Dear Mr. Carey:

In an attempt to finalize the above referenced water right, we have been informed that you are now the owner of the land to which this water right is appurtenant.

In Idaho, a licensed water right is real property and is appurtenant to the land for which the right was issued. Therefore, since you now own this land, you are now the owner of the water right. We are enclosing a copy of License 65-12007 for your records.

If you have any questions regarding this matter, please feel free to contact our office.
