS INDICATED IN SECTION 42-204, IDAHO CODE, AMENDED. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED.

EITHER THE BENEFICIAL USE POST CARD OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE MENTIONED DATE, OTHERWISE, THE PERMIT WILL LAPSE AND BE OF NO FURTHER FORCE OR EFFECT WITHIN 60 DAYS.

SINCERELY,

RITA FLECK
SR. SECRETARY

Dear Water user:

The enclosed Order removes the measuring device requirement as a condition of approval from your permit.

If you have already installed the measuring device, the field examination can be more quickly conducted by the Department's field examiner. You will also derive benefit from water management information which may be obtained from the installed meter.

If you have questions regarding this matter, please contact this office or one of our regional offices.

Sincerely,

DAVID R. TUTHILL JR., P. E.
Supervisor, Water Allocations Section

Re: Permit No. 65-12008

Eight Mile Subdivision Water Assn.
125 Skylark Drive
Boise, ID 83702

Dear Gentlemen:

Enclosed is a copy of your approved Application for Permit No. 65-12008. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Sincerely,

BOBBY D. FLEENOR
Chief, Water Rights

Frank Keller
Department of Health & Welfare
801 Reserve Street
Boise, ID

Dear Mr. Keller:

Enclosed are copies of the above referenced applications for permit which may be of interest to your agency. Please review the applications and submit any comments you may have.

This office normally completes the processing of an application within a six-week period and is required to take final action shortly thereafter.

If you have any questions regarding the applications, please contact this office.

Sincerely,

L. GLEN SAXTON, P.E.
Western Regional Supervisor

Gentlemen:

Enclosed you will find a legal notice which we wish to have published on the dates indicated (once a week for two consecutive weekly issues) in your newspaper. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due after allowing all just credits and that no part of the same has been paid."

(Signature of Claimant)

Please send the affidavit of publication and publication billing to this office before October 31, 1977.

Sincerely,

RITA FLECK
Secretary
